A. Mozart: Don Giovanni Julian Rushton, 1981-10-29 A study of Mozart s Don Giovanni one of the best known and most often performed opears of the last 200 years *Inceptions* Kevin Ohi, 2021-04-06 The beginning is both internal and external to the text it initiates and that noncoincidence points to the text s vexed relation with its outside Hence the nontrivial self reflexivity of any textual beginning which must bear witness to the self grounding quality of the literary work its inability either to comprise its inception or to externalize it in an authorizing exteriority In a different but related way the fact that they must begin renders our lives and our desires opaque to us what Freud called latency marks not only sexuality but human thought with a self division shaped by asynchronicity From Henry James s New York Edition prefaces to George Eliot s epigraphs from Ovid s play with meter to Charles Dickens s thematizing of the ex nihilo emergence of character from Wallace Stevens s abstract consideration of poetic origins to James Baldwin s Carson McCullers s and Eudora Welty s descriptions of queer childhood writers repeatedly confront the problem of inception Inception introduces a fundamental contingency into texts and psyches alike in the beginning all could have been otherwise For Kevin Ohi the act of inception and the potential it embodies enables us to see making and unmaking coincide within the mechanism of creation In this sense
