## **Moving Onward From Racial Division To Class Unity:**

**Moving Onward** Brooke Heagerty, Nelson Peery, 1998 Motown and the Making of Working-Class Revolutionaries Walda Katz-Fishman, Jerome Scott, 2025-09-01 Motown and the Making of Working Class Revolutionaries offers a fresh perspective on class race and revolution in the United States Drawing on more than forty hours of interviews with former members of the League of Revolutionary Black Workers Scott and Katz Fishman share the rich story of the League including the women and students That story includes the history of the automotive industry in Detroit the 1967 Detroit Rebellion and the wildcat strike that sparked the Dodge Revolutionary Union Movement DRUM The authors describe the rise of the League from 1968 to 1971 They explore the centrality of struggle and political education as the League split and a section of League comrades moved into revolutionary organizations and social movement spaces many of which remain active today League comrades share their analysis of the current moment and staying the course of revolutionary struggle **Moving Onward** Brooke Heagerty, Nelson Peery, 2000 An analysis of the ideology of race and racism and how it evolved along with the development of capitalism With the mass of people irrespective of color being forced into poverty the authors see the basis for some real class unity Moving Onward has the political and scientific clarity to help us out of the muck of race politics in this country Luis Rodriguez **Race and the Foundations of Knowledge** Joseph A. Young, Jana Evans Braziel, 2006 This anthology demonstrates the longstanding multifarious and major role that race has played in the formation of knowledge The authors demonstrate how race theory intersects with other bodies of knowledge by examining discursive records such as travelogues literature and historiography theoretical structures such as common sense pseudoscientific racism and Eurocentrism social structures of class advancement and identity and politico economic structures of capitalism colonialism and law Radicalizing Learning Stephen D. Brookfield, John D. Holst, 2010-08-26 Radicalizing Learning calls for a total rethinking of what the field of adult education stands for and how adult educators should assess their effectiveness Arguing that major changes in society are needed to create a more just world the authors set out to show how educators can help learners envision and enact this radical transformation Specifically the book explores the areas of adult learning training teaching facilitation program development and research Each chapter provides a guide to the different paradigms and perspectives that prevail across the field of theory and practice The authors then tie all of the themes into how adult learning for participatory democracy works in a diverse society **Social Change** Alicia Swords, 2024-08-21 Social Change Movements Politics and Technology is a groundbreaking exploration of social transformation from a conflict theory perspective offering a deep dive into the historical and sociological analysis of leaders within contemporary social movements This text reader is an essential guide for those seeking to understand the dynamics of social change and the role of social actors in shaping the future **Neither Enemies nor Friends** S. Oboler, A. Dzidzienyo, 2005-04-01 In this collection leading scholars focus on the contemporary meanings and diverse experiences of blackness in specific countries of the hemisphere

including the United States The anthology introduces new perspectives on comparative forms of racialization in the Americas and presents its implications both for Latin American societies and for Latinos relations with African Americans in the U S

**Social Movements, Civil Society, and Radical Adult Education** John D. Holst,2002 This text analyses the history of social movement civil society theory within radical adult education the Left It argues that Gramsci did not advocate building civil society but proletarian hegemony *Teaching Race and Anti-Racism in Contemporary America* Kristin

Haltinner,2013-10-16 This book presents thoughtful reflections and in depth critical analyses of the new challenges and opportunities instructors face in teaching race during what has been called the post racial era It examines the racial dimensions of the current political economic and cultural climate The book features renowned scholars and experienced teachers from a range of disciplines and offers successful strategies for teaching important concepts through case studies and active learning exercises It provides innovative strategies novel lesson plans and classroom activities for college and university professors who seek effective methods and materials for teaching about race and racism to today s students A valuable handbook for educators this book should be required reading for all graduate students and college instructors

