Playing With Gender A Renaissance Pursui:

Playing with Gender J. R. Brink, Maryanne Cline Horowitz, Allison Coudert, 1991 Hidden Intercourse Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries *The Plays of Beaumont and Fletcher* Sandra Clark, 2014-07-15 This is an analysis of sexual themes in the plays of Beaumont and Fletcher both in the context of the Jacobean theatre and in the light of modern readings of sexuality and gender during the English Renaissance Sandra Clark challenges commonly held perceptions of Beaumont and Fletcher's work The book is intended for undergraduate and graduate courses on Renaissance literature Elizabethan and Jacobean drama tragicomedy gender and genre in the Renaissance **High Anxiety** Kathleen Perry Long, 2002-03-01 This collection explores the evolution of notions about masculinity during the intense crisis of Renaissance and early modern France Authors of the period reflect the anxieties about masculinity that became more pronounced against the backdrop of major events and innovations of the period the religious conflict in France the repeated questioning of religious and royal authority the revival of Greek skepticism the discovery of the New World and the rise of clinical medicine These events in turn fueled growing doubt concerning the fixed and hierarchical nature of gender distinction a distinction upon which many felt French culture was dependent for its very survival *Shakespeare's Religious Language* R. Chris Hassel Jr., 2015-03-26 Religious issues and discourse are key to an understanding of Shakespeare's plays and poems This dictionary discusses over 1000 words and names in Shakespeare's works that have a religious connotation Its unique word by word approach allows equal consideration of the full nuance of each of these words from abbess to zeal It also gradually reveals the persistence the variety and the sophistication of Shakespeare's religious usage Frequent attention is given to the prominence of Reformation controversy in these words and to Shakespeare's often ingenious and playful metaphoric usage of them Theological commonplaces assume a major place in the dictionary as do overt references to biblical figures biblical stories and biblical place names biblical allusions church figures and saints *Othello* Philip Kolin, 2013-01-11 Including twenty one groundbreaking chapters that examine one of Shakespeare's most complex tragedies *Othello* Critical Essays explores issues of friendship and fealty love and betrayal race and gender issues and much more *Othello* Philip C. Kolin, 2013-10-28 First

Birthing Bodies in Early Modern France Kirk D. Read, 2016-04-15 The pregnant birthing and nurturing body is a recurring topos in early modern French literature Such bodies often metaphors for issues and anxieties obtaining to the gendered control of social and political institutions acquired much of their descriptive power from contemporaneous medical and scientific discourse In this study Kirk Read brings together literary and medical texts that represent a range of views from lyric poets satirists and polemicists to midwives and surgeons all of whom explore the popular sixteenth and early seventeenth century narratives of birth in France Although the rhetoric of birthing was widely used strategies and negotiations depended upon sex and gender this study considers the male female and hermaphroditic experience offering both an analysis of women s experiences to be sure but also opening onto the perspectives of non female birthers and their place in the social and political climate of early modern France The writers explored include Rabelais Madeleine and Catherine Des Roches Louise Boursier Pierre de Ronsard Pierre Boaistuau and Jacques Duval Read also explores the implications of the metaphorical use of reproduction such as the presentation of literary work as offspring and the poet mentor relationship as that of a suckling child Foregrounded in the study are the questions of what it means for women to embrace biological and literary reproduction and how male appropriation of the birthing body influences the mission of creating new literary traditions Furthermore by exploring the cases of indeterminate birthing entities and the social anxiety that informs them Read complicates the binarisms at work in the vexed terrain of sexuality sex and gender in this period Ultimately Read considers how the narrative of birth produces historical conceptions of identity authority and gender

