Study of Prehistoric Aesthetic Consciousness of the Chinese Nation Wangheng Chen,2025-07-29 This book explores how prehistoric aesthetic consciousness of the Chinese nation evolved from animality and barbarism how it was epitomized in prehistoric artifacts and most importantly how this aesthetic consciousness has exerted an ever lasting influence upon the Chinese mind and culture by examining prehistoric archaeological discoveries particularly pottery objects jade ware and rock paintings from prehistoric cultures and by studying ancient Chinese historical and literary documents This is the first academic effort to trace the very beginning of the aesthetic consciousness of the Chinese nation back to prehistoric times Its strength lies in the comprehensive and detailed examination of all the major prehistoric cultures and artifacts as well as in its insights into the relationship between prehistoric consciousness and the Chinese mind and culture This book benefits graduate students and researchers who are interested in Chinese prehistoric culture and Chinese history of aesthetics

Studies in Buddhist Philosophy Mark Siderits,2016-03-23 This volume brings together nineteen of Mark Siderits's most important essays on Buddhist philosophy Together they cover a wide range of topics from metaphysics logic philosophy of language epistemology and ethics to the specific discussions of the interaction between Buddhist and classical Indian philosophy Each of the essays is followed by a postscript that Siderits has written specifically for this volume The postscripts connect essays of the volume with each other show thematic interrelations and locate them relative to the development of Siderits's thought In addition they provide the opportunity to bring the discussion of the essays up to date by acquainting the reader with the development of research in the field since the publication of the essays Siderits's work is based on an investigation of Indian sources in their original language nevertheless the focus of the essays is primarily systematic not historical or philological The idea of fusion philosophy a term coined by Siderits embodies precisely the assumption that by bringing a Western and an Eastern tradition together both can benefit by learning from each other about new ways of tackling old philosophical problems **Christian Prudence: consisting of maxims and proverbs, divine and moral;**