*Mother Jones* ,2000 **Hillbilly Nationalists, Urban Race Rebels, and Black Power** Amy Sonnie,James Tracy,2011-09-27 THE STORY OF SOME OF THE MOST IMPORTANT AND LITTLE KNOWN ACTIVISTS OF THE 1960s IN A DEEPLY SOURCED NARRATIVE HISTORY The historians of the late 1960s have emphasized the work of a group of white college activists who courageously took to the streets to protest the war in Vietnam and continuing racial inequality Poor and working class whites have tended to be painted as spectators reactionaries and even racists Most Americans the story goes just watched the political movements of the sixties go by James Tracy and Amy Sonnie who have been interviewing activists from the era for nearly ten years reject this old narrative They show that poor and working class radicals inspired by the Civil Rights movement the Black Panthers and progressive populism started to organize significant political struggles against racism and inequality during the 1960s and 1970s Among these groups JOIN Community Union brought together southern migrants student radicals and welfare recipients in Chicago to fight for housing health and welfare The Young Patriots Organization and Rising Up Angry organized self identified hillbillies Chicago greasers Vietnam vets and young feminists into a legendary Rainbow Coalition with Black and Puerto Rican activists In Philadelphia the October 4th Organization united residents of industrial Kensington against big business war and a repressive police force In the Bronx White Lightning occupied hospitals and built coalitions with doctors to fight for the rights of drug addicts and the poor Exploring an untold history of the New Left the book shows how these groups helped to redefine community organizing and transforms the way we think about a pivotal moment in U S history **Radical Sufficiency** Christine Firer Hinze,2021-02-01 In this timely book Christine Firer Hinze looks back at Monsignor John A Ryan s American Catholic defense of worker justice and a living wage advancing his efforts for an action oriented livelihood agenda that situates US working families economic pursuits within a

comprehensive commitment to sustainable radical sufficiency for all      *Left Transnationalism* Oleksa Drachewych, Ian McKay, 2020-01-16 In 1919 Bolshevik Russia and its followers formed the Communist International also known as the Comintern to oversee the global communist movement From the very beginning the Comintern committed itself to ending world imperialism supporting colonial liberation and promoting racial equality Coinciding with the centenary of the Comintern's founding *Left Transnationalism* highlights the different approaches interwar communists took in responding to these issues Bringing together leading and emerging scholars on the Communist International individual communist parties and national and colonial questions this collection moves beyond the hyperpoliticized scholarship of the Cold War era and reenergizes the field Contributors focus on transnational diasporic and cultural networks comparative studies of key debates on race and anti colonialism the internationalizing impulse of the movement and the evolution of communist platforms through transnational exchange Essays further emphasize the involvement of communist and socialist parties across Canada Australia India China Japan Southeast Asia Latin America South Africa and Europe Highlighting the active discussions on nationality race and imperialism that took place in Comintern circles *Left Transnationalism* demonstrates that this organization as well as communism in general was especially in the years before 1935 far more heterogeneous creative and unpredictable than the rubber stamp of the Soviet Union described in conventional historiography Contributors include Michel Beaulieu Lakehead University Marc Becker Truman State University Anna Belogurova Freie Universitat Berlin Oleksa Drachewych University of Guelph Daria Dyakonova Universit de Montr al Alastair Kocho Williams Clarkson University Andr e L vesque McGill University Lars T Lih Independent Scholar Ian McKay McMaster University Sandra Pujals University of Puerto Rico John Riddell Ontario Institute of Studies in Education Evan Smith Flinders University S A Smith All Souls College Oxford Xiaofei Tu Appalachian State University and Kankan Xie Peking University      **Mexican muralist, international Marxist** Curtis Swope, 2024-10-29 David Alfaro Siqueiros was perhaps the most important communist painter of the twentieth century This book the first sustained engagement with Siqueiros's work in the English language focuses on the artist's late murals which are both aesthetically innovative and politically provocative It places Siqueiros in an international context revealing that the dogmatism he has been charged with was in reality a complex phenomenon It provided a foundation for rather than an obstacle to his efforts to create an art embedded in the day to day concerns and theoretical debates of the world wide mass movement he saw himself as a part of      **South Africa in World History** Iris Berger, 2009-03-27 This volume begins in the early centuries of the Common Era with the various groups of people who had settled in southern Africa Stone Age foragers farmers with iron technology and pastoralists all interacted to create a complex society before Europeans arrived In the seventeenth century Dutch settlers developed a colonial society based on the menial labor of indigenous inhabitants of the Cape and slaves imported from the East Indies and other parts of Africa British conquest in the early nineteenth century brought an end to slavery as well as new forms of colonial domination tension between the British and the original Dutch

settlers armed struggle between expanding European communities and Africans including the highly militarized Zulu kingdom and intensive missionary activity that transformed many African societies The discovery of diamonds and gold in the late nineteenth century brought industrialization based on migrant labor new clashes between British and Africaaners the final conquest of African societies and new European migrants During the twentieth century despite further economic development African communities were increasingly impoverished New forms of racial domination lead to the implementation of apartheid in 1948 and heightened political organizing among both African and Africaaner nationalists The intensification of resistance in the 1970s and 80s coupled with drastic changes in the international balance of power brought an end to the apartheid state in 1994 and an intensified struggle to overcome apartheid s economic and political legacy by building a new nonracial society The book emphasizes social and cultural history focusing on people s interactions and identities according to race class gender religion and ethnicity It also addresses changes in literature both oral and written music and the arts and draws on the extensive biographical and autobiographical literature to provide a personal focus for the discussion of major themes While this emphasis reflects dominant trends in historical scholarship for the past two decades it also includes recent material on environmental history and relationships between African Americans and South Africans Where relevant it highlights comparisons between South African and U S history

