Mr Horrox And The Gratch:

Mr. Horrox and the Gratch James Reeves, 1991 With the help of a spirit called the Gratch an artist becomes very successful by changing his style of painting Children's Books from Other Countries Carl M. Tomlinson, 1998-01-15 Every child is entranced by the magic of story regardless of national boundaries Many of the most memorable childhood stories have their origins in other countries Exposing children to this multi national body of literature introduces them to the great diversity of people and cultures that populate the world at a young age enabling them to become more thoughtful and generous individuals Children s Books from Other Countries is a complete and current guide to international children s literature The concept of a bibliography of international children s literature is not new In the past many books have accomplished this task The last two decades however have not yet produced a current reference source devoted to international children s books Children s Books from Other Countries wonderfully rectifies this lack of attention An introductory essay provides an overview of the field including a discussion on the rationale of sharing international books with children a brief history of the children s literature movement related books and awards and basic information about the International Board on Books for Young People IBBY and its American branch the United States Board on Books for Young People USBBY An annotated bibliography contains over 700 titles from 29 different countries printed between 1950 and 1996 All titles are available in English many have been translated and others have originated in other English speaking countries The titles are organized by genre and have been selected for their high quality They are primarily targeted for children ages 0 14 although a few outstanding young adult titles are included Winners of the Mildred Batchelder Award and the Hans Christian Andersen Medal are listed in the appendix Indexes include Author Title Index Country of Origin Index and Subject Index Affordable and readable this timely resource is certainly a must for librarians and teachers and other professionals working with children Sponsored by the United State Young at Art Susan Striker, 2011-04-01 From the creator of the bestselling Anti Coloring Book series with more than 600 000 copies sold a new parenting guide to encouraging creativity in preschool age children Young at Art is the first and only comprehensive book for the general audience about the nature value and impact of art on very young children Directed towards parents and educators of one to five year olds Susan Striker explains why children s art is not a frill but the very foundation upon which all later fundamental skills are built She drives home the idea that encouraging children s artistic growth will have beneficial effects on all other aspects of their emotional and intellectual development At the core of this practical guide is the understanding that art is an important tool in teaching young children crucial concepts related to self expression reading and writing As opposed to more structured exercises such as coloring on dittos and underlining pictures in workbooks Striker stresses that scribbling and free drawing experiments are the most important art activities a child can engage in they better prepare children to read independently as they grow Young at Art provides descriptions for age appropriate art activities tips for carrying them out

safely and helps parents recognize what a child's art work should look like at each stage of development With Young at Art parents will develop realistic expectations of their children's work learn how to speak to their children about their art and facilitate skills well beyond their creativity that will benefit children *The Junior Bookshelf*, 1970 *The Horn Book Guide to Children's and Young Adult Books*, 1991 **Bulletin of the Center for Children's Books**, 1991 *The Illustrated London News*, 1969 *Who's who*, 1975 **The School Librarian**, 1969 **Books and Bookmen**, 1973 *The Author's & Writer's Who's who* Edward Martell, 1971 *A Dictionary of Literature in the English Language from 1940 to 1970* Robin Myers, 1978 This is a short title checklist on some 1 300 authors each entry of which comprises brief biographical notes bibliographical references an index of titles and a checklist of books with their first publication date Its main aim is to offer librarians booksellers and researchers a finding tool for those authors currently in demand whether meritorious or meretricious It brings together in a single volume for the first time a broad selection of English speaking writers publishing between 1940 and 1970 It serves as a comprehensive reference tool for British and American authors while its real usefulness lies in the obscure entries for Africa Australasia and the Third World where source material takes a great deal of researching and very few published bibliographies exist **The Publishers Weekly**, 1991 **Children's Book Review**, 1973 Issues for Apr 1971 include separately paged section Children's book review occasional list no 1 *The Times Literary Supplement*, 1982 *Contemporary Authors* Scot Peacock, 2002-04 In response to the escalating need for up to date information on writers *Contemporary Authors New Revision Series* brings researchers the most recent data on the world's most popular authors These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original *Contemporary Authors* entries For your convenience a soft cover cumulative index is sent biannually While Gale strives to replicate print content some content may not be available due to rights restrictions Call your Sales Rep for details **Subject Guide to Children's Books in Print**, 1978 **Children's Book Review Index 85-94 V 3** George Baer, 1995-12-04 **Whitaker's Cumulative Book List**, 1974 **Who was who**, 1971
