

I Love the Earth

(A Tune: Eensy Weensy Spider)

I love the Earth

And everything that lives.

I love the plants

And the beauty each one gives.

I love the animals

And the fishes at sea.

For I am a part of Mother Earth

And it's a part of me.

Love, from the Ends of the Earth Enoch Dillon, 1990-01-01 Love Poems To A Poet: 111 Poems Of Eternal Love, Passion and Desire Leila Ziari ,2020-02-14 Leila Ziari s first collection of poetry invites readers into a world of transformative love Dedicated to and inspired by Bob Dylan these one hundred and eleven poems reveal the bliss pain expansion longing and ecstasy of eternal love Earthly and ethereal timely and timeless Just as Ziari chronicles her own metamorphosis she invites the reader to be inspired uplifted healed and renewed Through her bold confession of passionate devotion Ziari dissects the very essence of love and the whirlwind of emotions therein It is her vulnerability that allow for such immersion reminding readers that those we love are part of our spirits and have been embedded in our souls since the beginning of time While she hints at deep scars this poet never wallows Her transcendent poetry reaches beyond Ziari shows us what we know but so often forget the evolutionary and revolutionary power of love From the Ends of the Earth Abraham J. The Form of Love James Kuzner,2021-08-03 Can poetry articulate something about love that philosophy cannot The Form of Love argues that it can In close readings of seven metaphysical poems the book shows how poets of the early modern period and beyond use poetic form to turn philosophy to other ends in order not to represent the truth about love but to create a virtual experience of love in all its guises The Form of Love shows how verse creates love that can t exist without poetry s specific affordances and how poems can in their impossibility prompt love s radical re imagining Like the philosophies on which they draw metaphysical poems imagine love as an intense form of non sovereignty of giving up control They even imagine love as a liberating bondage to a friend a beloved a saint a God or a garden Yet these poems create strange striking versions of such love made in rather than through the devices structures and forces where love appears Tracing how poems think Kuzner argues requires an intimate form of reading close even too close attention to and thinking with the text Showing how poetry thinks of love otherwise than other fields the book reveals how poetry and philosophy can nevertheless enter into a relation that is itself like love **Wayside echoes, essays and poems** George S.
