Fieldwork Under Fire Carolyn Nordstrom, Antonius C. G. M. Robben, 1995 Required reading for anyone about to leave for the field A timely deserving and original contribution to a rapidly growing body of literature on the study of violence Jean Paul Dumont George Mason University

The Winds of History Andreas Zeman, 2023-10-24 Based on extensive archival research in six countries and intensive fieldwork the book analyzes the history of the village of Nkhlongue on the eastern Mozambican shores of Lake Malawi from the time of its formation in the 19th century to the present day The study uses Nkhlongue as a microhistorical lens to examine such diverse topics as the slave trade the spread of Islam colonization subsistence production counter insurgency decolonization civil war ecotourism and matriliney Thereby the book attempts to reflect as much as possible on the generalizability and global comparability of local findings by framing analyses in historiographical discussions that aim to go beyond the regional or national level Although the chapters of the book deal with very different topics they are united by a common interest in the social history of rural Africa in the longue durée Contrary to persistent clichés of rural inertia in Africa the book as a whole underscores the profound changeability of social conditions and relations in Nkhlongue over the years and highlights how people's room for maneuver kept changing as a result of the Winds of History the frequent and often violent ruptures brought to the village from outside

The Agrarian Question in Socialist Transitions Ashwani Saith, 2013-10-28 First published in 1986 This collection of eight essays begins with a piece that constructs a preliminary argument concerning the position of the peasantry in the twin transitions the first to industrialisation and the second towards socialism In the poor developing country launching upon both simultaneously the agrarian question bifurcates into two dichotomous sets of issues

Negotiating Statehood Tobias Hagmann, Didier Péclard, 2011-10-04 Negotiating Statehood Dynamics of Power and Domination in Africa provides a conceptual framework for analysing dynamic processes of state making in Africa Features a conceptual framework which provides a method for analysing the everyday making contestation and negotiation of statehood in contemporary Africa Conceptualizes who negotiates statehood the actors resources and repertoires where these negotiation processes take place and what these processes are all about Includes a collection of essays that provides empirical and analytical insights into these processes in eight different country studies in Africa Critically reflects on the negotiability of statehood in Africa

Routledge Handbook of International Statebuilding David Chandler, Timothy D. Sisk, 2013-09-02 This new Handbook offers a combination of theoretical thematic and empirical analyses of the statebuilding regime written by leading international scholars Over the past decade international statebuilding has become one of the most important and least understood areas of international policy making Today there are around one billion people living in some 50-60 conflict affected fragile states vulnerable to political violence and civil war The international community grapples with the core challenges and dilemmas of using outside

force aid and persuasion to build states in the wake of conflict and to prevent such countries from lapsing into devastating violence The Routledge Handbook of International Statebuilding is a comprehensive resource for this emerging area in International Relations The volume is designed to guide the reader through the background and development of international statebuilding as a policy area as well as exploring in depth significant issues such as security development democracy and human rights Divided into three main parts this Handbook provides a single source overview of the key topics in international statebuilding Part One Concepts and Approaches Part Two Security Development and Democracy Part Three Policy Implementation This Handbook will be essential reading for students of statebuilding humanitarian intervention peacebuilding development war and conflict studies and IR Security Studies in general **Out from Underdevelopment**

James H. Mittelman, 1988-07-08 **A History of Africa** John Fage, with William Tordoff, 2013-10-23 A History of Africa is a thorough narrative history of the continent from its beginnings to the twenty first century Long established at the forefront of African Studies this book addresses the events of the 1990s and beyond The issues discussed include post apartheid South Africa the prospects for democratization in Africa at the beginning of the new millennium developments in Muslim North Africa including the threat of Islamic fundamentalism economic and social developments including the devastating impact of Third World debt and the provision of debt relief cultural environmental and gender issues in Modern Africa After the Guns Fall Silent Shawn Roberts, Jody Williams, 1995-01-01 Years after peace treaties have been signed and military conflict is nominally over anti personnel mines continue to claim innocent lives This text offers data showing that landmines victimize civilians in direct contravention of the Geneva convention and examines the impact landmines have on people on their communities and on their outlook and view of life The report commissioned by the VVAF examines the consequences of landmine use on post conflict reconstruction and development on refugee movement and resettlement and on the environment It also investigates mine clearance and mine awareness and medical rehabilitative and psychological costs Using original research the report uses case studies from countries including Angola Mozambique Cambodia and the former Yugoslavia Scholarly and accurate analysis combines with people's own words and real personal stories to present a detailed evaluation of the effect of this most potent of weapons This work is published by the Vietnam Veterans of America

