The New Model of Love Charles Lim Wu, 2018-05-11 Throughout history weve been conditioned by society media education and family to believe we need love to be happy In The New Model of Love author Charles Lim Wu examines and challenges this tightly held and deep seated belief He shows how love has evolved throughout the years and discusses the importance of realizing and accepting these changes to positively move forward Wu looks at and redefines love He explores the origins of the old model of love and tells how it no longer serves us to remain within its confines The New Model of Love discusses how it can be daunting to confront the old model but once that fear is conquered youll be free to love as youve never loved before Once you accept the new model youll find freedom in love and liberation from the shackles of needing love from others Youll stop seeking love and start creating it for yourself Using his personal experiences and discoveries as a backdrop Wu offers an opportunity to experience abundant joy and happiness in all your relationships with the goal of naturally and freely experiencing infinite love

What We Don't Do Nick Cooney, 2025-04-15 A refreshing and necessary reminder on our ability to help those in need Moby When we think about whether we are good people leading a good life we usually think about actions Bad people do bad things that hurt others Good people do good things that help others and they avoid doing bad things Simple But while our actions certainly have consequences today our inactions have far greater and far graver consequences Bad actions can result in the suffering of a few or several dozen others inaction can result in the extreme misery of thousands It wasn't always this way For nearly our entire history as a species we lived in small groups with minimal resources leaving our ability to help others limited and the consequences of inaction modest It is not so today Thanks to massive global populations huge wealth disparities and modern technologies the average person now has more power to improve the lives of others than nearly anyone who has ever lived But the flip side of that great power is the dizzyingly high cost of inaction in which lives can hang in the balance with each dollar and hour of time we spend This is a book about what we don't do It's about our failures to act and the suffering others endure as a result It's also about the incredible good that can be achieved when we cultivate an internal drive to do more Confronts our tendency toward feel good surface level altruism and instead challenges us to embrace discomfort and sacrifice at a level akin to high performing athletes David Goldberg Co Founder and CEO Founders Pledge A deep dive into waters often given only a glancing touch Hopefully this message will spread through and beyond its readers Dr George Church Co Founder

Wyss Institute at Harvard University *Beating Burnout in Congregations* Lynne M. Baab, 2003-08-01 I can only shake my head in the face of the irony that all too often the very place where we look for life and health the very place where we expect to nurture and deepen a loving relationship with God can cause so many to experience the exact opposite So remarks author Lynne Baab in this timely and discerning examination of burnout in congregations What is burnout What causes congregation volunteers to burn out Why is unpaid service sometimes life giving and other times just another frantic commitment How can congregations become oases of peace and nurture while still carrying out their mission and ministry How can we recognize holy moments in the presence of God if we are moving so fast that life passes by us in a blur How can leaders make congregations healthy places to serve After reflecting on these important questions and dozens of interviews with congregation volunteers Baab suggests We must not fear burnout instead we need to do a better job coming alongside people as they experience burnout and help them figure out what they are learning **The Pure Fellowship** Pasquale De Marco, In a world that is increasingly divided the church is called to be a beacon of unity and love But how can we build strong and lasting relationships with other believers when we are so different How can we overcome the challenges of conflict division and isolation This book offers a fresh perspective on Christian fellowship Drawing from Scripture and real life examples this book explores the various dimensions of fellowship and offers practical guidance for building strong and lasting relationships with other believers This book is not about creating a superficial unity where everyone agrees on everything It is about learning to love and accept one another despite our differences It is about creating a space where we can be real with each other where we can share our joys and sorrows and where we can grow together in faith This book is for anyone who longs for deeper relationships with other believers It is for anyone who wants to experience the joy and power of true fellowship It is for anyone who wants to make a difference in the world through the power of unity and love In this book you will learn The different types of fellowship and the benefits of fellowship The challenges to fellowship and how to overcome them The importance of communication transparency and accountability in fellowship How to resolve conflict and restore fellowship How to grow together in faith and work together to build a stronger and more vibrant fellowship This book is a call to rediscover the pure fellowship that is possible in Christ It is a call to build relationships that are rooted in love acceptance and mutual support It is a call to be the church that God has called us to be If you like this book write a review