Early Modern Catholics, Royalists, and Cosmopolitans Brian C. Lockey, 2016-03-09 Early Modern Catholics Royalists and Cosmopolitans considers how the marginalized perspective of 16th century English Catholic exiles and 17th century English royalist exiles helped to generate a form of cosmopolitanism that was rooted in contemporary religious and national identities but also transcended those identities Author Brian C Lockey argues that English discourses of nationhood were in conversation with two opposing cosmopolitan perspectives one that sought to cultivate and sustain the emerging English nationalism and imperialism and another that challenged English nationhood from the perspective of those Englishmen who viewed the kingdom as one province within the larger transnational Christian commonwealth Lockey illustrates how the latter cosmopolitan perspective produced within two communities of exiled English subjects separated in time by half a century influenced fiction writers

such as Sir Philip Sidney Edmund Spenser Anthony Munday Sir John Harington John Milton and Aphra Behn Ultimately he shows that early modern cosmopolitans critiqued the emerging discourse of English nationhood from a traditional religious and political perspective even as their writings eventually gave rise to later secular Enlightenment forms of cosmopolitanism

The Ashgate Research Companion to The Sidneys, 1500-1700 Mary Ellen Lamb, 2017-02-17 Presented in two volumes The Ashgate Research Companion to The Sidneys 1500 1700 assesses the current state of scholarship on members of the Sidney family and their impact as historical and or literary figures in the period 1500 1700 Volume 2 Literature begins with an exploration of the Sidneys books and manuscripts and how they circulated followed by an overview of the contributions of family members Sir Philip Sidney Mary Sidney Herbert Countess of Pembroke Lady Mary Wroth Robert Sidney Earl of Leicester and William Herbert Earl of Pembroke in the genres of prose romance drama poetry psalms and prose These essays outline major controversies and areas for further research as well as conducting literary analysis

Killing Hercules Richard Rowland, 2016-12-08 This book offers an entirely new reception history of the myth of Hercules and his wife killer Deianira The book poses and attempts to answer two important and related questions First why have artists across two millennia felt compelled to revisit this particular myth to express anxieties about violence at both a global and domestic level Secondly from the moment that Sophocles disrupted a myth about the definitive exemplar of masculinity and martial prowess and turned it into a story about domestic abuse through to a 2014 production of Handel's *Hercules* that was set in the context of the war on terror the reception history of this myth has been one of discontinuity and conflict how and why does each culture reinvent this narrative to address its own concerns and discontents and how does each generation speak to qualify or annihilate the certainties of its predecessors in order to understand contain or exonerate the aggression with which their governors of state and of the household so often enforce their authority and the violence to which their nations and their homes are perennially vulnerable

Early Modern Hermaphrodites R. Gilbert, 2002-04-19 From the sixteenth century to the eighteenth century hermaphrodites were discussed and depicted in a range of artistic mythological scientific and erotic contexts *Early Modern Hermaphrodites* looks at some of those representations to explore the stories they tell about ambiguous sex and gender in early modern England Gilbert examines the often contradictory ways in which hermaphrodites were represented as both spiritual ideals and sexual grotesques as freaks erotic objects and medical curiosities and as literary metaphors and signs of social decay

Seeds of Virtue and Knowledge Maryanne Cline Horowitz, 1998 In this wide ranging and thought provoking study Maryanne Cline Horowitz explores the image and idea of the human mind as a garden under the proper educational cultivation the mind may nourish seeds of virtue and knowledge into the full flowering of human wisdom This copiously illustrated investigation begins by examining the intellectual world of the Stoics who originated the phrases seeds of virtue and seeds of knowledge Tracing the interrelated history of the Stoic cluster of epistemological images for natural law within humanity reason common notions sparks and seeds Horowitz

Marriage, Performance, and Politics at the Jacobean Court Kevin Curran,2016-05-06 Marriage Performance and Politics at the Jacobean Court constitutes the first full length study of Jacobean nuptial performance a hitherto unexplored branch of early modern theater consisting of masques and entertainments performed for high profile weddings Scripted by such writers as Ben Jonson Thomas Campion George Chapman and Francis Beaumont these entertainments were mounted for some of the most significant political events of James s English reign Here Kevin Curran analyzes all six of the elite weddings celebrated at the Jacobean court reading the masques and entertainments that headlined these events alongside contemporaneously produced panegyrics festival books sermons parliamentary speeches and other sources The study shows how collectively wedding entertainments turned the idea of union into a politically versatile category of national representation and offered new ways of imagining a specifically Jacobean form of national identity by doing so **Marriage and Land Law in Shakespeare and Middleton** Nancy Mohrlock Bunker,2014-07-30 Marriage and Land Law in Shakespeare and Middleton examines the dynamics of early modern marriage making a time honored practice that was evolving often surreptitiously from patriarchal control based on money and inheritance to a companionate union in which love and the couple s own agency played a role Among early modern playwrights the marriage plays of Shakespeare and Middleton are particularly though not uniquely concerned with this evolution observing the movement towards spousal choice determined by the couple themselves Through the late Elizabethan and early Jacobean period the role of the patriarch though often compromised remained intact the father or guardian negotiated the financial terms And in a culture that was still tied to feudal practices land law held a primary place in the bargain This book while following the arc of changing marriage practices focuses on the ways in which the oldest determination of status land affects marital decisions Land is not a constant topic of conversation in the twenty one theatrical marriages scrutinized here but it is a persistent and omnipresent truth of family and economic life In paired discussions of marriage plays by Shakespeare and Middleton The Taming of the

