Love As It Is:

Love as Passion Niklas Luhmann, 2014-12-08 In this important book Niklas Luhmann one of the leading social thinkers of the late 20th century analyses the emergence of love as the basis of personal relationships in modern societies He argues that while family systems remained intact in the transition from traditional to modern societies a semantics for love developed to accommodate extra marital relationships this semantics was then transferred back into marriage and eventually transformed marriage itself Drawing on a diverse range of historical and literary sources Luhmann retraces the emergence and evolution of the special semantics of passionate love that has come to form the basis of modern forms of intimacy and personal relationships This classic book by Luhmann has been widely recognized as a work of major importance It is an outstanding contribution to social theory and it provides an original and illuminating perspective on the nature of modern marriage and sexuality

Love as a Guide to Morals Andrew Fitz-Gibbon, 2012-01-01 Love as a Guide to Morals is an entry level introduction to the ethical importance of love Written in conversational format this book looks uniquely at the complexity of love in human relationships and how love can guide ethical decision making The book suggests that love in all its intricacy erotic erosic love friendship affection and agapic love is the great good of human life The book argues that love has a unifying power for morality and is more suited to ethical thinking and practice than any other idea Love as a Guide to Morals uses a modified Aristotelian argument after Alisdair MacIntyre and suggests loving relationships rather than happiness as the goal of human life

Love as human virtue and human need and its role in the lives of long-term prisoners Christina Valeska Straub, 2021-04-06 While the importance of love is rarely questioned the effects of its presence and absence in certain environments often goes unnoticed This book analyses the role of love in the lives of prisoners in a low security English prison It seeks to provide a deeper insight into the meaning and role of love as a dual concept in the social ecology of human existence human development and well being and sets out to encourage a critical and practical re consideration of the potential benefits of love s re inclusion into the prison set up and purpose This qualitative multidisciplinary analysis based on psychological moral philosophical neuroscientific and sociological literature will appeal to postgraduates and early career researchers across the social sciences as well practitioners of Criminal Justice and others interested in offender rehabilitation and the effects of prison

Love's Touch Anit Arca, 2022-04-10 Is the world an illusion Is our Universe a hologram This is a magical world All there Is is you you are the magnificent reflection of All That Is in the world of Existence and three dimensions Let us wake up from this illusion We have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself without the interference of the author s personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is

not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude

Religion, Secularism, and Love as a Political Discourse in Modern China Ting Guo, 2025-10-01 What is the meaning of love in modern Chinese politics Why has ai love been a crucial political discourse for secular nationalism for generations of political leaders as a powerful instrument to the present day This book offers the first systematic examination of the ways in which the notion of love has been introduced adapted and engineered as a political discourse for the building and rebuilding of a secular modern nation all the while appropriating Confucianism Christianity popular religion ghost stories political religion and their religious affects The insights of this exploration expand not only the discussion of the role of emotions in the project of Chinese modernity but also the study of affective governance and religious nationalisms around the world today Mystical Theology and Continental Philosophy David Lewin, Simon D. Podmore, Duane Williams, 2017-05-18 Exploration of the interface between mystical theology and continental philosophy is a defining feature of the current intellectual and even devotional climate But to what extent and in what depth are these disciplines actually speaking to one

another or even speaking about the same phenomena This book draws together original contributions by leading and emerging international scholars delineating emerging debates in this growing and dynamic field of research and spanning mystical and philosophical traditions from the ancient to the medieval modern and contemporary At the heart of which lies Meister Eckhart perhaps the single most influential Christian mystic for modern times The book is organised around significant historical and contemporary figures who speak across the intersections of philosophy and theology offering new insights into key interlocutors such as Pseudo Dionysius Augustine Isaac Luria Eckhart Hegel Heidegger Marion Kierkegaard Deleuze Laruelle and i ek Designed both to contribute to current trends in mystical theology and philosophy and elicit dialogue and debate from further afield this book speaks within an emerging space exploring the retrieval of the mystical within a post secular context

