Laurel, 2011-05-18 LISA ACOR LAUREL knows firsthand the necessity of letting go of relationships that aren't working, letting go and moving on to mystery, adventure and fulfillment. In this memoir, she narrates her escape from an abusive relationship and how she found healing and self-discovery through her faith and trust in God. *Love in the Gardens of Macantar* delivers a series of personal journal entries chronicling Laurel's journey from codependency, addiction, self-pity and blame to a life of happiness, contentment and taking responsibility for her actions. It captures her progress through one year of healing and it sheds light on Laurel's inner self, the great significance of her journey and how she found her true passion in gardening. Inspiring and uplifting, Laurel's testimony offers hope for a prosperous, productive and fulfilling life after leaving an abusive relationship. Realizing that happiness is not a luxury, it is a responsibility. *Love in the Gardens of Macantar* shows there is a new beginning after the end.

Slate Creek, Love Garden Bruce Wayne Niles, 2022-11-03 This book was designed and written with three types of people in mind. First, the individual that likes a morally based, humorous relationship and light, easy reading. Second, the person that likes puzzles, twists and turns, plays on words and is trying to anticipate where the author is going next. The book is designed in little sections with the hint of what may be coming in that section, even though sometimes they are very bad hints. See if you can figure out how the hints fit in. And third, people may use it to spark small group discussions dealing with topics like: Does our past make us what we are today? Morals, personal relationships, faith, seeing God's guidance, communicating with people, can we be happy in this life? Do we need to stand on someone's shoulders to stand out in a crowd? God bless and enjoy.

Roaming through Seductive Gardens G.L. Koster, 2021-11-01 In the field of Nusantara literary studies, systematic interpretations of individual literary works are still a relatively rare phenomenon. This book shows how such interpretations can be fruitfully produced for traditional Malay literature. Taking his cue from ideas in modern literary theory, anthropology and the study of western medieval literature, the author describes the major conventions of traditional Malay narrative and develops a comprehensive model of traditional Malay poetics comprising both oral and written traditions. By applying this model to a series of readings of individual works including heroic epics and Panji romances, the texts come to life.

Interpreting the Bible and the Qur'an through Love Tareq Hesham Moqbel, 2025-10-16 This book investigates the role of love as an exegetical resource for interpreting the Bible and the Qur'an. Through surveying the ways in which love was used to make sense of the Jewish, Christian and Muslim Scriptures, this book advocates and argues for a hermeneutical approach that reads the Bible and the Qur'an through the lens of love. Engaging various exegetical authorities from the Jewish, Christian and Muslim traditions, Tareq Hesham Moqbel identifies numerous cases of love-informed exegesis covering diverse themes and exegetical techniques. The exegetical dialogue presented in this book shows that the idea of love takes on greater meaning.

when studied from the standpoint of comparative exegesis Moreover by analysing this topic through a comparative lens the book argues for a novel conceptualisation of love as an exegetical tool and a reading ethic that connects the Abrahamic scriptural traditions and can be applied beyond them *The Celestial Garden* Jane Hawley Stevens, 2023-12-07 So much thoughtful insight and practical advice is contained in these pages Jane uses nature as a guide to living life in harmony rather than discord Rosemary Gladstar author of *Rosemary Gladstar's Medicinal Herbs* Insight ideas and inspiration abound in this highly practical guide to growing successfully in harmony with the moon the Earth and other planetary influences Planting by the moon is an age old gardening tradition but did you know that the cycles of the moon and the zodiac can be a powerful tool to improve your success with all kinds of gardening tasks In *The Celestial Garden* longtime gardener and herbalist Jane Hawley Stevens explains how the movement of the moon through the constellations of the zodiac provides a detailed calendar of optimal times for planting seeds roots and transplants as well as for pruning weeding propagation harvesting and even starting new garden projects or throwing garden parties While herbs are Stevens's specialty she loves growing all kinds of plants and *The Celestial Garden* provides excellent gardening tips for every gardener whether their passion is for vegetables fruits herbs or flowers At a deeper level Stevens believes that gardening by the moon and learning about astrological cycles can help restore our elemental interconnection with Nature and the Earth *The Celestial Garden* introduces and explains all aspects of astrological gardening What moon signs are and why and how the phase of the moon affects plant growth and development How to align the moon's passage through the constellations of the zodiac with your choice of daily garden tasks and projects Specific tips and advice for the best activities to undertake during each of the moon's phases How to incorporate simple creative seasonal rituals into your astrological gardening practice How to design a unique chakra garden How to apply what you learn about astrological influences beyond the garden to experience a greater sense of flow and satisfaction in all aspects of your daily life Photos of the author's garden throughout the book provide visual evidence of the positive results that come from gardening in harmony with the moon and planetary influences Illustrations and charts help readers understand the lunar cycle and its influence on plants the astrological rulers of the body and the relationship between the signs of the zodiac and the four elements earth air water fire Gardeners of every level of experience will find new insights ideas and inspiration in this unusual beautiful and highly practical guide to the simple yet expansive art of consulting with the cosmos to inform our garden tasks on any given day week or month and enjoy greater gardening satisfaction and success Stevens advice is plentiful and her horticultural degree underscore the science of her work Booklist A unique and wonderful book brimming with the knowledge and skills that arise from a lifetime in herbalism This book is a major contribution to herbalism's role not only in the alleviation of suffering but the transformation of human consciousness Thank you Jane David Hoffmann RH AHG fellow National Institute of Medical Herbalists principal scientist Traditional Medicinals In this easy to understand guidebook Jane Hawley Stevens demystifies the moon and stars in relationship with
