The Routledge Handbook of Planning for Health and Well-Being Hugh Barton, Susan Thompson, Sarah Burgess, Marcus Grant, 2015-05-22 Urban planning is deeply implicated in both the planetary crisis of climate change and the personal crises of unhealthy lifestyles Worldwide health issues such as obesity mental illness growing health inequalities and climate vulnerability cannot be solved solely by medicines but also by tackling the social economic and environmental determinants In a time when unhealthy and unsustainable conditions are being built into the physical fabric of cities a new awareness and strategy is urgently needed to putting health and well being at the heart of planning The Routledge Handbook of Planning for Health and Well being authoritatively and comprehensively integrates health into planning strengthening the hands of those who argue and plan for healthy environments With contributions from international leaders in the field the Handbook of Planning for Health and Well being provides context philosophy research processes and tools of experienced practitioners through case studies from four continents

Gender Practices in Contemporary Vietnam Lisa Barbara Welch Drummond, Helle Rydstrom, 2004 Confucianism colonialism and socialism have all contributed significantly to gender relations in Vietnam More recently political and social change associated with modernization and globalization have also had an impact How do the Vietnamese display their social positions and their identities as male or female This volume examines negotiations and transgressions of gender within Vietnamese society looking at gender family social and work relations bodily displays body language and the occupation of space Of special interest is a discussion of sexual harassment in schools and the workplace and the strategies women adopt to deal with it the first discussion of this issue by a Vietnamese scholar

Cultural Heritage, Ethics and Contemporary Migrations Cornelius Holtorf, Andreas Pantazatos, Geoffrey Scarre, 2018-10-25 *Cultural Heritage Ethics and Contemporary Migrations* breaks new ground in our understanding of the challenges faced by heritage practitioners and researchers in the contemporary world of mass migration where people encounter new cultural heritage and relocate their own It focuses particularly on issues affecting archaeological heritage sites and artefacts which help determine and maintain social identity a role problematised when populations are in flux This diverse and authoritative collection brings together international specialists to discuss socio political and ethical implications

for the management of archaeological heritage in global society With contributions by authors from a range of disciplinary backgrounds including archaeologists philosophers cultural historians and custodians of cultural heritage the volume explores a rich mix of contrasting yet complementary viewpoints and approaches Among the topics discussed are the relations between culture and identity the potentialities of museums and monuments to support or subvert a people's sense of who they are and how cultural heritage has been used to bring together communities containing people of different origins and traditions yet without erasing or blurring their distinctive cultural features Cultural Heritage Ethics and Contemporary Migrations is a crucial text for archaeologists curators policymakers and others working in the heritage field as well as for philosophers political scientists and other readers interested in the links between immigration and cultural heritage

Heritage in Action Helaine Silverman, Emma Waterton, Steve Watson, 2016-11-10 In this textbook we see heritage in action in indigenous and vernacular communities in urban development and regeneration schemes in expressions of community in acts of nostalgia and memorialization and counteracts of forgetting in museums and other spaces of representation in tourism in the offices of those making public policy and in the politics of identity and claims toward cultural property Whether renowned or local tangible or intangible the entire heritage enterprise at whatever scale is by now inextricably embedded in value The global context requires a sanguine approach to heritage in which the so called critical stance is not just theorized in a rarefied sphere of scholarly lexical gymnastics but practically engaged and seen to be doing things in the world

Sounds and the City B. Lashua, K. Spracklen, S. Wagg, 2014-05-27 This book explores the ways in which Western derived music connects with globalization hybridity consumerism and the flow of cultures Both as local terrain and as global crossroads cities remain fascinating spaces of cultural contestation and meaning making via the composing playing recording and consumption of popular music

