## Notes On Brahms:

**Notes on Brahms** Conrad Wilson, 2005      **Brahms** John Bell Young, 2016-11-28 Engaging survey covers Brahms major orchestral choral and piano music culminating in a discussion of the German Requiem Commentary places the composer's compelling music within the context of his era and environment      **Brahms's Violin Sonatas** Joel Lester, 2020-08-21

Notation in Johannes Brahms's sonata scores tells violinists and pianists far more than merely what pitches to play and how long to play them if read carefully these scores reveal an immense amount of expression both of musical and human essences Joel Lester's Brahms's Violin Sonatas magnifies key passages from these scores revealing in clear and accessible language how the composer built his themes and musical narratives and how ultimately Brahms's music came to sound Brahmsian Through close readings and annotated musical examples Brahms's Violin Sonatas guides practitioners to read scores with care and to develop their own informed interpretation of the pieces eschewing the notion of a single correct interpretation of the historical score By exploring not only the sonatas musical elements but also their relationship to important events in the composer's life Lester shows how subtle components can communicate the gestures moods personalities and emotions that make Brahms's music so compelling A companion volume to the author's award winning 1999 study Bach's Works for Solo Violin Style Structure and Performance OUP Brahms's Violin Sonatas is a clear and practical guide to understanding and performing Brahms's music in the present      **Historical, Descriptive & Analytical Account of the Entire Works of Johannes Brahms, Etc. [With a Portrait and Musical Notes.]** Edwin Evans, Johannes Brahms,      **Brahms and His Four Symphonies. [With a Portrait and Musical Notes.]** Julius Harrison, Johannes Brahms, 1939      **Brahms and the Shaping of Time** Scott Murphy, 2018 Combines fresh approaches to the life and music of the beloved nineteenth century composer with the latest and most significant ways of thinking about rhythm meter and musical time      *Contemporary Biography* Carnegie Library of Pittsburgh, 1903      *Allusion as Narrative Premise in Brahms's Instrumental Music* Jacquelyn E. C. Sholes, 2018-05-24 A musicologist offers a fresh look at how Brahms used the inspiration of earlier composers in his own instrumental works As Jacquelyn E C Sholes reveals in this study an essential aspect of Johannes Brahms's art was the canny use of musical references to the works of others By analyzing newly identified allusions alongside previously known musical references in works such as the B Major Piano Trio the D Major Serenade the First Piano Concerto and the Fourth Symphony Sholes demonstrates how a historical reference in one movement can resonate meaningfully musically and dramatically with material in other movements in ways not previously recognized Brahms masterfully wove such references into broad movement spanning narratives Sholes argues that these narratives served as expressive outlets for his complicated attitudes toward the material to which he alludes Ultimately Brahms's music reveals both the inspiration and the burden that established masters such as Domenico Scarlatti J S Bach Haydn Mozart Schubert Schumann Wagner and especially Beethoven represented for him as he struggled to establish his own artistic voice and place in musical history      **Brahms's a**

German Requiem R. Allen Lott, 2020 Examines in detail the contexts of Brahms's masterpiece and demonstrates that contrary to recent consensus it was performed and received as an inherently Christian work during the composer's life

**Historical, Descriptive & Analytical Account of the Entire Works of Johannes Brahms, Etc. [With a Portrait and Musical Notes.]** Edwin Evans, *Brahms's Lieder* Max Friedlaender, 1928 **Brahms's Vocal Duets and Quartets with Piano** Lucien Stark, 1998-07-22 a generous treatment of some of Brahms's most endearing and imaginative creations Choice an excellent addition to the literature on vocal chamber music Notes In this sequel to A Guide to the Solo Songs of Johannes Brahms Lucien Stark opens up a beautiful and largely neglected repertoire providing the full German text for each song along with a new English translation notes on vocal ranges and a wealth of engaging commentary of technical aesthetic and historical interest **Program Notes** Chicago Symphony Orchestra, 1917 The volume for the 50th season 1940 41 includes Repertoire 1891 1941 62 p and Solists 1891 1941 5 p Notes Music Library Association, 1999 **Program Notes** Cleveland Orchestra, 1927 **The Musician**, 1915 *Johannes Brahms* Johannes Brahms, 1997 This book is the first comprehensive collection of the letters of Johannes Brahms ever to appear in English Over 550 are included virtually all uncut and there are over a dozen published here for the first time in any language Although he corresponded throughout his life with some of the great performers composers musicologists writers scientists and artists of the day and although thousands of his letters have survived English readers have until now had scant opportunity to meet Brahms in person through his words and in his own voice The letters in this volume range from 1848 to just before his death They include most of Brahms's letters to Robert Schumann over a hundred letters to Clara Schumann and the complete Brahms Wagner correspondence They are joined by a running commentary to form an absorbing narrative documented with scholarly care provided with comprehensive notes but written for the general music lover the result is a lively biography The work is generously illustrated and contains several detailed appendices and an index Masters in Music Daniel Gregory Mason, 1905 *Masters in Music*, 1905 The Monthly Musical Record, 1883