Great Truths by Great Authors ,1866 **The Bible and Spirituality** Andrew T. Lincoln,J. Gordon McConville,Lloyd K. Pietersen,2013-07-05 The essays in this volume aim to contribute to the newly developing academic subject of biblical spirituality It is prompted by the belief that although the Christian tradition has always nurtured an emphasis on spirituality rooted in the Bible and its interpretation few biblical scholars until recently have pursued their work by making connections with either this religious tradition or present day interest in the broader phenomenon of spirituality Spiritual interpretation has overlaps with theological interpretation but is distinctive because of its focus on the wisdom of lived experience and practice The essays therefore attempt from within the context of the academy responsible readings of Scripture that have as a major focus the study of how particular texts might contribute to a spirituality in which individual and communal flourishing is a major feature The essays began as papers produced for an international symposium on the Bible and Spirituality in May 2012 hosted by the Centre for the Study of the Bible and Spirituality in the School of Humanities at the University of Gloucestershire

things around you **Commentaries on Sri Aurobindo's Thought** M.P. Pandit,1988-01-05 Commentaries on Sri Aurobindo's Thought Volume 1 is the first of a 4 volume set which takes up a wide range of diverse topics bearing upon the work of Sri Aurobindo and aspects of the integral Yoga This first volume consists of 101 brief articles illuminating questions such as the role of love the psychic being meditation and japa spiritual communities gurus and insight on various forms of practice of yoga The commentaries are insightful and cover an enormous range of questions that arise when a seeker takes up the practice of yoga for transformation of his life Aquinas on Beauty Christopher Scott Sevier,2015-02-12 Aquinas on Beauty explores the nature and role of beauty in the thought of Thomas Aquinas Beginning with a standard definition of beauty provided by Aquinas it explores each of the components of that definition The result is a comprehensive account of Aquinas's formal view on the subject supplemented by an exploration into Aquinas's commentary on Dionysius's Divine Names including a comparison of his views with those of both Dionysius and those of Aquinas's mentor Albert the Great The book also highlights the tight connection in Aquinas's thought between aesthetics and ethics and illustrates how Aquinas preserves what is best about aesthetic traditions preceding him and anticipates what is best about aesthetic traditions that would follow marrying objective and subjective aesthetic intuitions and charting a kind of via media between the common extremes The Middle Ages Frank N. Magill,2012-11-12 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography The Era of the Antichrist Ysatis De Saint-Simon,2002-06-01 The Era of the Antichrist is not just a book It is a prophecy that is being fulfilled everyday corroborated in our daily news magazines newspapers etc This is not a strange coincidence because we live now in the Era of the Antichrist This is why The Era of the Antichrist is not a regular book it is a living book that is happening around us visually and invisibly it becomes alive in your life it reveals to you the mysteries of the self and its link to the Antichrist secrets and mysteries that have been hidden for thousands of years and whose understanding is paramount for our souls survival In short it makes you aware of the forces within and without yourself that influence your life Saint John used in his book of the Apocalypse precise symbols and arithmetic ciphers that were Understood only by early Christian Gnostics both numbers and symbols have been approached superficially for lack of the experiential Knowledge of God It is only this rare gift what makes of a man a Gnostic and gives him what Saint John called Understanding This is why he makes sure to specify Let those who have Understanding compute the number of the beast for it is the name of a man And his number is 666 Those who have only the logic intellectual knowledge to decipher them have believed Saint John's numbers to be without more