Shared Landscapes Rodney Harrison, 2004 The heritage of the pastoral industry stands as an integral symbol of identity for rural communities both black and white in New South Wales Modern changes in pastoral land management infrastructure and technology combined with broader land use changes and increased community interest in the conservation and rehabilitation of former grazing lands has meant that many former pastoral properties have been abandoned or acquired for other uses Tracking the history of these land use changes Shared Landscapes presents new ways of understanding historic heritage in settler societies through cross disciplinary case studies that examine the heritage of the pastoral industry in two national parks Assessing its current state of interpretation and management in New South Wales Rodney Harrison shows that pastoral heritage is more than just woolsheds and homesteads the showpieces of white male settler colonial economies Pastoral heritage is the product of the mutual histories of Aboriginal and settler Australians It is a form of heritage that is both in and a part of the landscape His archaeological approach to the heritage of the pastoral industry involves both recording sites and revealing attachments to community heritage demonstrating that writing shared histories and celebrating shared heritage has the creative power to reconcile Aboriginal

and settler Australians in powerful and positive ways *Routledge International Handbook of Visual Research Methods in Anthropology* Rupert Cox,Chris Wright,2025-03-31 Routledge International Handbook of Visual Research Methods in Anthropology approaches the question of method through conceptualisations of the visual world as light sight images and technologies of imaging that can be analysed and described through a range of visual practices in the course of anthropological research The aim of the book is to move beyond making a case for the importance of the visual via its notional arrangement as a subject and means of study in anthropology by showing how it is applied as a way of doing anthropological research through the explication of a series of examples Employing an innovative structure for a handbook each contribution is orientated around a single distinguishing concept and together the contributions addresses the following three issues How to see through images by treating the visual as a form of knowledge made visible A second group of entries is concerned with how to see through time by approaching the visual as a modality for representing duration and rendering legible what may no longer be available to vision Finally a third group of entries deals with the visual at a phenomenal level as a medium that we see in This handbook is a timely and useful resource for both students and researchers of anthropology at this time because the discipline s long standing theoretical and empirically rich practical engagements with visual methods provide valuable insights for the social sciences into current transmutations of the visual into the multimodal the non representational and the sensory The importance of these areas as well as of digital research more generally makes visual methods ever more important for social scientists hence this handbook is also valuable for those studying general research methods courses and in related fields such as sociology health studies and social work **The Routledge Handbook of Environmental History** Emily O'Gorman,William San Martín,Mark Carey,Sandra Swart,2023-12-06 The Routledge Handbook of Environmental History presents a cutting edge overview of the dynamic and ever expanding field of environmental history It addresses recent transformations in the field and responses to shifting scholarly political and environmental landscapes The handbook fully and critically engages with recent exciting changes contextualizes them within longer term shifts in the field and charts potential new directions for study It focuses on five key areas Theories and concepts related to changing considerations of social justice including postcolonial antiracist and feminist approaches and the field s growing emphasis on multiple human voices and agencies The roles of non humans and the more than human in the telling of environmental histories from animals and plants to insects as vectors of disease and the influences of water and ice the changing theoretical approaches and the influence of concepts in related areas such as animal and discard studies How changes in theories and concepts are shaping methods in environmental history and shifting approaches to traditional sources like archives and oral histories as well as experiments by practitioners with new methods and sources Responses to a range of current complex problems such as climate change and how environmental historians can best help mitigate and resolve these problems Diverse ways in which environmental historians disseminate their research within and beyond

academia including new modes of research dissemination teaching and engagements with stakeholders and the policy arena This is an important resource for environmental historians researchers and students in the related fields of political ecology environmental studies natural resources management and environmental planning Chapters 9 10 and 26 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

The Coming of Age of Urban Agriculture Rob Roggema, 2023-08-09 For a long time urban agriculture initiatives have been explored and novel policy and planning practices have been investigated With the global food crisis the role urban agriculture has to play becomes more and more urgent The potentials are large it brings social justice it limits climate change it provides a healthy urban condition it stimulates biodiversity and gives disadvantaged people an economic opportunity After 15 years in the making the time is ripe to see whether the growing of food has established a prominent position in urban planning and policies food productivity safety and security social well being the arts and human health In this volume several aspects of growing food in the city are explored Urban Agriculture plays a significant role in society Nevertheless it did not become a mainstream topic in day to day practice This book provides concrete solutions and clues how to give urban food production a crucial role in the future planning of urban environments

Telling Environmental Histories Katie Holmes, Heather Goodall, 2017-12-12 This collection explores the intersections of oral history and environmental history Oral history offers environmental historians the opportunity to understand the ways people's perceptions experiences and beliefs about environments change over time In turn the insights of environmental history challenge oral historians to think more critically about the ways an active more than human world shapes experiences and people The integration of these approaches enables us to more fully and critically understand the ways cultural and individual memory and experience shapes human interactions with the more than human world just as it enables us to identify the ways human memory identity and experience is moulded by the landscapes and environments in which people live and labour It includes contributions from Australia India the UK Canada and the USA

