Canadian Books in Print. Author and Title Index, 1975 *Raincoast Chronicles* 23 Peter A. Robson, 2015-04-25

When the first edition of *Raincoast Chronicles* was produced by a couple of novice publishers in the unlikely location of Pender Harbour in 1972 it boldly announced that it was going to put BC character on the record Printed in sepia ink and decorated with the rococo flourishes characteristic of that extravagant era the unclassifiable journal cum serial book about life on the BC coast struck a nerve and in time became something very close to what it set out to be a touchstone of British Columbia identity Soon the term Raincoast which had been coined by the editors was appearing on boats puppet theatres interior decorating firms and at least one other publishing enterprise Raincoast Chronicles also created another publishing enterprise Harbour Publishing Many of the stories that started out as articles in the *Chronicles* grew into books and so the White family was more or less forced to get into book publishing to deal with them That undertaking went on to publish some six hundred books and counting about every possible aspect of BC and in 2014 celebrated its fortieth anniversary in the biz To honour that occasion this special double issue of *Raincoast Chronicles* takes a tour down memory lane selecting a trove of the most outstanding stories in all those Harbour books and republishing them in one volume Here are some of Canada's most exciting and iconic writers Al Purdy Anne Cameron Edith Iglauer Patrick Lane and Grant Lawrence to start a long list Here also are stories of disasters at sea scarcely believable bush plane feats eerie events at coastal ghost towns and a First Nations elder who has seen so many sasquatches he finds them sort of boring Full of great drawings and photos this jumbo anniversary edition of *Raincoast Chronicles* is a feast of great Pacific Northwest storytelling **Converging Empires**

Andrea Geiger, 2022-03-15 Making a vital contribution to our understanding of North American borderlands history through its examination of the northernmost stretches of the U S Canada border Andrea Geiger highlights the role that the North Pacific borderlands played in the construction of race and citizenship on both sides of the international border from 1867 when the United States acquired Russia's interests in Alaska through the end of World War II Imperial national provincial territorial reserve and municipal borders worked together to create a dynamic legal landscape that both Indigenous and non-Indigenous people negotiated in myriad ways as they traversed these borderlands Adventurers prospectors laborers and settlers from Europe Canada the United States Latin America and Asia made and remade themselves as they crossed from one jurisdiction to another Within this broader framework Geiger pays particular attention to the ways in which Japanese migrants and the Indigenous people who had made this borderlands region their home for millennia Tlingit Haida and Tsimshian among others negotiated the web of intersecting boundaries that emerged over time charting the ways in which they infused these reconfigured national provincial and territorial spaces with new meanings Canadian Book Review Annual, 1998 **Notes from an Island** Tove Jansson, 2024-10-22 From a renowned artist and writer a deeply personal nature journal about the island that informed her many works with paintings from her longtime partner artist Tuulikki Tooti

Pietil In the bitter winds of autumn 1963 Tove Jansson helped by Brunström a maverick fisherman raced to build a cabin on a treeless island in the Gulf of Finland The island was Klovharun where for thirty summers Tove and her beloved partner the visual artist Tuulikki Tooti Pietil lived painted and wrote energized by the solitude and shifting seascapes The island's flora fauna and weather patterns provided deep inspiration which can be seen reflected in all of Jansson's work most famously in her bestselling novel *The Summer Book* and her longstanding comic strip and novels for children *Moomin* Tove's signature spare quirky prose and Tooti's subtle ink washes and aquatints combine to form a work of meditative beauty a chronicle of living peacefully in nature and observing the island's ecology and character *Notes from an Island* is both a work of artistic collaboration and an homage to the deep love the two women shared One feels as if Jansson's journal with Tooti's sketches tucked inside has been unearthed like a treasure from under a pile of old quilts in the back of their rustic cabin Praise for the essay *The Island* At once a short story an essay and a prose poem *The Island* reads both like a sketch for *The Summer Book* and a vignette of Klovharun the text seems to change following mysterious tides from a timeless present to an urgent past Hernan Diaz finalist for the Pulitzer Prize Praise for Tove Jansson It could be said that everything she wrote is in one way or another about the creative interactions between art and reality or art and nature *The Guardian* Her style is not at all poetic quite the contrary It is prose of the very highest order it is pure prose Through its quiet clarity we see unreachable depths threatening darkness promised treasures Ursula K LeGuin *The Guardian* Tove Jansson was a genius a woman of profound wisdom and great artistry Philip Pullman It's hard to describe the astonishing achievement of Jansson's artistry Ali Smith