meaning than the symbolic This is a capital error no one is able to understand correctly anything written in the Sealed book of Saint John one of the most mysterious manuscripts ever written without the secret numerological code especially when we deal with the Antichrist Without the code used to unveil the mysteries its literally impossible to discover his true identity or to know why does he have so much power over human beings Many have made superficial conclusions about the identity of the Antichrist some of the most popular were based on the misinterpretation of a prophecy of Nostradamus others have been overtly based on social preferences or fears i e Hitler Gorbachev Saddam Hussein any of the Popes etc Meanwhile the true identity of the Antichrist remained unknown and well protected behind the wall built around him by all these wild theories about his identity As I said before the early Christian Gnostics used specific systems of numbers and symbols to protect from malice or distortion of truth the High Mysteries of Christianity and to communicate them to each other without endangering their purity as only those possessing the secret code could disclose them They were forced to do this not only to protect the purity of the Christ Mystery but also the knowledge they had of other mysteries who concerned the adversary forces the ones whose role is to oppose the Christ on earth One of these mysteries maybe the most feared of all is the mystery of the number 666 the number of the adversary of the Christ the satanic beast who is supposed to reign on the earth as the false Messiah his identity is also the most misinterpreted identity of history Well that is not the case anymore The Era of the Antichrist reveals his true identity Oddly enough because we must be very near to the time when he is going to reveal himself his followers are willingly corroborating the information given in this book by acknowledging that they have been working for this end for hundreds and thousands of years and by talking openly for the first time in history about their preparation for his coming and the great benefits that the world is going to receive by having someone like him change things on earth etc Our Savior in the course of His instructions to the apostles about the coming of His adversary gave them special signs to watch for that would signal the end of times but no date To that I adhere myself because if He Who Is the Beginning and the End gave only the signs and no specific time is because of a perfect understanding of things So I follow His direction observe the signs and put the action to communicate them to others Like it or not most of the signs have already been fulfilled this may be pleasant or unpleasant to hear but in these times Truth more than ever is a life saver being handed to you which may help you to survive So I exhort those who have ears to hear and who want to be part of His Kingdom to inform themselves correctly about the true identity of the adversary of the Christ because he will deceive many even the elect if that were possible as Our Lord Jesus Himself said The Era of the Antichrist uses the secret numerological code used by Valentinus a disciple of Saint John to unveil the identity of the dreaded beast of the Apocalypse The only correct computation and conclusions that I have knowledge of were made by Rudolph Steiner and G R Mead and both had a different aspect than the one presented in The Era of the Antichrist because the time of the Antichrist was not due yet But now the time is ripe and the breaking of the seals of mystery of the Apocalypse is possible It is now also possible to offer a book like this to the general

public because there are technological mediums that allow us to communicate in ways that before were not possible Book distribution for instance was before controlled by big publishing houses which would probably have stopped most books containing a subject such as this if it was accurate and true from reaching the public The big difference between The Era of the Antichrist and other books in which there are diverse intellectual theories given about the mystery of the Antichrist is that The Era of the Antichrist does not theorize or uses a modern system of numerology it computes as Saint John directed us to do It unveils the identity of the Antichrist not by intellectual conclusions but by disclosing its mystery with if not the same numerical code that Saint John used a code one of his disciples used and which was in use in 96 AD the time when Saint John wrote his document The Era of the Antichrist is a book for our era a book of spiritual survival The correct Understanding of this matter is vital for the souls of every living being As vital as to know what to do when a killer hurricane is coming If you have a hurricane preparedness pamphlet and you follow its instructions chances are that you will be able to survive the hurricane Please use it well *Love's Oneing* Kerrie Hide,2022-11-08 Grounded in Christian love mysticism Love s Oneing gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation With great sensitivity the book offers nuanced insight into the marriage of kenosis and desire in contemplation through the rich tapestry of writings from nine mystics Julian of Norwich the Cloud of Unknowing author Meister Eckhart Mechthild of Magdeburg Clare of Assisi John of the Cross Teilhard de Chardin Beatrice Bruteau and Ilia Delio With the delicate eye of a spiritual director immersed in mystical literature Kerrie Hide situates these mystical teachings within contemplative prayer whilst offering a scholarly exploration of contemplative practice to embody the insights Deeply grounded in traditional and contemporary mystical classics Hide celebrates how the Christian mystical tradition lays a foundation for the evolutionary growth of communion consciousness and the insights of quantum science highlighting key moments in contemplation that when surrendered into open into divine love Born of intellectual reflection lived experience and contemplative wisdom Love s Oneing makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future of our planet in this climate crisis moment **An Index to the Remarkable Passages and Words Made Use of by Shakspeare** Samuel Ayscough,1827 *Companion to the Summa Theologica: The pursuit of happiness (corresponding to the Summa theologica Ia IIae)* Walter Farrell,2009-01-01
