Keefe, 2012-06-28 Presenting a fresh interpretation of Mozart s Requiem Simon P Keefe redresses a longstanding scholarly imbalance whereby narrow consideration of the text of this famously incomplete work has taken precedence over consideration of context in the widest sense Keefe details the reception of the Requiem legend in general writings fiction theatre and film as well as discussing criticism scholarship and performance Evaluation of Mozart s work on the Requiem turns attention to the autograph score the document in which myths and musical realities collide Franz Xaver S ssmayr s completion 1791 2 is also re appraised and the ideological underpinnings of modern completions assessed Overall the book affirms that Mozart s Requiem fascinating for interacting musical biographical circumstantial and psychological reasons cannot be fully appreciated by studying only Mozart s activities Broad ranging hermeneutic approaches to the work moreover supersede traditionally limited discursive confines *The Life of Mozart* Otto Jahn, 2020-12-17 Life of Mozart in three volumes is a biography of famous Austrian composer Wolfgang Amadeus Mozart written for the centenary of his birth It was written by German scholar Otto Jahn who collected the written sources on the life of the composer for the first time and evaluated them using philological methods The book is basically an Encyclopedia of musical art and biography It presents not only the narrative of Mozart s life in the