Shrew A Chaste Maid in Cheapside All's Well That Ends Well A Trick To Catch the Old One Measure for Measure A Mad World My Masters The Merchant of Venice The Roaring Girl and Much Ado About Nothing No Wit No Help Like A Woman's this book explores the attempts, maneuvers, intrigues, ruses, and schemes that marriageable characters deploy in order to control spousal choice and secure land. Special attention is given to patriarchal figures whose poor judgment exploits inheritance law weaknesses and to the lack of legal protection and hence the vulnerability of women and men who engage the system in unconventional ways. Investigation into the milieu of early modern patriarchal influence in marriage making and the laws governing inheritance practices enables a fresh reading of Shakespeare's and Middleton's marriage comedies.

Encyclopedia of Feminist Literary Theory Elizabeth Kowaleski Wallace, 2009-03-23 First Published in 1997 Routledge is an imprint of Taylor Francis, an informal company. *A Princely Brave Woman* Stephen Clucas, 2018-12-20 This title was first published in 2003. This collection of essays presents a variety of new approaches to the oeuvre of Margaret Cavendish, Duchess of Newcastle, one of the most influential and controversial women writers of the seventeenth century. Reflecting the full range of Cavendish's output, which included poetry, drama, prose fictions, orations, and natural philosophy, these essays reassess Cavendish's place in seventeenth-century literature and philosophy. Whilst approaching Cavendish's work from a range of critical and disciplinary perspectives, the authors of these essays are united in their commitment to recovering her writings from their frequent characterisation as eccentric or idiosyncratic and aim to present her work as historically legible within the cultural contexts in which they were written. The Mad Madge of literary legend and tradition is rewritten as a bold, innovative, and experimental creator of a female authorial voice and as a thinker vitally in contact with the intellectual currents of her age. **Changing The Subject** Naomi Miller, 2021-10-21 Lady Mary Wroth c. 1587-1653 wrote the first sonnet sequence in English by a woman, one of the first plays by a woman, and the first published work of fiction by an Englishwoman. Yet despite her status as a member of the distinguished Sidney family, Wroth met with disgrace at court for her authorship of a prose romance which was adjudged an inappropriate endeavor for a woman and was forcibly withdrawn from publication. Only recently has recognition of Wroth's historical and literary importance been signaled by the publication of the first modern edition of her romance, *The Countess of Mountgomerie's Urania*. Naomi Miller offers an illuminating study of this significant early modern woman writer. Using multiple critical theoretical perspectives, including French feminism, new historicism, and cultural materialism, she examines gender in Wroth's time. Moving beyond the emphasis on victimization that shaped many previous studies, she considers the range of strategies devised by women writers of the period to establish voices for themselves. Where previous critics have viewed Wroth primarily in relation to her male literary predecessors in the Sidney family, Miller explores Wroth's engagement with a variety of discourses, reading her in relation to a broad range of English and continental authors, both male and female, from Sidney, Spenser, and Shakespeare to Aemilia Lanier, Elizabeth Cary, and Marguerite de Navarre. She also contextualizes Wroth's writing in relation to a variety of nonliterary texts of the

period both political and domestic Thanks to Miller s sensitive readings Wroth s writings provide a lens through which to view gender relations in the early modern period
