Watterson,2023-06-23 Watterson s musings press the limits of expression Planck s ultimately small 10 35 meters expands to the Sufi mystic s Nothingness Feelings expand from Issa s compassion for the fleas on his deathbed to a glimpse of God s anguish at having to permit the Holocaust the price of Israel In one vignette Watterson pictures the cosmos endless universes as dust particles at 30 000 feet disappear in the troposphere What is the effect The effect he says is something like finding a long lost reference Or of having stumbled on the right person just now to tell about a rare instance of moral bravery in his youth The effect might be that just now innumerable originals of Beethoven are dipping their quills in ink and starting the seventh symphony One need only imagine and listen

Humming Suk-Jun Kim,2018-12-13 Humming is a ubiquitous and mundane act many of us perform The fact that we often hum to ourselves to family members or to close friends suggests that humming is a personal intimate act It can also be a powerful way in which people open up to others and share collective

memories In religious settings such as Tibetan chanting humming offers a mesmerising sonic experience Then there are hums that resound regardless of human activity such as the hums of impersonal objects and man made or natural phenomena The first sound studies book to explores the topic of humming Humming offers a unique examination of the polarising categories of hums from hums that are performed only to oneself that are exercised in religious practice that claim healing and that resonate with our bodies to hums that can drive people to madness that emanate from cities and towns and that resound in the universe By acknowledging the quirkiness of hums within the established discourse in sound studies Humming takes a truly interdisciplinary view on this familiar yet less trodden sonic concept in sound studies *The Dial* Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, 1918 **Proteus** ,1990 **Christian Work** ,1898

Dreamstate Jed McKenna, 2016-08 If life is but a dream to what do we awake The central premise of Dreamstate A Conspiracy Theory is the admittedly ridiculous but incontrovertibly true assertion that the universe does not exist This is something you can understand conceptually like watching a documentary about Antarctica or experientially like moving to Antarctica There s also a related phenomenon where you fall asleep watching the documentary and wake up in the frozen wasteland That s gotta be weird but the truth is that you re asleep in a barren wasteland dreaming that you re not so that s where waking up gets you **The Devil Notebooks** Laurence A. Rickels, 2008 Milton s Paradise Lost Goethe s Faust Aaron Spelling s Satan s School for Girls Laurence A Rickels scours the canon and pop culture in this all encompassing study on the Devil Continuing the work he began in his influential book The Vampire Lectures Rickels returns with his trademark wit and encyclopedic knowledge to go mano a mano with the Prince of Darkness himself **WAR & PEACE** Leo Tolstoy, 2023-12-22 War and Peace is a monumental exploration of the interplay between individual lives and historical forces during the Napoleonic Wars Tolstoy intricately weaves together the lives of several aristocratic families notably the Rostovs and the Bolkonskys against the backdrop of grand battles and societal upheavals His literary style employs a realist approach blending philosophical discourse with vivid character portraits and deep psychological insight epitomizing 19th century Russian literature Thematically the work grapples with fate free will and the nature of history encouraging readers to question the determinism of war and peace alike Leo Tolstoy a pivotal figure in Russian literature was influenced by his own experiences in the military and the stark realities of his aristocratic upbringing His moral philosophy developed in the latter part of his life is reflected in War and Peace as he sought a deeper understanding of life s complexities and the human condition Tolstoy s unique perspective on ethics and spirituality cultivated over decades of introspection and social engagement profoundly informs this epic narrative This timeless novel is not only a profound historical account but also a universal meditation on love family and the resilience of the human spirit Readers are invited to delve into an intricate tapestry of characters and events that continue to resonate today offering both a captivating story and an invitation to reflect on the essence of humanity through the lens of war and peace
