Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1977 **Daughters of the Church** Ruth A. Tucker, Walter L. Liefeld, 2010-08-10 Rich in historical events and colorfully written this fascinating account of women in the church spans nearly two thousand years of church history It tells of events and aspirations determination and disappointment patience and achievement that mark the history of daughters of the church from the time of Jesus to the present The authors have endeavored to present an objective story The very fact that readers may find themselves surprised now and again by the prominent role of women in certain events and movements proves an inequality that historical narrative has often been guilty of This is a book about women It is a setting straight off the record a restoring of balance to history that has repeatedly played down the significance of the contributions of women to the theology the witness the movements and the growth of the church An exegetical study of relevant Scripture passages offers stimulating thought for discussion and for serious reevaluation of historical givens This volume is enriched by pictures appendixes bibliography and indexes Like many of the women whose stories it tells this book has a subdued strength that should not be underestimated

**Catholics in America** Russell Shaw, 2016 This book is a collection of popularly written profiles of some of the leading figures in American Catholic history The group includes Archbishop John Carroll Saint Elizabeth Ann Seton Orestes Brownson Cardinal James Gibbons Al Smith Dorothy Day Cardinal Francis Spellman President John F Kennedy and others Collectively these individuals tell the story of the building and the shaping of the largest religious body in the United States But this book is more than a historical survey of prominent personalities Catholics in America explores the ongoing often

controversial effort of Catholics to work out their identity in a secular and sometimes hostile society Taken together the chapters pose a fundamental challenge to the conventional wisdom of Catholic Americanist historiography which takes cultural assimilation for granted The oldest question in the history of the Catholic Church in the United States may be this Is it possible to be a good Catholic and a good American This book documents the variety of answers that have been given to date and demonstrates that the question is timelier now than ever before The American Catholic Experience Jay P. Dolan, 2011-09-07 Catholicism has had a profound and lasting influence on the shape the meaning and the course of American history Now in the first book to reflect the new communal and social awakening which emerged from Vatican Council II here is a vibrant and compelling history of the American Catholic experience one that will surely become the standard volume for this decade and decades to come Spanning nearly five hundred years the narrative eloquently describes the Catholic experience from the arrival of Columbus and the other European explorers to the present day It sheds fascinating new light on the work of the first vanguard of missionaries and on the religious struggles and tensions of the early settlers We watch Catholicism as it spread across the New World and see how it transformed and was transformed by the land and its people We follow the evolution of the urban ethnic communities and learn about the vital contributions of the immigrant church to Catholicism And finally we share in the controversy of the modern church and the extraordinary changes in the Catholic consciousness as it comes to grips with such contemporary social and theological issues as war and peace and the arms race materialism birth control and abortion social justice civil rights religious freedom the ordination of women and married clergy The American Catholic Experience is not just the history of an institution but a chronicle of the dreams and aspirations the crises and faith of a thriving ever evolving religious community It provides a penetrating and deeply thoughtful look at an experience as diverse as exciting and as powerful as America itself **A Critical Dictionary of English Literature and British and American Authors** Samuel Austin Allibone, 1871 *Pioneer Spirit* Mary Ellen Doyle, 2021-12-14 Mother Catherine Spalding 1793 1858 was the cofounder and first leader of one of the most significant American religious communities for women the Sisters of Charity of Nazareth near Bardstown Kentucky Elected at age nineteen to lead the order Spalding also founded several educational institutions Louisville s first private hospital and the first social service agency for children in Kentucky *Pioneer Spirit* is the first biography of Catherine Spalding a woman who made it her life s work to serve the citizens of the Kentucky frontier Catherine who lost her mother at a young age and was raised in many different homes before she was ten years old eventually came to be raised in a colony of Catholic families These formative years taught her independence the value of hard work and an enduring spirit and the importance of education all of which would figure prominently in her later career Spalding became increasingly interested in health care services for orphans and education and her business skills and strong sense of purpose allowed her to achieve her goals with little interference from outsiders She showed a natural gift for administration and the scope and services of the Sisters of

Charity expanded under her leadership In the midst of this ministerial work however Spalding always maintained the connection of her ministry to spiritual and communal life ascribing great importance to all three facets of her calling Author Mary Ellen Doyle notes that in Spalding s correspondence with the Sisters she repeatedly emphasized the heart of charity genuine interest in each other and sisterly affection free of personal ambition or jealousy By the time of Catherine Spalding s death the Sisters of Charity of Nazareth extended beyond Nazareth to more than one hundred sisters in sixteen convents Spalding s legacy of service continues today with more than six hundred members worldwide and her story of progressive and compassionate leadership offers unique insights into the growth of a religious order and the struggles of developing America s frontier communities

**Women in Christian History** Carolyn DeArmond Blevins, 1995 For much of Christian history the role of women in the life of the church both local and universal has been downplayed overlooked or simply denied Such a state of affairs of course also denies the testimony of the church s Scriptures regarding the key role women played in Jesus own ministry and that of the early church It denies or deliberately overlooks the significant role of women in the life of the church throughout the church s history down to and including the present day In recent years such denial of the significant place of women in Christian history of course has been addressed But nowhere is there available a more comprehensive bibliography than the present one compiled by Carolyn Blevins The reach of Blevins s bibliography is wide from the earliest church to present times across every ethnic and national boundary and throughout virtually every segment of the church Catholic and Protestant and stripes in between or beyond This is in many ways but a beginning place Yet with the help of Blevins s good work students teachers researchers historians and all other seekers after the significant place of women in Christian history have indeed a place to make a good beginning
