PHILOSOPHICAL INTERPRETATIONS IN LITERATURE Dr. Sankhang Basumatary , 2022-04-28 The main purpose of this book is to analyse the philosophical ideas employed by Jean Paul Sartre in his philosophical fiction titled Nausea 1938 Sartre tries to convey some of his philosophical concerns through this novel Although the philosophical ideas are conveyed in the novel these are not as vivid as could be in a philosophical texts The Transcendence of the Ego 1936 Being and Nothingness 1943 The significance of this work however lies not on understanding the philosophical concerns in isolation but in employing the same in the form of a literary work and certain literary technique in pseudonymous plays or names Sartre engages with pseudonymous play of protagonist and many other characters in his semi autobiographical novel Nausea as he also says by himself in his later publication of autobiographical work The Words 1946 and first undated sheets of the novel Nausea where he laments his constant confrontation with difficult situations of lived experience Frontier Justice in the Novels of James Fenimore Cooper and

Cormac McCarthy Daniel Davis Wood, 2016-06-22 James Fenimore Cooper and Cormac McCarthy are two of the most celebrated and influential writers of the American West Both have written powerful narratives that focus on the disappearance of the nineteenth century frontier and both show an interest in the dramatic ways in which the frontier gave shape to American culture But is it possible that the kinship between these two writers extends beyond simply sharing an interest in this subject Teasing out the implications of the recurrent allusions to Cooper s Leatherstocking Tales in the pages of McCarthy s Southwestern novels this book finds Cooper and McCarthy engaged in a complex legal and ethical dialogue

despite the centuries that separate their lives and their work The result of their dialogue is a provocative nuanced analysis of the effects of the frontier on the American justice system and for both writers an expression of alarm at the violation of the principles upon which the system was established *Life-writing in Carmen Martín Gaité's Cuadernos de Todo and Her Novels of the 1990s* Maria-José Blanco, Maria-José Blanco López de Lerma, 2013 Blanco examines the relationship between life writing in Martín Gaité's notebooks and her fictional work Carmen Martín Gaité 1925-2000 was one of the most important Spanish writers of the second half of the twentieth century From the 1940s until her death in 2000 she published short stories novels poetry drama children literature and cultural and historical studies This book studies life writing in Martín Gaité's notebooks *Cuadernos de todo* 2002 and her novels of the 1990s *Nubosidad variable* 1992 *La Reina de las nieves* 1994 *Lo raro es vivir* 1996 and *Irse de casa* 1998 It looks at the use of first person narration in Martín Gaité's work drawing a parallel between the notebooks and her fictional work It further analyses the way the author's notebooks relate to the development of her later novels as well as the use of writing as therapy This work offers a way of looking at Carmen Martín Gaité's work from a personal and intimate perspective Maria José Blanco López de Lerma is Spanish Lecturer and Language Tutor at the Department of Spanish Portuguese Latin American Studies King's College London
