**The Burger Chef Murders in Indiana** Julie Young,2021-05-10 The cold case that put Speedway Indiana on the map What may be the definitive public accounting of the murder mystery that still resonates today Fox59 The evening of November 17 1978 should have been like any other for the four young crewmembers closing the Burger Chef at 5725 Crawfordsville Road in Speedway Indiana After serving customers and locking the doors for the night the kids began their regular cleanup to ready the restaurant for the following day But then something went horribly wrong Just before midnight someone muscled into the place robbed the store of 581 and kidnapped the four employees Over the next two days investigators searched in vain for the missing crewmembers before their bodies were discovered more than twenty miles away The killer or killers were never caught Join Julie Young on an exploration of one of the most baffling cold cases in Indiana history Young doesn't try to solve the murders Instead her goal is to make sure no one forgets the victims IndyStar

**31 Murders** Alvin A.J. Esau,2024-02-20 Many decades before Ted Bundy roamed the country there was serial killer Earle Nelson During the 1920s this geographically mobile killer went from city to city His modus operandi involved getting into a house by pretending to be a person looking for a room to rent or inspecting a house that was for sale and then strangling the landlady often followed by having sex with the dead body Robbery was frequently a secondary motive After Nelson was captured in Canada in 1927 it was commonly reported that he had killed 21 women and a baby during the 1926-27 period But were these the only cases linked to him The author examines an additional nine unsolved murders of landladies two of which have never been dealt with in previous literature Based on decades of archival research the author examines all 31 murders relying on primary sources when available and a wide variety of secondary sources For each murder the book provides biographical sketches of the victim outlines the police investigation and the various suspects and covers any subsequent attempts to link Nelson to the crime by identification evidence of witnesses or by fingerprints

**The True Story of the Manson Murders** J.D. Rockefeller, 2015-11-25 Killing is one of the most brutal things anyone can ever do which in some states may either lead to a death sentence or a life of imprisonment for the murderer if and when they are caught Murder is a crime of intention causing another individual's death without any legal justification or excuse This crime falls under the category of criminal homicide Based on both federal and state law murder and homicide are considered among the most complex types of criminal behaviors Moreover the classifications of murder and homicidal offenses are also complex however there are instances that it are divided into a handful categories depending on the severity The things that drives certain people to commit murder has long been the subject of debate and controversy People often find themselves wondering the reasons behind certain murders and what drives one person to kill another They wonder if the person has a conscious or even feels badly for their actions However despite the fact that there is a single slayer model there are also individuals who are capable of killing not only one but multiple people Some would say that once a person has killed another individual without any legal reason he doesn't have

a heart that cares he is without real love and understanding and most often doesn't believe what they have done is wrong. Most normal people are shocked and become deeply affected once they find that someone has killed another individual, especially if it is a close friend or a relative. And so the search for justice comes down and when a suspect is tried and convicted, often times they will plea for forgiveness and throw themselves at the mercy of the court. However, the facts are that once the evidence is presented and the suspect has been sentenced to death or life behind bars, it will never change the reality that the lives affected, especially the victims, can never be brought back and the relatives and friends of the victims must accept this fact and simply try to get on with their lives. Upon reading this book, you will discover an infamous true story of murder. And you won't understand how a single man could control and manipulate minds.
