Jane T. Doe, 2013-11 Jane had a pretty good life She was a single mother and she worked hard for her three kids Then she met someone she believed to be the man of her dreams handsome gentle quiet and kind Eleven months later they were married Soon her daughter Michelle began to change she became distant and withdrawn Something was wrong but Jane

couldn't figure out what it was. She never thought to look at her husband as being the cause her daughter's moodiness or imagine that it might be somehow related to sexual abuse. Her husband, a young handsome man with a nine to five job, an ex-wife and kids of his own, was nothing like her image of a pedophile. *Humanities*, 1993. *Lucky Day* Chuck Tingle, 2025-08-12. An existential masterwork that like life is equal parts atrocity and delights. Olivie Blake, New York Times bestselling author of *Masters of Death*. *Lucky Day* is the latest from Chuck Tingle, USA Today bestselling author of *Camp Damascus* and *Bury Your Gays*, where one woman must go up against horrifying odds to save the world. Four years ago, an unthinkable disaster occurred. In what was later known as the Low Probability Event, eight million people were killed in a single day, each of them dying in improbable, bizarre ways: strangled by balloon ropes torn apart by exploding manhole covers, attacked by a chimpanzee wielding a typewriter. A day of freak accidents that proved anything is possible, no matter the odds. Luck is real now, and it's not always good. Vera, a former statistics and probability professor, lost everything that day, and she still struggles to make sense of the unbelievable catastrophe. To her, the LPE proved that the God of Order is dead, and nothing matters anymore. When Special Agent Layne shows up on Vera's doorstep, she learns he's investigating a suspiciously and statistically impossibly lucky casino. He needs her help to prove the casino's success is connected to the deaths of millions, and it's Vera's last chance to make sense of a world that doesn't. Because what's happening in Vegas isn't staying there, and she's the only thing that stands between the world and another deadly improbability. Also by Chuck Tingle: *Bury Your Gays*, *Camp Damascus*, *Straight*. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. **Everyday Courage** Niobe Way, 1998-04. Developmental psychologist Way interprets first-person accounts of what it means to be among the nearly 40 percent of poor and/or ethnic minority adolescents in the 1990s, drawing upon 71 interviews, protocols appended with a sample of the 95 plus percent who do not meet the media stereotypes of destructive urban teens or superheroes. With relational themes clustered in conceptual matrices and statistics belying perceptions of the degree of high-risk behavior among youth, she challenges the pathological pictures which emerge from quantitative studies representing them in preconceived categories.
