Love Is Truth:

Love Is . . . Les and Leslie Parrott, 2009-12-15 For those who want to grow in the art of loving well Reflections on 1 Corinthians 13 featuring 16 different translations and paraphrases of the Bible's beloved Love Chapter On Love Pope Francis, 2020-02-18 2021 Illumination Book Awards Silver Medal Catholic Love is the essence of God's presence in our lives Sourcing examples from the Old and New Testaments as well as from his personal experience of love for God and others Pope Francis teaches us that God exists in our lives as steadfast endless love When love is cultivated in our own hearts it will bear the fruit of all other virtues On Love connects us to Pope Francis's abiding belief that we were created to be God's instruments of love in the world It is precisely God's love that gives meaning to our small daily tasks and helps us face great trials This is the true treasure of humankind going forward in life with love a love that the Lord has sown in our hearts The Lord's love is our true treasure Pope Francis *Spacecruiser Inquiry* A. H. Almaas, 2002-04-30 Over the past twenty five years A H Almaas widely recognized as a leader in integrating spirituality and psychology has been developing and teaching the Diamond Approach a spiritual path that integrates the insights of Sufism Buddhism Gurdjieff and other wisdom traditions with modern psychology In this new work Almaas uses the metaphor of a spacecruiser to describe a method of exploring the immediacy of personal experience a way of investigating our moment by moment feelings thoughts reactions and behaviors through a process of open ended questioning The method is called the practice of inquiry and Spacecruiser Inquiry reveals what it means to engage with this practice as a spiritual path its principles challenges and rewards The author explores basic elements of inquiry including the open ended attitude the focus on direct knowledge the experience of not knowing and the process of questioning He describes the experience of Diamond Guidance the inner wisdom that emerges from our true nature and how it can be realized and applied In this process Almaas looks at many of the essential forms of Diamond Guidance including knowing clarity truth love intelligence compassion curiosity courage and determination Also included are exercises and questions and answers from the original talks by Almaas on which the book is based **Works** Theodore Parker, 1908 Intellectual Agency and Virtue Epistemology: A Montessori Perspective Patrick Frierson, 2019-12-12 Drawing on the work of Maria Montessori and contemporary virtue epistemologists such as Linda Zagzebski and Jason Baehr Intellectual Agency and Virtue Epistemology presents a new interpretation of the nature of intellectual agency and its associated virtues Focusing on Montessori's interpretation of specific virtues including sensory attentiveness intellectual love and intellectual humility it discusses why these are virtues why one can be held responsible for them and how they relate to each other Moreover it considers pedagogical implications of considering these capacities to be virtues Intellectual Agency and Virtue Epistemology not only reveals the value of seeing Montessori as a virtue epistemologist it encourages educationalists to take seriously the cultivation of intellectual virtues as an important part of the education of children
