The Romance of an Elderly Poet Alexander Meyrick Broadley, 1913 **The Danger of Romance** Karen

Sullivan, 2018-03-07 The curious paradox of romance is that throughout its history this genre has been dismissed as trivial and unintellectual yet people have never ceased to flock to it with enthusiasm and even fervor In contemporary contexts we devour popular romance and fantasy novels like *The Lord of the Rings* Harry Potter and *Game of Thrones* reference them in conversations and create online communities to expound passionately and intelligently upon their characters and worlds But romance is unrealistic critics say doing readers a disservice by not accurately representing human experiences It is considered by some to be a distraction from real literature a distraction from real life and little more Yet is it possible that romance is expressing a truth and a truth unrecognized by realist genres The Arthurian literature of the Middle Ages Karen Sullivan argues consistently ventriloquizes in its pages the criticisms that were being made of romance at the time and implicitly defends itself against those criticisms *The Danger of Romance* shows that the conviction that ordinary reality is the only reality is itself an assumption and one that can blind those who hold it to the extraordinary phenomena that exist around them It demonstrates that that which is rare ephemeral and inexplicable is no less real than that which is commonplace long lasting and easily accounted for If romance continues to appeal to audiences today whether in its Arthurian prototype or in its more recent incarnations it is because it confirms the perception or even the hope of a beauty and truth in the world that realist genres deny

Flagging Patriotism Ella Shohat,Robert Stam,2013-10-18 The question Why do they hate us is one of the most oft cited

puzzles of contemporary American affairs yet it is not clear to whom they or us refers nor even what hate means In this bold new work Ella Shohat and Robert Stam take apart the hate discourse of right wing politics placing it in an international context How for example do other nations love themselves and how is that love connected to their attitudes toward America Is love of country monogamous or can one love many countries When can a country's self love be a symptom of self hatred Drawing upon their extensive experience with South American European and Middle Eastern societies the authors have written a long engagement with a problem that refuses to go away Flagging Patriotism considers these complex features of being patriotic and in so doing insists that the idea of patriotism instead of being rejected or embraced be accorded the complex identity it possesses

Saracens and the Making of English Identity Siobhain Bly Calkin, 2013-11-05 This book explores the ways in which discourses of religious racial and national identity blur and engage each other in the medieval West Specifically the book studies depictions of Muslims in England during the 1330s and argues that these depictions although historically inaccurate served to enhance and advance assertions of English national identity at this time The book examines Saracen characters in a manuscript renowned for the variety of its texts and discusses hagiographic legends elaborations of chronicle entries and popular romances about Charlemagne Arthur and various English knights In these texts Saracens engage issues such as the demarcation of communal borders the place of gender norms and religion in communities self definitions and the roles of violence and history in assertions of group identity Texts involving Saracens thus serve both to assert an English identity and to explore the challenges involved in making such an assertion in the early fourteenth century when the English language was regaining its cultural prestige when the English people were increasingly at odds with their French cousins and when English Welsh and Scottish sovereignty were pressing matters
