Bulletin of the Atomic Scientists ,1985-05 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world Nuclear Politics in America Robert J. Duffy,1997 Duffy s work traces nuclear politics from the creation of a powerful subgovernment through the public lobby reforms of the late 1960s and early 1970s and the deregulatory backlash of the Reagan years He demonstrates that while policies did change in the 1970s they did not change as much as other accounts have suggested and that the industry continued to receive considerable federal support The book is particularly significant for extending the discussion of nuclear policy through the Bush and Clinton years including the controversy over waste disposal new licensing procedures enacted in the 1992 Amendments to the Atomic Energy Act and the effects of deregulation of electric utilities Amazon com viewed August 24 2020 *Defense's Nuclear Agency 1947-1997 (DTRA History Series)* Defense Threat Reduction Agency,2003-09 This official history was originally printed in very small numbers in 2002 Defense s Nuclear Agency 1947 1997 traces the development of the Armed Forces Special Weapons Project AFSWP and its descendant government organizations from its original founding in 1947 to 1997 After the disestablishment of the Manhattan Engineering District MED in 1947 AFSWP was formed to provide military training in nuclear weapons operations Over the years its sequential descendant organizations have been the Defense Atomic Support Agency DASA from 1959 to 1971 the Defense Nuclear Agency DNA from 1971 to 1996 and the Defense Special Weapons Agency DSWA from 1996 to 1998 In 1998 DSWA the On Site Inspection Agency the Defense Technology Security Administration and selected elements of the Office of Secretary of Defense were combined to form the Defense Threat Reduction Agency DTRA *A Military History of the Cold War, 1962-1991* Jonathan M. House,2020-09-24 Study of the Cold War all too often shows us the war that wasn t fought The reality of course is that many hot conflicts did occur some with the great powers weapons and approval others without It is this reality and this period of quasi war and semiconflict that Jonathan M House plumbs in *A Military History of the Cold War 1962 1991* a complex case study in the Clausewitzian relationship between policy and military force during a time of global upheaval and political realignment This volume opens a new perspective on three fraught decades of Cold War history revealing how the realities of time distance resources and military culture often constrained and diverted the inclinations or policies of world leaders In addition to the Vietnam War and nuclear confrontations between the USSR and the United States this period saw dozens of regional wars and insurgencies fought throughout Asia Africa and Latin America Cuba Pakistan Indonesia Israel Egypt and South Africa pursued their own goals in ways that drew the superpowers into regional disputes Even clashes ostensibly unrelated to the politics of East West confrontation such as the Nigerian Biafran conflict the Falklands Malvinas War and the Indonesian occupation of East Timor involved armed forces weapons and tactics developed for the larger conflict and thus come under

House's scrutiny His study also takes up nontraditional or specialized aspects of the period including weapons of mass destruction civil military relations civil defense and control of domestic disorders The result is a single integrated survey and analysis of a complex period in geopolitical history which fills a significant gap in our knowledge of the organization logistics operations and tactics involved in conflict throughout the Cold War *Defense's Nuclear Agency, 1947-1997* Christian Brahmstedt, 2002

Fortress California, 1910-1961 Roger W. Lotchin, 2002 Fortress California now in paperback for the first time links the growth of the U S military industrial complex to civic leaders who competed for military bases and military contracts to ensure economic growth Analyzing the growth of Los Angeles San Diego and San Francisco from 1910 to 1961 Roger W Lotchin discredits the assumption that the industrialization of the Sunbelt was a result of a partnership between industry and the military He provides instead a detailed and forceful argument that municipalities used federal resources to build urban empires and metropolitan military complexes These have increased the flow of federal dollars into the state thereby shifting the focus of the military industrial complex from warfare to welfare

March to Armageddon Ronald E. Powaski, 1987 Ronald E Powaski offers the first complete accessible history of the events forces and factors that have brought the world to the brink of a nuclear holocaust He traces the evolution of the nuclear arms race from FDR's decision to develop an atomic bomb to Reagan's decision to continue its expansion in the 1980's Focusing on the forces that have propelled the arms race and the reasons behind the repeated failures to check the proliferation of nuclear weapons Powaski discusses such topics as the Manhattan Project the decision to drop the bomb on Hiroshima the debate over whether to share atomic information the effect of nuclear weapons on U S military and foreign policy and the role of these weapons in arms control negotiations in the last five presidential administrations

Racial Stigma on the Hollywood Screen from World War II to the Present Brian Locke, 2009-11-23 Racial Stigma on the Hollywood Screen from WWII to the Present charts how the dominant white and black binary of American racial discourse influences Hollywood's representation of the Asian The Orientalist buddy film draws a scenario in which two buddies one white and one black transcend an initial hatred for one another by joining forces against a foreign Asian menace Alongside an analysis of multiple genres of film Brian Locke argues that this triangulated rendering of race ameliorates the longstanding historical contradiction between U S democratic ideals and white America's persistent domination over blacks

Cold War Statesmen Confront the Bomb John Lewis Gaddis, 1999 This text uses biographical techniques to test the question did the advent of the nuclear bomb prevent World War III It examines the careers of ten Cold War statesmen and asks whether they viewed war and its acceptability differently after the advent of the bomb