Aftermath John Schofield, 2009-02-08 Conflict and Battlefield Archaeology is a growing and important field in archaeology with implications on the state of the world today how humanity has prepared for reacted to and dealt with the consequences of conflict at a national and international level As the field grows there is an increasing need for research and development in this area Written by one of the most prominent scholars in this field of growing interest Aftermath offers a clear and important overview to research in the field It will become an essential source of information for scholars already involved in conflict archaeology as well as those just starting to explore the field It offers access to previously hard to find but important research

Who Needs Experts? John Schofield, 2016-02-17 Taking the significant Faro Convention on the Value of Cultural Heritage for Society Council of Europe 2005 as its starting point this book presents pragmatic views on the rise of the local and the everyday within cultural heritage discourse Bringing together a range of case studies within a broad

geographic context it examines ways in which authorised or expert views of heritage can be challenged and recognises how everyone has expertise in familiarity with their local environment The book concludes that local agenda and everyday places matter and examines how a realignment of heritage practice to accommodate such things could usefully contribute to more inclusive and socially relevant cultural agenda

Beyond Green Lesley Head, 2025-05-14 How are we to think about nature and the environment The idea of nature as it relates to culture society and humans has always been in constant flux and highly contested Lesley Head interrogates the ways the cultures of nature have operated in Australia across time and how these ways of thinking and being limit our capacity to deal with the challenges of the climate change and biodiversity crises Drawing on her life's work and lessons she has picked up along the way Head suggests that it is up to us to attentively listen the better to destabilise and subvert dominant narratives and to imagine new possibilities She believes we have the nous resources and lessons from Indigenous settler descendant and immigrant cultures to reduce risk in the face of the unexpected and the unimaginable In *Beyond Green* the story of nature and people weaves research and personal experience through many different times and spaces offering new ways of understanding It is a richly creative engagement with the abundant possibilities and pleasure of nature as a place of regeneration that is as warned by the raven of the crow as it is accompanied by the carolling of magpies

Playing in the Bush Richard White, Caroline Ford, 2012-08-02 *Playing in the Bush* is an engaging account of the ways the national parks of New South Wales have been used over the past 130 years Researched and written by seven young historians from the University of Sydney the book weaves together stories of diverse experiences in our national parks Established for the use of the public forever they have had a long history of popular use and created deep emotional attachments among people from all walks of life

Being Australian Catriona Elder, 2020-07-24 After a century of speculation by writers filmmakers travelers and scholars being Australian has become a recognisable shorthand for a group of national characteristics Now in an era of international terrorism being seen as un-Australian has become a potent rhetorical weapon for some and a badge of honour for others Catriona Elder explores the origins meaning and effects of the many stories we tell about ourselves and how they have changed over time She outlines some of the traditional stories and their role in Australian nationalism and she shows how concepts of egalitarianism peaceful settlement and sporting prowess have been used to create a national identity Elder also investigates the cultural and social perspectives that have been used to critique dominant accounts of Australian identity including ideas of class gender sexuality ethnicity and race She shows how these critiques have been in turn queried in recent years *Being Australian* is an ideal introduction to studying Australia for anyone interested in understanding Australian society culture and history A clever work incisive and original At a time when Australian identities have never been more debated Elder finds an open way through the closed doors which often restrict cultural representations of Australian-ness Professor Adam Shoemaker Dean of Arts ANU This is a timely and significant new analysis essential reading on issues of identity and our own anxieties about

national belonging and what it means to be Australian in a globalising world Kate Darian Smith Professor of Australian Studies and History University of Melbourne **Historical Archaeology** Martin Hall, Stephen W. Silliman, 2009-02-09 This volume offers lively current debates and case studies in historical archaeology selected from around the world including North America Latin America Africa the Pacific and Europe Authored by 19 experts in the field Explores how historical archaeologists think about their work piecing together information from both material culture and documents in an attempt to understand the lives of the people and societies they study Engages with current theory in an accessible manner Truly global in its approach but avoids subsuming local experiences of people into global patterns Summarizes not only the current state of historical archaeology but also sets the course for the field in decades to come **Polonia in Australia** Desmond Cahill, Elizabeth Drozd, 2004
