Halpin,2018-04-12 This book analyzes recent physics plays arguing that their enaction of concepts from the sciences they discuss alters the nature of the decisions made by the characters changing the ethical judgements that might be cast on them Recent physics plays

regularly alter the shape of space time itself drawing together disparate moments reversing the flow of time creating apparent contradictions and iterating scenes for multiple branches of counterfactual history With these changes both causality and responsibility shift variously The roles of iconic scientists such as Albert Einstein and Werner Heisenberg are interrogated for their dramatic value placing history and dramatic license in tension Cold War strategies and the limits of espionage highlight the emphatically personal involvement of ordinary individuals This study is vital reading for those interested in physics plays and the relationship between the sciences and the humanities

*Neo-/Victorian Biographilia and James Miranda Barry* Ann Heilmann, 2018-06-27 Senior colonial officer from 1813 to 1859 Inspector General James Barry was a pioneering medical reformer who after his death in 1865 became the object of intense speculation when rumours arose about his sex This cultural history of Barry's afterlives in Victorian to contemporary neo Victorian life writing biographilia examines the textual and performative strategies of biography biofiction and biodrama of the last one and a half centuries In exploring the varied reconstructions and re imaginations of the historical personality across time the book illustrates not least with its cover image that the real James Barry does not exist any more than does the faithful biographical biofictional or biodramatic rendering of a life in a generically stable and discrete form What Barry represents and how he is represented invariably pinpoints the imaginative the speculative and the performative reflections and refractions in the looking glass of genre Just as James Miranda Barry as a subject of cultural inquiry comes into being and remains in view in the act of crossing gender so neo Victorian life writing constitutes itself through similar acts of boundary transgression Transgender thus finds its most typical expression in transgenre
