*Paid Sexual Encounters among Men* Timothy F. Murphy, 2025-08-14 This book analyzes the ethics of men buying and selling sex to one another It gathers in one place key ethical and legal issues that bear on the justification for the criminalization of male prostitution At present prostitution the solicitation or offer of paid sexual encounters is criminalized in virtually the entire United States Male prostitution is poorly studied across academic disciplines and this book represents the first sustained ethical analysis of the topic First it shows that paid sexual encounters among men belong on a spectrum of transactional sexual relationships and that many of their features are not distinctive in a way that justifies condemnation It shows as well that the sexuality involved men having sex with men does not involve relationships that are immoral in a way that might justify criminalization The book also demonstrates that men buying and selling sexual encounters can consent in morally meaningful ways without reinforcing status inequality Finally the book reviews key constitutional law cases to show that a certain interpretation of the relationship between the law and morality justifies decriminalization of male prostitution *Paid Sexual Encounters among Men* will appeal to scholars and graduate students working in applied ethics the philosophy of sex and gender sociology and law

*The Fictions that Shape Men's Lives* Christopher Kilmartin, 2021-04-20 The *Fictions that Shape Men's Lives* is structured around a number of key fictions of masculinity such as beliefs in biological determinism the inevitability of men's violence and the opposition of the sexes and proceeds to expose them to be wholly or partially unfounded Examining the social pressure to behave and experience the self in ways that culture prescribes for the bodies we are perceived as having this book provides an awareness of widely held but distorted assumptions of gender It also seeks to put men into the position to resist masculine social pressures when conforming to it conflicts with important life goals or values and or causes harm Making use of an informal storytelling style provides an accessibility to those interested in breaking down their preconceptions of gender and masculinity as well making links to key theories and concepts This is a lively and engaging book for undergraduates studying introduction to Gender Sexuality and Masculinity courses

**Sex Scandal** Ashley McGuire, 2017-02-13 Men and women used to cheer vive la difference But now contrary to all science and common sense we're supposed to believe that there is no difference And if you insist there is you just might be accused of a hate crime Our culture and our laws are endorsing a worldview rooted in craziness For instance we're told that Boys who

think they're girls and who could change their minds tomorrow should be allowed to participate in girls sports and shower in their locker rooms. Expectant mothers are now birthing individuals. Coed college dorm rooms and bathrooms are great but single sex clubs are a campus danger. It's horrible for stores to have separate boys and girls clothing departments let alone toy sections. It would be a great idea for our military to lower physical standards and push young women and mothers into combat roles in the military. If you think that's insanity you're not alone but you might be surprised at just how widespread and successful this lunatic campaign has become. In her compelling new book *Sex Scandal* journalist Ashley McGuire takes this radical campaign to task and reveals how so-called gender norming flies in the face of science which is proving that men and women are even more different than commonly acknowledged. Why especially if you have kids it's almost impossible to avoid the dangerous consequences of a gender neutral world. How embracing sexual differences can make policing safer government more efficient and hedge funds lose less money. How gender neutrality is making women more vulnerable to violence. How the word gender formerly a grammatical term has been used to dismiss the reality of definite biological sex male and female with fluid gender identities. Why gender insanity is not something we can just ignore and hope will fade away but need to refute now with hard cold facts before it does any more damage which it likely will. *Sex Scandal: The Drive to Abolish Male and Female* is packed with news breaking interviews shocking examples and inconvenient facts that everyone needs to read and act on. [Studying Men and Masculinity](#) David Ford, Jeff Hearn, 1988 *Men's Health*, 2008-04. *Men's Health* magazine contains daily tips and articles on fitness nutrition relationships sex career and lifestyle. [The Feminist and the Sex Offender](#) Judith Levine, Erica R. Meiners, 2020-04-28. In the era of MeToo and mass incarceration *The Feminist and the Sex Offender* makes a powerful feminist case for accountability without punishment and sexual safety and pleasure without injustice. With analytical clarity and narrative force *The Feminist and the Sex Offender* contends with two problems that are typically siloed in the era of MeToo and mass incarceration sexual and gender violence on the one hand and the state's unjust ineffective and soul destroying response to it on the other. Is it possible to confront the culture of abuse? Is it possible to hold harm doers accountable without recourse to a criminal justice system that redoubles injuries fails survivors and retrenches the conditions that made such abuse possible. Drawing on interviews extensive research reportage and history *The Feminist and the Sex Offender* develops an intersectional feminist approach to ending sexual violence. It maps with considerable detail the unjust sex offender regime while highlighting the alternatives we urgently need.

[Putting On Manhood](#) James Holden, 2014-09-26. With 1 Corinthians 13:11 as a foundation *Putting On Manhood* shows how to put childish ways behind you and become the man God designed you to be. With the help of God's Word the Holy Spirit and a band of brothers you can grow into true godly manhood. Includes bonus workbook for use with small groups. **College Men and Masculinities** Shaun R.