British Communism and the Politics of Race Evan Smith, 2017-10-02 British Communism and the Politics of Race explores the role that the Communist Party of Great Britain played within the anti racism movement in Britain from the 1940s to the 1980s As one of the first organisations to undertake serious anti colonial and anti racist activism within the British labour movement the CPGB was a pioneering force that campaigned against racial discrimination popular imperialism and fascist violence in British society The book examines the balancing act that the Communist Party negotiated in its anti racist work between making appeals to the labour movement to get involved in the fight against racism and working with Britain s ethnic minority communities who often felt let down by the trade unions and the Labour Party Transitioning from a class based outlook to an embrace of the new social movements of the 1960s 70s the CPGB played an important role in the anti racist struggle but by the 1980s it was eclipsed by more radical and diverse activist organisations

**Decolonizing Knowledge** Radha D'Souza, Sunera Thobani, 2025-04-24 Interdisciplinary scholars rethink strategies for moving contemporary decolonization politics forward by revisiting the writings of the mid 20th century anti colonial movements leading intellectuals Decolonizing Knowledge draws on intellectual histories of anti colonial thinkers who developed their ideas of decolonization through practical engagement with struggles for freedom from colonialism Reading works by J P S Uberoi Frantz Fanon Aim C saire C L R James and Andaiye among others interdisciplinary activist scholars reflect on the meaning of decolonization that emerged from anti colonial struggles of the past and its relevance today Each chapter in the volume reflects on one or more texts from anti colonial thinkers of the past to draw out the meaning of decolonization as conceptualized by earlier generations providing

key insights from their thinking and examining their relevance for contemporary struggles for racial gender and class justice With authors writing from multiple disciplines these essays straddle a range of themes from theory and practice art and literature gender and violence and political economy to address a subject that is preoccupying academia and activists in the 21st century Decolonizing Knowledge is an intervention into contemporary debates on decolonizing curricula and universities arguing that these calls need to be firmly engaged in wider social practices for justice and that they can learn much from those who wrote on the topic amid the 20th century s many struggles for freedom

### **Creating a Movement**

**with Teeth** Daniel Burton-Rose,2010-10-01 Bursting into existence in the Pacific Northwest in 1975 the George Jackson Brigade claimed 14 pipe bombings against corporate and state targets as many bank robberies and the daring rescue of a jailed member Combining veterans of the prisoners women s gay and black liberation movements this organization was also ideologically diverse consisting of both communists and anarchists Concomitant with the Brigade s extensive armed work were prolific public communications In more than a dozen communiqu s and a substantial political statement they sought to explain their intentions to the public while defying the law enforcement agencies that pursued them Creating a Movement with Teeth makes available this body of propaganda and mediations on praxis collecting it in one volume for the first time In addition the collection assembles corporate media profiles of the organization s members and alternative press articles in which partisans thrash out the heated debates sparked in the progressive community by the eruption of an armed group in their midst Creating a Movement with Teeth illuminates a forgotten chapter of the radical social movements of the 1970s in which diverse interests combined forces in a potent rejection of business as usual in the United States

**Revolutionary Ideas of Karl Marx** Alex Callinicos,2012-01-31 An accessible introduction to the author of Capital and coauthor of The Communist Manifesto with a focus on his relevance in today s world Few thinkers have been declared irrelevant and out of date with such frequency as Karl Marx Hardly a decade has gone by since his death in which establishment critics have not announced the death of his theory And yet despite their best efforts to bury him Marx s specter continues to haunt his detractors more than a century after his passing As the boom and bust cycle of global capitalism continues to widen inequality around the world a new generation is discovering that the problems Marx addressed in his time are remarkably similar to those of our own In this engaging and accessible introduction Alex Callinicos demonstrates that Marx s ideas hold an enduring relevance for today s activists fighting against poverty oppression environmental destruction and the numerous other injustices of the capitalist system
