*Nothing Ventured - Nothing Gained?* Christian Hopp, 2008      **Nothing Ventured, Everything Gained** Dileep Rao, 2018-08-14

Is it possible for entrepreneurs to succeed at growing ventures without early stage venture capital? Based on the fact that more than 9 out of 10 of America's billion dollar entrepreneurs did take off without early stage VC, Dileep Rao says YES. In *Nothing Ventured Everything Gained*, Dileep Rao shatters the dominant myth that entrepreneurs need early stage venture capital to build a giant business. In fact, says Rao, by avoiding or even delaying VC, billion dollar entrepreneurs can control their companies and the wealth created by them and retain more of that wealth. The book is based on 30 of Rao's interviews with billion dollar entrepreneurs (BDEs) and hundred million dollar entrepreneurs (HMDEs) and the analysis of the strategies of 85 BDEs. The author introduces the finance smart skills, opportunity secrets and strategy secrets of BDEs who took off without VC and proves his points via stories of successful giants like Jeff Bezos, Mark Zuckerberg and Steve Jobs. Every entrepreneur will do well to read and benefit from Rao's invaluable insights and expertise. Dileep Rao PhD financed the growth of hundreds of businesses and real estate projects over the twenty-three years he was VP of financing and business development at a venture development and finance institution. He advises entrepreneurs, governments, Fortune 1000 corporations and financial institutions on building big businesses with finance smart strategies. Dr Rao is a clinical professor of entrepreneurship at Florida International University and has taught at Stanford University, the University of Minnesota and in executive MBA programs in Europe, Latin America and Asia.
