Translating Jazz Into Poetry Erik Redling, 2017-02-20

The study develops a new theoretical approach to the relationship between two media jazz music and writing and demonstrates its explanatory power with the help of a rich sampling of jazz poems Currently the mimetic approach to intermediality e g the notion that jazz poetry imitates jazz music still dominates the field of criticism This book challenges that interpretive approach It demonstrates that a mimetic view of jazz poetry hinders readers from perceiving the metaphoric ways poets rendered music in writing Drawing on and extending recent cognitive metaphor theories Lakoff Johnson Turner Fauconnier it promotes a conceptual metaphor model that allows readers to discover the innovative ways poets translate melody dynamics tempo mood and other musical elements into literal and figurative expressions that invite readers to imagine the music in their mind s eye i e their mind s ear

Epistrophies Brent Hayes Edwards, 2017-06-05 Hearing across media is the source of innovation in a uniquely African American sphere of art making and performance Brent Hayes Edwards writes He explores this fertile interface through case studies in jazz literature both writings informed by music and the surprisingly large body of writing by jazz musicians themselves

Civic Jazz Gregory Clark, 2015-02-25 Jazz is born of collaboration improvisation and listening In much the same way the American democratic experience is rooted in the interaction of individuals It is these two seemingly disparate but ultimately thoroughly American conceits that Gregory Clark examines in Civic Jazz Melding Kenneth Burke s concept of rhetorical communication and jazz music s aesthetic encounters with a rigorous sort of democracy this book weaves an innovative argument about how individuals can preserve and improve civic life in a democratic culture Jazz music Clark argues demonstrates how this aesthetic rhetoric of identification can bind people together through their shared experience in a common project While such shared experience does not demand agreement indeed it often has an air of competition it does align people in practical effort and purpose Similarly Clark shows Burke considered Americans inhabitants of a persistently rhetorical situation in which each must choose constantly to identify with some and separate from others Thought provoking and path breaking Clark s harmonic mashup of music and rhetoric will appeal to scholars across disciplines as diverse as political science performance studies musicology and literary criticism
