Now That Im Sixteen:

Occupied City David Peace, 2010 A fierce exquisitely dark novel that plunges us into post World War II Occupied Japan in a Rashomon like retelling of a mass poisoning based on an actual event its aftermath and the hidden wartime atrocities that led to the crime On January 26 1948 a man identifying himself as a public health official arrives at a bank in Tokyo There has been an outbreak of dysentery in the neighborhood he explains and he has been assigned by Occupation authorities to treat everyone who might have been exposed to the disease Soon after drinking the medicine he administers twelve employees are dead four are unconscious and the official has fled Twelve voices tell the story of the murder from different perspectives One of the victims speaks for all the victims from the grave We read the increasingly mad notes of one of the case detectives the desperate letters of an American occupier the testimony of a traumatized survivor We meet a journalist a gangster turned businessman an occult detective a Soviet soldier a well known painter Each voice enlarges and deepens the portrait of a city and a people making their way out of a war induced hell Occupied City immerses us in an extreme time and place with a brilliantly idiosyncratic expressionistic mesmerizing narrative It is a stunningly audacious work of fiction from a singular writer From the Hardcover edition

Now That I Am Saved, Now What? David Weddle, 2019-05-15 This idea first came from watching and hearing televangelists on Christian broadcasts after I had been saved I was blessed to have a pastor and a church family that embraced me and poured themselves into my life with teachings and testimonies that enhanced my walk with Jesus immensely I often wondered who were there for the people who received Jesus over the television waves or in large convention centers after the message ended I m sure some had pamphlets and flyers to hand out but in many cases that is not enough My book Now That I Am Saved Now What is designed to give the reader a quick synopsis and revelation of what you can expect and what is expected from a loving good God who is no respecter of persons From the cover illustration you can ascertain that a man is overboard and the men of God have thrown him a life preserver He is saved but he seems to be asking Now what They are all pleased he is saved but no one seems willing to pull him into the safety of the ship Jesus is at the helm and will always be the author and finisher of our faith if we trust him fully and follow his lead through his Word

So Are You. Now, Peace. Lucho Medina, 2013-04 When you look at the world it seems so vast yet complicated to understand Its people its forms of governments and its systems of governments Its beliefs forms of beliefs and systems of beliefs all created by man and or the rule of man over another man when all we needed was to understand that there are no systems of government as there are no systems of beliefs without its people as there are no rich corporations or anything else without its people People are the most important element on this part of the universe because nothing would matter if we did not exist and because we exist everything matters and because it matters the rule of man has been taking advantage of its people because its people were too ignorant to understand those simple facts All this has been going on for thousands of years and if we the people do not stop this ignorance we will continue to live like this forever Change the Charter of the United Nations as soon as we change this we can kill world hunger in three years and live in peace

immediately It is time for the people to understand knowledge and with knowledge we can change all systems of beliefs as well as all systems of government All you have to do is seek for knowledge and with knowledge we can all conquer the universe live forever and live happily rich and in peace from I Am God So Are You Now Peace **Books for the people [afterw.] The 'R.T.S.' books for the people [afterw.] Penny books for the people [afterw.] Penny tales for the people** Religious tract society,1887 *Apocalypse Now* Damien Tricoire,Lionel Laborie,2022-08-03 Eschatology played a central role in both politics and society throughout the early modern period It inspired people to strive for social and political change including sometimes by violent means and prompted in return strong reactions against their religious activism From the fifteenth to the eighteenth century numerous apocalyptical and messianic movements came to the fore across Eurasia and North Africa raising questions about possible interconnections Why were eschatological movements so pervasive in early modern times This volume provides some answers to this question by exploring the interconnected histories of confessions and religions from Moscow to Cusco It offers a broad picture of Christian and to a lesser extent Jewish and Islamic eschatological movements from the fifteenth to the eighteenth century thereby bridging important and long standing gaps in the historiography *Apocalypse Now* will appeal to both researchers and students of the history of early modern religion and politics in the Christian Jewish and Islamic worlds By exploring connections between numerous eschatological movements it gives a fresh insight into one of the most promising fields of European and global history *Now I Can Say I'm An Author* Josh Rolph,2023-05-05 An absurdist take on writing a book first time author Josh Rolph lays out in humorous self deprecating form a sit down comedian s dream of writing so many words that he can declare to the world he is an author The book is an exaggerated memoir and self help parody on book writing It exposes how his desperation to become an author far exceeds his desire to write a book yet after an impossibly long stretch of time making and breaking all self imposed rules he manages to get the job done The wannabe author does all he can to type words in order to produce a book so he can carry the author title for the rest of his life Just like becoming a mother Rolph authoritatively declares once an author always an author He continues The author credential can only be taken away if it s proved that you plagiarized And believe me the only thing plagiarized in this book is chapters four through twenty one In a familiar conversational style the book showcases everything from the joys of writing a preface at great length in the preface itself to the travails of upping the word count Woven throughout is a collection of filler material with essays ranging from yogurt to pants adapted from his obscure blog and podcast Two subsequent volumes will continue to follow the story of becoming an author of books vol 2 and a multi volume series vol 3 Full of essays on meandering topics *Now I Can Say I m an Author* proves that literally anyone can write a book Featuring essays on yogurt pants the death penalty tattoos the word pizzazz nakedness and much much oh so much more