Foundation and distributed in the UK and Ireland by Oxfam *Mozambican Civil War* Stephen Emerson, 2019-07-30 How superpower interests and Cold War politics exacerbated a war in Africa that left millions dead or displaced As the Cold War raged on in the 1970s and 1980s much of southern Africa from Angola to Mozambique became caught up in the superpower competition as local and regional proxies for both Moscow and Washington fought it out on the battlefield Thus the struggle to determine the future of a newly independent Mozambique was shaped by multiple factors beyond the control of its people in the course of its sixteen year conflict from 1977 1992 The longevity and ferocity of the Mozambican war would leave an estimated one million dead millions more displaced and homeless and a country in ruins From the rise of the Resistance

Nacional Mo ambicana or Renamo in 1977 as a Rhodesian weapon against Zimbabwean nationalist guerrillas operating in Mozambique through South African patronage in the 1980s and to Renamo's evolution as a self-sufficient insurgency the forces of Mozambican nationalism became inexorably intertwined with the geopolitics of the region and the international manifestations of the Cold War. Thus both government and rebel forces found themselves repeatedly beholden to external interests be it American Soviet Cuban South African or Rhodesian as each sought to advance its own agenda and future vision of the country. However it would be Mozambicans themselves who spilled their blood in a clash of men and arms that spanned the length and breadth of the country and ultimately this is their story of sacrifice and triumph. Includes maps photos and a glossary

Global Rentier Capitalism Balihar Sanghera, 2024-09-16 Recent work on rent and rentierism has offered a distinctive and fresh approach to understanding and explaining contemporary capitalism. Drawing on political economy economics geography and sociology this research has brought together distinct theoretical traditions in original and fertile ways to reshape the study of issues related to class political economic change and environmental challenges. This book critically engages with these theoretical resources to analyse and evaluate economies in the Global North and South. It offers historical theoretical and empirical accounts of rentierism making important cross disciplinary and global connections. Its four parts address global rentier capitalism under the headings of historical lessons theoretical developments and empirical studies of rentierism in the Global North and South. It will be the first book of its kind to offer a global account of rentier capitalism. It will be of immense interest to readers in economics political economy sociology geography and development studies

Deadly Developments Stephen and Downs Reyna, 2005-08-04 Ten anthropologists trace the machinations of war and the effects of violence in capitalist states from their formation to the present. This collection the newest volume in the War and Society series questions the foundations of classical social theory while investigating local and international conflict through the critical and cross cultural lens of social theory history and anthropology. The essays combine to challenge the notion developed by social theorists such as Comte Spencer Durkheim and Engels that war will diminish with the formation and the perpetuation of a capitalist economy and industry. The development of capitalist states and the nefarious and violent processes which must occur to reproduce capitalism are rarely realized and then infrequently analyzed. Many western and ethnocentric scholarly representations of war succeed in hiding the deadly developments that occur as a result of capitalist state formation and relations

The Dynamics of Change in Southern Africa Paul B. Rich, 2016-07-27 An up to date survey of political and economic trends in the Southern African region. It brings together a well informed group of specialists who examine regional security issues the prospect for a constitutional settlement in South Africa and the problems facing Mozambique Angola Zimbabwe the BLS territories and Namibia. The volume adopts an area studies approach and explores fresh analytical perspectives to understand change in the region in the light of the end of the Cold War and the decline of super power involvement in its affairs

The New Insurgencies Michael Radu, 2017-09-29 The appearance of ideologically

motivated anti communist insurgent groups in the Third World is an important new phenomenon that has received little serious attention Analysis has focused on American attitudes while the indigenous roots and motivations of such groups have remained largely unexplored Michael Radu fills in the gap in *The New Insurgencies* with case studies and contributions from Anthony Arnold Paul Henze Justus van de Kroef and Jack Wheeler As the authors show more often than not Third World anti communist insurgencies express a general rejection of values and ideologies from outsiders Many of these insurgencies reflect violent opposition to regimes installed by the Soviets during the 1970s yet they only rarely articulate a struggle for liberal democracy Nationalism religion or the preservation of traditional political and economic patterns are more often the true motivations And while insurgents often apply military and occasionally political methods used by successful Marxist Leninist insurgencies of this century they tend to be rural based and close to the aspirations of the peasant masses rather than directed by the educated and urbanized elites *The New Insurgencies* includes case studies of major anti communist movements today including those in Afghanistan Cambodia Ethiopia Mozambique Angola and Nicaragua It shows that in each the role of local powers such as South Africa Thailand and Pakistan rather than direct U S support has been critical to the insurgents effectiveness In part this may be because the old bipartisan Washington consensus based on anti communism has evaporated and Radu explores why this has occurred Regardless of Washington s support the new insurgencies are likely to persist Their impact on U S Soviet and world policy will be profound *The New Insurgencies* combines extensive use of firsthand data including personal knowledge of some of the major personalities involved with extensive bibliogra

