Who Is Phaedrus? Marshall Bradley, 2012-11-06 Who Is Phaedrus This book delivers answers Many have said Phaedrus is the most intriguing of Plato's works Phaedrus is certainly one of the most difficult to follow and fathom In part this is because the title figure Phaedrus himself has remained a mystery Who Is Phaedrus takes us on a tour of this intricate dialogue a work of philosophy and history and a work of art In Who Is Phaedrus we see how and why Phaedrus became involved in the most sensational scandals both religious and political in ancient Athens and yet we see Phaedrus come across as a person remarkably contemporary someone who could walk through a time seam and be wholly understandable as a soul in the twenty first century Perplexed as well as perplexing Phaedrus in the final analysis needs Socrates timeless philosophy as a salve and therapy and we follow along as Socrates delivers

Of Love and Loathing Nicholas A. Robins, 2015-12 Policies concerning marriage morality and intimacy were central to the efforts of the Spanish monarchy to maintain social control in colonial Charcas The Bourbon Crown depended on the patriarchal caste based social system on which its colonial enterprise was built to maintain control over a vast region that today encompasses Bolivia and parts of Peru Chile Paraguay and Argentina Intimacy became a fulcrum of social control contested by individuals families the state and the Catholic Church and deeply personal emotions and experiences were unwillingly transformed into social political and moral challenges In *Of Love and Loathing* Nicholas A Robins examines the application of late colonial Bourbon policies concerning marriage morality and intimacy Robins examines how such policies and the means by which they were enforced highlight the moral racial and patriarchal ideals of the time and more important the degree to which the policies were evaded Not only did free unions illegitimate children and de facto divorces abound but women also had significantly more agency regarding resources relationships and movement than has previously been recognized A surprising image of society emerges from Robins's analysis one with considerably more moral latitude than can be found from the perspectives of religious doctrine and regal edicts
