QR Code Resources Each song has 2 QR codes coming with it The QR code with rounded corners leads to the song played on a tongue drum The square QR code leads to Youtube Scan this code to hear the song played by professionals While these recordings may not exactly match the versions notated in this book they serve as useful guides for understanding the melody and rhythm

Playing for Beginners Piano If you're new to music you can play by following the lettered notes Note stickers for piano keys are widely available on platforms like Amazon and can make learning much easier For more experienced players the sheet music is simplified for one hand play ensuring an easy and enjoyable experience

Melodica Similar to playing the piano melodica players can use note stickers to follow the lettered notation You can purchase these stickers online or create your own with paper labels

Xylophone Xylophone layouts and key counts vary so refer to the manufacturer's description for proper sticker placement Many non professional xylophones come with engraved note letters on the keys making it easier to play Even toy xylophones can work if they are tuned and have enough keys

Kalimba On most kalimbas including 17 note models the notes are either engraved on the keys or provided as stickers by the manufacturer Typically the longest key in the middle represents the main C the lowest note

Song Variations This songbook contains 52 unique songs Additionally 10 songs are presented in two variations differing in pitch note lengths or the number of notes giving you even more options to explore We hope you enjoy the timeless charm of these traditional romantic songs and ballads Whether you're a complete beginner or more experienced this collection offers a quick and enjoyable path to learning and playing these beautiful melodies
