Novel Arguments Reading Innovative American Fiction:

Novel Arguments Richard Walsh, 1995-09-29 Novel arguments argues that innovative fiction by which is meant writing that has been variously labeled postmodern metafictional experimental extends our ways of thinking about the world and rejects the critical consensus that under the rubrics of postmodernism and metafiction homogenizes this fiction as autonomous and self absorbed Play self consciousness and immanence supposed symptoms of innovative fiction s autonomy are here reconsidered as integral to its means of engagement The book advances a concept of the argument of fiction as a construct wedding structure and content into a highly evolved and expressive experimental form Close readings of five important innovative novels by Donald Barthelme Ishmael Reed Robert Coover Walter Abish and Kathy Acker show how they articulate matters of substance social engagement and ideological currency by virtue of the act of innovation Walsh deftly argues for a new understanding of fictional cognition at the theoretical level and in an act of great critical creativity discards altogether the flattening totalities of received postmodern formulations *The Quest for Epic in Contemporary American Fiction* Catherine Morley, 2008-09-25 This volume explores the confluences between two types of literature in contemporary America the novel and the epic It analyses the tradition of the epic as it has evolved from antiquity through Joyce to its American manifestations and describes how this tradition has impacted upon contemporary American writing

Contemporary American Fiction Kenneth Millard, 2000-09-21 Contemporary American Fiction provides an introduction to American fiction since 1970 Offering substantial and detailed interpretations of more than thirty texts by thirty different writers Millard combines them in an innovative critical structure designed to promote debates on cultural politics and aesthetic value The book is the first of its kind to offer a wide ranging survey of recent developments in the fiction of the United States Recent novels by established writers such as John Updike and Philip Roth are analysed alongside the fiction of younger writers such as Gish Jen and Sherman Alexie The books innovative structure encourages new ways of thinking about how American writers might be configured in relation to each other while providing an analysis of how contemporary fiction has responded to changes in central areas of American life such as the family the media technology and consumerism Contemporary American Fiction is a substantial critical introduction to some of the most exciting fiction of the last thirty years an eclectic and thorough advertisement for the extraordinary vitality of American fiction at the end of the twentieth century This is an excellent introduction to the subject for undergraduate students of modern American literature

Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological

presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

Harris,1996 Passionate readers both Olivia Langdon and Mark Twain courted through books spelling out their expectations through literary references as they corresponded during their frequent separations Surprisingly in the process Olivia Langdon reveals herself not as a hypochondriacal hysteric as many twentieth century critics have portrayed her but as a thoughtful intellectual widely read in literature history and modern science Not so surprisingly Samuel Clemens reveals himself as a critic and a sceptic lampooning Langdon s physics lessons and her literary heroines He also shows himself as an astute strategist carefully manipulating Langdon and her parents At the same time Clemens s letters exhibit his own conservatism about women s nature and women s roles while Langdon s show her carefully choosing from her culture s array of possible role models *Harriet Jacobs and Incidents in the Life of a Slave Girl* Deborah M. Smethurst, 2021-10-18 The Postmodern Chronotope is an innovative interdisciplinary study of the contemporary It will be of special interest to anyone interested in relations between postmodernism geography and contemporary fiction Some claim that postmodernism questions history and historical bases to culture some say it is about loss of affect loss of depth models and superficiality others claim it follows from the conditions of post industrial society and others cite commodification of place Disneyfication simulation and post tourist spectacle as evidence that postmodernism is wedded to late capitalism Whatever postmodernism is or turns out to have been it is bound up in rethinking and reworking space and time and Paul Smethurst s intervention here is to introduce the postmodern chronotope as a term through which these spatial and temporal shifts might be apprehended The postmodern chronotope constitutes a postmodern world view and postmodern way of seeing In a sense it is the natural successor to a modernist way of seeing defined through cubism montage and relativity The book is arranged as follows Part 1 is an interdisciplinary study casting a wide net across a range of cultural social and scientific activity from chaos theory to cinema from architecture to performance art from IT to tourism Part 2 offers original readings of a selection of postmodern novels including Graham Swift s Waterland and Out of this World Peter Ackroyd s Hawksmoor and First Light Alasdair Gray s Lanark J M Coetzee s Foe Marina Warner s Indigo Caryl Phillips Cambridge and Don DeLillo s The Names and Ratner s Star *Counterrealism and Indo-Anglian Fiction* Chelva Kanaganayakam, 2006-01-01 What do R K Narayan G V Desani Anita Desai Zulfikar Ghose Suniti Namjoshi and Salman Rushdie have in common They represent Indian writing in English over five decades Vilified by many cultural nationalists for not writing in native languages they nonetheless present a critique of the historical and cultural conditions that promoted and sustained writing in English They also have in common a counterrealist aesthetic that asks its own social political and textual questions This book is about the need to look at the tradition of Indian writing in English from the perspective of counterrealism The departure from the conventions of mimetic writing not only challenges the limits of realism but also enables Indo Anglian authors to access formative areas of colonial experience Kanaganayakam analyzes the fiction of writers who work in this vibrant Indo Anglian tradition and demonstrates patterns of continuity and change during the last five decades Each chapter draws attention to what is distinctive about the artifice in each author while pointing to the features that connect them The book concludes with

a study of contemporary writing and its commitment to non mimetic forms **Hemingway** Rose Marie Burwell,1996-01-26

Foster,1997-11-13 Linking classic American literature to contemporary popular culture *Sublime Enjoyment* argues that the
rational systems of normal social life are motivated and sustained by perverse desires This perversity arises from the failure
of symbolic satisfactions love work success to make us happy and from our refusal to accept that failure Hoping to achieve
satisfaction we respond ultimately to situations that evoke older more primary drives and their attendant emotions But while
a conventional pervert knows exactly what to want the healthy pervert must find enjoyment inadvertently in the object of the
sublime in duty and reason and in the obligations of a fun morality Examining the ways in which this inadvertence is
represented in American literature and culture Dennis Foster identifies ways in which longings are linked to social forces