Cold War Strategist Linda McFarland, 2001-08-30 This study of Cold

War politics explores the attitudes of William Stuart Symington a consummate Cold Warrior and Democratic senator from Missouri The book focuses on his transition from being an avid supporter of the military and the CIA to his dovish position on the Vietnam War as he questioned all foreign commitments as well as military and CIA budgets His ideas influenced presidential administrations ranging from Truman s to Nixon s He exposed covert activity associated with the Vietnam War and worked to restore the constitutional balance between the executive and legislative branches of the government Symington held several appointive positions within the Truman administration where he was instrumental in the unification of the armed services he served as the first Secretary of the Air Force a post responsible for the conduct of the Berlin Blockade As a senator he was a strong voice for the military and he openly criticized President Eisenhower for his defense policies and meager budgets A vociferous advocate of the big bomber and ICBMs he helped establish the missile gap myth providing the Democratic Party with a key issue in the 1960 presidential race This well documented study highlights the importance of and the interplay among significant personalities circumstances and public policy at a key point in our nation s history

Bulletin of the Atomic Scientists ,1985-05 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world [Downwind](#) Sarah Alisabeth Fox,2014-11-01 Downwind is an unflinching tale of the atomic West that reveals the intentional disregard for human and animal life through nuclear testing by the federal government and uranium extraction by mining corporations during and after the Cold War Sarah Alisabeth Fox highlights the personal cost of nuclear testing and uranium extraction in the American West through extensive interviews with downwinders the Native American and non Native residents of the Great Basin region affected by nuclear environmental contamination and nuclear testing fallout These downwinders tell tales of communities ravaged by cancer epidemics farmers and ranchers economically ruined by massive crop and animal deaths and Native miners working in dangerous conditions without proper safety equipment so that the government could surreptitiously study the effects of radiation on humans In chilling detail Downwind brings to light the stories and concerns of these groups whose voices have been silenced and marginalized for decades in the name of patriotism and national security With the renewed boom in mining in the American West Fox s look at this hidden history unearthed from years of field interviews archival research and epidemiological studies is a must read for every American concerned about the fate of our western lands and communities

Physics is Fun Richard Wilson,2011 [Soviet-American Relations, 1953-1960](#) Victor Rosenberg,2015-01-24 Dwight D Eisenhower and Nikita Khrushchev presided over a pivotal period in Soviet American relations The ongoing Korean War and the lack of an American ambassador in Moscow illustrate the strain in Soviet American relations at the start of Eisenhower s presidency but things changed after Stalin died only 44 days later Stalin s successors began to liberalize both domestic and foreign policy in what became known as the Thaw There was an increase in diplomatic exchanges including the first modern

summit conferences Of even greater importance the Soviet leaders began to reestablish the scientific cultural and tourist contacts that had been broken under Stalin Because political and ideological tensions remained and there were still restrictions on contacts the Soviet overtures can best be described as a half offered hand of friendship and perhaps it was less of a thaw than the end of a blizzard Nevertheless these contacts began a process which would help end the Cold War three decades later This history of relations between the Soviet Union and the United States during the Eisenhower and Khrushchev administrations explores political social and cultural exchanges and assesses their impact upon the two countries Besides diplomatic documents memoirs from Americans and Soviets and works of history it relies upon eyewitness accounts by journalists tourists and others to paint a detailed picture of the era Notes are included for each chapter and there is a bibliography and an index *Routledge Library Editions: World War II in Asia* Timothy Hall, John J. Sbrega, 2021-03-11 The 4 volumes in this set originally published between 1980 and 1983 bring to light and focus on the conflict between Japan and Australia and Japan and the USA Timothy Hall's volumes richly illustrated with black white photographs used highly contentious documents as their sources and give fascinating insights into a period of Australian history which is sometimes less than glorious John J Sbrega's tour de force is not only one of the most extensive annotated bibliographies on the USA and Japan in World War 2 ever published but it also provides invaluable information on lesser known but no less important aspects of the conflict **The War Against Japan, 1941-1945** John J. Sbrega, 2015-06-12 With over 5 200 entries this volume remains one of the most extensive annotated bibliographies on the USA's fight against Japan in the Second World War Including books articles and declassified documents up to the end of 1987 the book is organized into six categories Part 1 presents reference works including encyclopedias pictorial accounts military histories East Asian histories historiographies Part 2 covers diplomatic political aspects of the war against Japan Part 3 contains sources on the economic and legal aspects of the war against Japan Part 4 presents sources on the military aspects of the war embracing land air and sea forces Religious aspects of the war are covered in Part 5 and Part 6 deals with the social and cultural aspects including substantial sections on the treatment of Japanese minorities in the USA Hawaii Canada and Peru *Life Under a Cloud* Allan M. Winkler, 1999 Presents an account of the impact of the atomic bomb on American political and cultural life This title delineates how fears of nuclear disaster have become a part of our culture Tracing the debate over military and civilian uses of atomic power it reveals the irony anxiety and official insanity of the atomic age **Jimmy and Rosalynn Carter** E. Stanly Godbold, Jr., 2022 This dual biography of Jimmy and Rosalynn Carter the thirty ninth President and the First Lady chronicles their personal and professional relationships and their business and political successes The second volume of their dramatic story is filled with the emotional and political ups and downs of their lives as they managed a large family attempted to use their presidency to bring peace human rights and justice to all peoples of the world and dedicated the remainder of their long lives to making a safer more caring world **Thinking About International Ethics** Frances V Harbour, 2019-04-09 This
