100 Poems to Break Your Heart Edward Hirsch,2021 We are not so much diminished as enlarged by grief by our refusal to vanish or to let others vanish without leaving a verbal record The poet is one who will not be reconciled who is determined to leave a trace in words to transform oceanic depths of feeling into the faithful nuances of art Poetry companions us Poems are written in solitude but they reach out to others which makes poetry a social act It rises out of one solitude to meet another Poems of terrible sadness and loss trouble and challenge us but they also make us feel less alone and more connected Our own desolations become more recognizable to us more articulate something shared We become less isolated in our sorrow and thus are befriended by the words of another There is something ennobling in grief that is compacted expressed and

transfigured into poetry Book jacket **The Origins of Anti-Authoritarianism** Nina Witoszek, 2018-10-31 This book discusses the ongoing revolution of dignity in human history as the work of humanist outliers small groups and individuals dedicated to compassionate social emancipation It argues that anti authoritarian revolutions like 1989 s Autumn of the Nations succeeded in large part due to cultural and political innovations springing from such small groups The author explores the often ingenious ways in which these maladapted and liminal outliers forged a cooperative and dialogic mindset among previously resentful and divided communities Their strategies warrant closer scrutiny in the context of the ongoing 21st century revolution of dignity and efforts to re unite an ever more troubled and divided world The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license *Solitude* Carmela Ciuraru, 2005-11-01 A literary sanctuary for what Shakespeare called sessions of sweet silent thought this exquisite gathering of poems speaks to the consolations of solitude Here is Wordsworth wandering lonely as a cloud Poe confiding all I loved I loved alone Yeats s communion with the deep heart s core and Han Shan s heart of a hermit clean as a white lotus From Sir Edward Dyer s My Mind to Me a Kingdom Is to the spiritual searching of the Transcendentalists to the meditative verse of Jorie Graham some of the most indelible poems from every time and culture have grown out of the aloneness inherent in the poet s art The poems collected here whether reflecting on the soul or on nature addressing an absent loved one or honoring the self form a book of respite and contemplation and a beautiful tribute to the interior life **Don DeLillo after the Millennium** Jacqueline A. Zubeck, 2020-07-06 Don DeLillo after the Millennium Currents and Currencies examines all the author s work published in the 21st century The Body Artist Cosmopolis Falling Man Point Omega and Zero K the plays Love Lies Bleeding and The Word for Snow and the short stories in The Angel Esmeralda What topic doesn t DeLillo tackle Cyber capital and currency markets ontology and intelligence global warming and cryogenics Don DeLillo continues to ponder the significance of present cultural currents and to anticipate the waves of the future Performance art and ethics drama and euthanasia space studies and the constrictions of time DeLillo perspicaciously reads our culture giving voice to the rhythms of our vernacular and diction Rich and resonant his work is so multifaceted in its attention that it accommodates a wide variety of critical approaches while its fine and filigreed prose commends him to a poetic appreciation as well Don DeLillo after the Millennium brings together an international cast of scholars who examine DeLillo s work from many critical perspectives exploring the astonishing output of an author who continues to tell our stories and show us ourselves **Plurality and the Poetics of Self** Bruce Bond, 2019-06-18 Plurality and the Poetics of Self investigates the words I and self as suggestive of eight territories of meaning Via poetry s lens into language and its limits Bruce Bond explores the notion of self as identity volitional agent ego existential monad subjectivity ontological origin soul and transpersonal psyche Taking poetic meaning as our common currency the book emphasizes the critical role of the un representable and how embattled and confused

assumptions threaten ever deeper alienation from one another and ourselves *New Perspectives in Twentieth-Century Polish Literature* Stanislaw Eile, Ursula Phillips, 1992-06-18 Serves as an introduction to contemporary Polish literature developed through critical discussion of key problems and representative writers It includes poetry fiction and drama Some essays are devoted to individual writers including Milosz Herbert Gombrowicz Schulz Konwicki and Mrozek *Between Time and Eternity*, 2022-06-08 *Where Did It All Go Right?* Al Alvarez, 2012-07-05 Al Alvarez poet critic novelist sportsman and poker player has for seventy years been hard to categorize He is the author of the best selling study of suicide *THE SAVAGE GOD* and as poetry editor of the *OBSERVER* he has known most of the leading poets of the second half of last century For a time he was an influential critic and his anthology *THE NEW POETRY* scandalised the literary community Much of the liveliness of Alvarez s story is inspired by the ambiguous fate of being an English Jew Although his family had been settled in London for more than two centuries being Jewish always made them feel like outsiders From public schools to Oxford to the hardscrabble world of freelance writing Alvarez found time to climb mountains play poker and write books about these pastimes which are now regarded as classics *WHERE DID IT ALL GO RIGHT* is his memorable irreverent account of that journey *Selected Poems* Zbigniew Herbert, 1990 **Tradition, Literature and Politics in East-Central Europe** Carl Tighe, 2020-12-30 Milan Kundera warned that in in the states of East Central Europe attitudes to the west and the idea of Europe were complex and could even be hostile But few could have imagined how the collapse of communism and membership of the EU would confront these countries with a life that was suddenly and disconcertingly modern and which challenged sustaining traditions in literature culture politics and established views on identity Since the countries of East Central Europe joined the European Union in 2004 the politicians and oppositionists of the centre left who once led the charge against communism have often been forced to give way to right wing authoritarian populist governments These governments while keen to accept EU finance have been determined to present themselves as protecting their traditional ethno national inheritance resisting foreign interference stemming the gay invasion halting Islamic replacement and reversing women s rights They have blamed Communists liberals foreigners Jews and Gypsies revised abortion laws tampered with their constitutions to control the Justice system and taken over the media to an astonishing degree By 2019 amid calls for the suspension of their voting rights both Poland and Hungary had been taken to the European Court of Justice and the European Parliament and had begun to explore ways to put conditions on future EU funding This book focuses on the interface between tradition literature and politics in east central Europe focusing mainly on Poland but also Hungary and the Czech Republic It explores literary tradition and the role of writers to ask why these left liberals who were once ubiquitous in the struggles with communism are now marginalised often reviled and almost entirely absent from political debate It asks in what ways the advent of capitalism normalised literature and what the consequences might be It asks whether the rise of chauvinism is normal in this part of the world and whether the literary traditions that helped sustain independent political

thought through the communist years now instead of supporting literature feed nationalist opinion and negative attitudes to the idea of Europe
