Flaxman, 2012-12-06 During the last two decades of the nineteenth century the Dutch drama which had lapsed into a state of somnolence since the glorious days of Vondel suddenly awoke to vigorous life Not only did gifted dramatists appear but talented directors actors and actresses brought new splendor to the theatre Yet this brilliant flame did not burst forth in a vacuum and to appreciate the quality of its light it must be viewed against the background of its origins in the European drama After the middle of the century the emphasis in literary creation had shifted from a subjective emotional point of view to a more objective and rationalistic attitude If this seems only a roundabout way of saying that Romanticism yielded its dominance to Realism and Naturalism the conclusion is justified but we should not yield too readily to the pseudo scientific mania which urges us to force literature into a genus and species type of classification It is customary to say that in the eighties and nineties Naturalism won a decisive victory over Romanticism and drove the partisans of the older movement from the field At first glance this does indeed appear to be true Hugo yields to Zola Pushkin to Tolstoi Tieck to Hauptmann It is all quite simple **Field Day Review 4, 2008**, 2005 The Ethos of Drama Robert L. King, 2010-04-26 A groundbreaking approach to drama criticism **New York Magazine**, 1974-11-11 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