Historical Dictionary of United States-Africa Relations Robert Anthony Waters Jr.,2009-03-20 The image of Africa among Americans at the beginning of the 21st century is tragic America s image among Africans is of a place that is splendid but arrogant and unfeeling Both have large elements of truth Poverty coups corruption pandemic disease and tribal racial and religious violence are all too common in Africa So too is Americans lack of concern about the people of a continent that suffers from these tragedies as well as their government s support for African governments that treat their people as prey instead of citizens The *Historical Dictionary of United States Africa Relations* encompasses the relationship between the two from the trans Atlantic slave trade to the George W Bush administration with particular emphasis on the Cold War It focuses on political and economic aspects of the relationship and includes cultural relations This is done through a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on key persons places events institutions and organizations Traditional Religion and Guerrilla Warfare in Modern Africa S. Weigert,1995-11-27 This study examines a political military tradition in sub Saharan Africa which has survived colonialism as well as the Cold War Five modern African insurgencies are evaluated Madagascar 1947 Kenya Mau Mau 1952 63 Cameroon UPC 1955 70 Congo Zaire Kwilu 1964 8 and Mozambique RENAMO 1977 92 These case studies demonstrate a persistent link between traditional African religion and contemporary nationalist movements whose political as well as military significance has frequently been

underestimated and often misunderstood *Africa since Independence* Paul Nugent, 2012-06-13 An indispensable introductory textbook that provides students with a genuinely comparative study of the different trajectories and experiences of independent African states Paul Nugent explores a range of key concerns including the impact of HIV and AIDS the contagion of warfare and efforts at achieving national reconciliation both in the past and today This is an ideal core text for modules on Modern African History African Politics or Africa since Independence or a supplementary text for broader modules on African History which may be offered at the upper levels of an undergraduate History Politics or African Studies degree In addition it is a crucial resource for students who may be studying modern African history for the first time as part of a taught postgraduate degree in African History African Politics or African Studies New to this Edition Revised and updated throughout in light of the latest research Reflects recent developments on issues such as AIDS urbanization the secession of South Sudan questions of citizenship and the importance of transnational spaces This second edition now features photographs **Violence and Belonging** Vigdis Broch-Due, 2005 Violence and Belonging explores the formative role of violence in shaping people's identities in modern postcolonial Africa Comrades Judson L. Jeffries, 2007-12-25 Essays about the original Black Panther Party's local chapters in seven American cities that seek to move beyond the usual media stereotypes Recommended Choice The Black Panther Party for Self Defense was founded in Oakland California in 1966 by Huey P Newton and Bobby Seale It was perhaps the most visible of the Black Power groups in the late sixties and early seventies not least because of its confrontational politics its rejection of nonviolence and its headline catching gun toting militancy Important on the national scene and highly visible on college campuses the Panthers also worked at building grassroots support for local black political and economic power Although there have been many books about the Black Panthers none has looked at the organization and its work at the local level This book goes beyond Oakland and Chicago examines the work and actions of seven local initiatives in Baltimore Winston Salem Cleveland Indianapolis Milwaukee Philadelphia and Los Angeles These local organizations are revealed as committed to programs of community activism that focused on problems of social political and economic justice Regional Guide to International Conflict and Management from 1945 to 2003 Jacob Bercovitch, Judith Fretter, 2004-11-23 Regional Guide to International Conflict Management from 1945 to 2003 provides global regional and specific information on the over 350 international conflicts that have occurred since World War II At the heart of the book are comprehensive regional sections each of which includes An essay providing regional context and highlighting the interrelation of countries and conflict in that area Summaries of each conflict in the region arranged chronologically and covering history circumstances players management and outcome References for further research Introductory chapters examine global patterns and trends in international conflict and how conflict is managed including ethnic conflict and the expanded role of the United Nations Tables figures maps and a comprehensive index round out this valuable resource Regional Guide to International Conflict and Management from 1945 to 2003 gives

readers the tools and content necessary for understanding and analyzing international conflict in today's world. Perfect for political science, comparative government, politics, international relations, and world history programs.
