

A serene sunset scene over the ocean. The sky is a warm, golden-orange color, transitioning into a darker blue as it meets the horizon. The ocean is a deep blue-grey, with white foam from breaking waves visible in the foreground. The overall mood is peaceful and contemplative.

Nothing, no one, is too small
to matter. What you do is
going to make a difference.

SEEING BEYOND NOTHING DUANE THE GREAT WRITER, 2013-06-26 As we have all come into a physical body from who knows where From Beyond Nothing A study of Human History clearly shows how the documentation the masses look to was contrived by the Political System who invented the pinnacle of religion for the sole purpose of control from all angles It is true there have so many who have had what has been termed as spiritual experiences which actually have nothing to do with the political formulation of religion It has been so that the Religious Orders have actually used the experiences of others and claimed them as their own to then sell to the public their version of what they have decided what took place and how it should be defined according to them All of this is right in front of everyone yet most people still look to the Ruling Systems as those to be in the know I am for the free choice of everyone and so each person knows their own mind and life and their own free will [www.DuaneTheGreatWriter.Info](#)
