Introduction to Surgery for Students Rebecca A. Fisher, Kamran Ahmed, Prokar Dasgupta, 2017-08-03 Introduction to surgery aims to provide a one-stop guide to the basics of surgery for surgical rotations as well as providing information for aspiring surgeons on how to explore a surgical career and build your CV for surgical applications. It aims to be the go-to companion for any student shadowing in theatres and a thorough guide for students wishing to spend more time in a specific specialty, conduct research and plan careers. Windsor Mitchell K K Yeo **Christopher's Journey** Maribeth R. Ditmars, 2007-03-25 Poignant and bittersweet Christopher's Journey is the true story of a remarkable young man's battle with leukemia and the lives that he touches along the way. Author Maribeth Ditmars chronicles her son Christopher's chemotherapy treatments, his irrepressible antics, and finally his insightful acceptance of his own illness. Maribeth Ditmars writes with a special sense of humor so reminiscent of Chris. Her understanding of the critical need for laughter during such difficult times is a valuable message to all who read her words. Chris's story, as told from a mother's perspective, will be helpful to others as they journey through treatment, recovery, and sometimes loss. Anna Maria Gentile, Regional Director, The Leukemia Lymphoma Society: I was incredibly moved by this story. It made me go home and hug my kids. Although I cried several times during the reading, I never wanted to stop. I was in awe of Chris's spirituality, acceptance, and peace. Christopher's Journey is a beautiful book. Susan Burns, Sarasota Magazine: Christopher's Journey gives voice to those children's physical and emotional struggles endured during treatment. This book will be a valuable tool for anyone who is touched by a child's courageous fight against cancer. Jerry Barbosa, MD, Director, Pediatric Oncology, All Children's Hospital: *Live Strong* The Lance Armstrong Foundation, 2005-09-27 Survivors from all walks of life talk about what living strong in the face of cancer means to them. Since the now ubiquitous LIVESTRONG wristbands became available in May 2004, the Lance Armstrong Foundation has raised more than 50 million for cancer survivorship programs, and the signature phrase has become a battle cry for those who fight the disease every day. Now the Lance Armstrong Foundation has compiled from hours of videotaped interviews poignant and dramatic personal accounts from cancer survivors. Covering a wide range of subjects from grief to spousal relationships, employment discrimination to coping with medical bills, infertility to fear of recurrence, survivors share their experiences and speak candidly about how cancer has impacted their lives. For twenty-four-year-old Amy, it's how her illness changed her relationship with her parents. Mike, a male survivor of breast cancer, talks about gender stereotypes and genetic testing. And Eric, the father of a five-year-old survivor of a brain tumor, recalls how friends and strangers helped his family with financial issues and how the experience brought him and his wife closer together. While heartbreaking at times, these powerfully honest stories are ultimately uplifting and extremely reassuring to patients and their families. They offer the wisdom and hope that only survivors can give. LiveStrong is a remarkable testament to the resilience of the human spirit. From the introduction by Lance Armstrong: My work with the LAF shows me daily that sharing our stories and learning from one another's experiences helps us, cancer survivors, continue to survive. Some people think the cancer experience is only about the diagnosis and treatment of cancer, as if after the disease goes into remission, it no longer exists. But survivorship goes beyond remission. Survivorship is an evolution. Survivor Laura Landro, 1999-07-14 Shortly after her thirty-seventh birthday, Wall Street Journal reporter and editor Laura Landro was told that she had chronic myelogenous leukemia. Survivor is the remarkable account of her battle against this devastating, potentially fatal cancer and her successful struggle to take control of her own case. At first, almost

paralyzed with fear when diagnosed with this form of blood cancer Laura Landro resolved to use her journalistic training to seek out the treatment that would give her the best shot at surviving Noting that most Americans spend more time researching what kind of car to buy than they do their health care she shows how and why all patients can and must arm themselves with the facts learn to understand medical jargon get doctors to answer all their questions in layman s terms weigh conflicting medical opinions and make the difficult choice among the options open to them Survivor is a moving deeply personal account of a life and death experience In it Laura Landro tells of a fight to live that brought her to the brink of death and to a despair that at times made her wonder if the struggle was worth it Her inspiring story offers all readers hope and the know how to navigate the terrifying and bewildering world of medicine even when they are very ill and at their most vulnerable Laura Landro has written a book that is must reading for everyone who has been diagnosed with cancer and for everyone who has a cancer patient in the family It will rank beside such classics as Norman Cousins s Anatomy Of an Illness As Perceived by the Patient Cornelius Ryan s A Private Battle and John Gunther s Death Be Not Proud at once a work of literature and a manifesto for every cancer patient *TV Guide* ,2005 *Patients' Lived Experiences During the Transplant and Cellular Therapy Journey* Jean Coffey,John M.
