Plunka, 2009-04-02 The Holocaust the systematic attempted destruction of European Jewry and other threats to the Third Reich from 1933 to 1945 has been portrayed in fiction film memoirs and poetry Gene Plunka's study will add to this chronicle with an examination of the theatre of the Holocaust Including thorough critical analyses of more than thirty plays this book explores the seminal twentieth century Holocaust dramas from the United States Europe and Israel Biographical information about the playwrights production histories of the plays and pertinent historical information are provided placing the plays in their historical and cultural contexts A Companion to Modern British and Irish Drama, 1880 - 2005 Mary Luckhurst, 2008-04-15 This wide ranging Companion to Modern British and Irish Drama offers challenging analyses of a range of plays in their political contexts It explores the cultural social economic and institutional agendas that readers need to engage with in order to appreciate modern theatre in all its complexity An authoritative guide to modern British and Irish drama Engages with theoretical discourses challenging a canon that has privileged London as well as white English males and realism Topics covered include national regional and fringe theatres post colonial stages and multiculturalism feminist and queer theatres sex and consumerism technology and globalisation representations of war terrorism and trauma **Spectacular Suffering** Vivian Patraka, 1999 Surveying texts ranging from plays and performances to films and museums this book explores the struggle to represent the landscape of the Holocaust **The Holocaust and the Nonrepresentable** David Patterson, 2018-05-23 Argues that Holocaust representation has ethical implications fundamentally linked to questions of good and evil Many books focus on issues of Holocaust representation but few address why the Holocaust in particular poses such a representational problem David Patterson draws from Emmanuel Levinas's contention that the Good cannot be represented He argues that the assault on the Good is equally nonrepresentable and this nonrepresentable aspect of the Holocaust is its distinguishing feature Utilizing Jewish religious thought Patterson examines how the literary word expresses the ineffable and how the photographic image manifests the invisible Where the Holocaust is concerned representation is a matter not of imagination but of ethical implication not of what it was like but of what must be done Ultimately Patterson provides a deeper understanding of why the Holocaust itself is indefinable not only as an evil but also as a fundamental assault on the very categories of good and evil affirmed over centuries of Jewish teaching and testimony This book commands respect both for the author's immense and intimate knowledge of what has become a vast body of work and for his unconditional commitment to the subject I am in awe of what I have just read Dorota Glowacka coeditor of *Between Ethics*

Theatricality, Dark Tourism and Ethical Spectatorship E. Willis, 2014-04-08 Works of theatre that depict grievous histories derive their force from making audible voices of the past Such performances theatrical or tourist require the attentive belief of spectators This engaging new study explores how theatricality works in each instance and how playing the part of the listener can be understood in ethical terms

Grappling with Atrocity John Shillington, 2002 Guatemalan theater began to address the atrocities committed during the thirty six years of civil war the longest war in Latin American history in the 1990s This theatrical movement expresses Guatemala's hope for renewal by looking at the past Rather than being haunted by a traumatic history the theater pushes the painful issues forward to center stage in order that the vicious cycle of old hatreds and grudges not

hold them prisoner The plays examined in this study which range from satire to tragedy aid in breaking free from the bars that entrapped the country in violence and atrocities However the outrage is contained the plays do not condemn the perpetrator but rather highlight that understanding is the way to peace The key to release from the cycle of violence is portrayed as remembering without blaming The purpose of this study is twofold 1 to identify how the civil war as well as the change to civilian government in 1986 which culminated in the signing of the Peace Accord in 1996 has affected the form and content of the plays written in the 1990s and 2 to examine the work of the Guatemalan playwrights who have largely been ignored in Latin American theater studies BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
