Brown,2012-08-08 Loren is in his early 30s living a successful and beautiful life The death of his lover Steve from AIDS hits like a storm This is the story of two entwined chapters of Loren s life the last 10 days of Steve s existence and Loren s year long quest to find closure while traveling around the world with nothing but a backpack Country by country discovery by discovery Loren makes the journey from what was once familiar and comfortable to face his fears let go of the past forgive and heal By the time he returns home from his pilgrimage Loren has gone through a tremendous life altering transformation Now filled with peace empathy and empowerment he moves beyond the constraints he had once set for himself What started as a tragic event leads Loren to a voyage of discovery that will result in the wisdom and trust to embrace every moment of life in its simplicity and greatness The Rotarian ,1925 **New York Magazine** ,1988-02-22 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **A Love Too Strong To Die** Hebert Centrone,Elizabeth Benton,2003-07 Adventurer at heart Hebert Centrone has lived on the edge literally On his journey through life he never gave up on love and kept searching for his soul mate An eyewitness to glory terror and tragedy he has braved discrimination and bitter cold snow storms to become what his friends call an extraordinary mountaineer He hasn t told his story in his own words until now Among the most intrepid and fearless climbers Hebert Centrone has traveled from coast to coast in search of fresh challenges and new heights to conquer Along the way he has accumulated an extraordinary list of experiences including an excruciating night without a tent in a shallow snow cave With the triumphs came harrowing incidents of suffering and many humiliating situations at the hand of his climbing partner This is just not the end but the very

beginning of a journey full of great expectations **Deep Preaching** J. Kent Edwards, 2009 J Kent Edwards recalls a story that late pastor J Vernon McGee told about seeing children in South Africa playing a game of marbles in the dust with real diamonds The precious stones were being handled with no regard for their true worth Edwards fears the same thing happens today when preachers offer Scriptural truth to listeners without being completely overwhelmed by its greatness themselves in the process Deep Preaching is his call to rethink preaching Edwards helps preachers learn to preach the word in ways that will powerfully change the lives of hearers He contends that sermons need not settle comfortably on the lives of the listeners like dust on a coffee table He encourages preachers to join him in casting off the lines that moor their ministries to the status quo and make every effort to steer their preaching out of the comfortable shallows He urges them to preach deep sermons rather than superficial ones moving beyond the yawn inspiring to the awe inspiring from the trite to the transforming

Value

Creation for Owners and Directors Massimo Massa, Kai Taraporevala, Ludo Van der Heyden, 2023-05-10 This book deals with a much understudied and poorly understood aspect of business the role of owners and boards in value creation While there is abundant guidance on value creation for publicly listed firms and their managers the role played by owners and their corporate directors in value creation and governance has been overlooked This book aims to fill that gap The first part deals with the mission and the values and rules pertaining to the governance of the business These structural elements are fundamental for owners to get right as they pave the way to value creation or its opposite They refer to WHAT owners have to do Another element is the formation of the three boards that govern owner led firms the owners board the board of directors and the management board The second part addresses the relational elements that owners must master to effectively manage the social and emotional dynamics in their enterprise It deals with the HOW of ownership namely the leadership process that lies at the heart of board work This process ensures alignment across the three boards and also with stakeholders that is vital to realizing owners value creating aims Thirdly the book explores the histories defining experiences and talents that define owners and shape their enterprise It concerns the WHOM namely the identities of owners It explores the diversity of ownership styles and identifies the critical personal transitions owners must make in their leadership quest This book offers a practical guide for business aiming for value creation It also should be of interest to directors and executives of all firms with identifiable ownership such as entrepreneurial family state owned and private equity firms
