The Theatre of Antonio Buero Vallejo Catherine O'Leary, 2005 This monograph examines the complex relationship between Antonio Buero Vallejo 1916 2000 and the ideologies of Francoist and post Franco Spain This monograph examines the complex relationship between Antonio Buero Vallejo 1916 2000 and the ideologies of Francoist and post Franco Spain The central focus of the study is Buero's political theatre and his employment of myth and history to challenge the notion of an *España eterna* It also considers Buero's creation of his own myths and his revision of history in order to rationalize and justify his own stance In his determination to write and stage committed drama in a repressive society Buero's choice with its inherent contradictions and ambiguities was *posibilismo* This book looks at this pragmatic employment of language and silence both in his art and in his dealings with the censors and with other representatives of the hegemony and analyses how *posibilismo* both aided and limited him The monograph also considers Buero's neglected post Franco theatre examining the reasons for its initial negative reception and its renewed importance in today's Spain In these days of digging up the past Buero's post Franco insistence on rejecting the *pacto de olvido* is perhaps more relevant than ever before CATHERINE O'LEARY lectures in Spanish at the National University of Ireland Maynooth

The Oxford Guide to Literature in English Translation Peter France, 2000 Translation has been a crucial process in world culture over the past two millennia and more In the English speaking cultures many of the most important texts are translations from Homer to Beckett the Bible to Freud Although recent years have seen a boom in translation

studies there has been no comprehensive yet convenient guide to this essential element of literature in English. Written by eminent scholars from many countries, the Oxford Guide to Literature in English Translation meets this need and will be essential reading for all students of English and comparative literature. It highlights the place of translation in our culture, encouraging awareness of the issues raised, making the translator more visible. Concentrating on major writers and works, it covers translations out of many languages from Greek to Korean, from Swahili to Russian. For some works, e.g. Virgil's Aeneid, which have been much translated, the discussion is historical and critical, showing how translation has evolved over the centuries and bringing out the differences between versions. Elsewhere, with less familiar literatures, the Guide examines the extent to which translation has done justice to the range of work available. The Guide is divided into two parts. Part I contains substantial essays on theoretical questions, a pioneering outline of the history of translation into English, and discussions of the problems raised by specific types of text, e.g. poetry, oral literature. The second, much longer part, consists of entries grouped by language of origin; some are devoted to individual texts, e.g. the Thousand and One Nights, or writers, e.g. Ibsen, Proust, but the majority offer a critical overview of a genre, e.g. Chinese poetry, Spanish Golden Age drama, or of a national literature, e.g. Hungarian, Scottish Gaelic. There is a selective bibliography for each entry and an index of authors and translators.

The Contemporary Spanish Theater Martha T. Halsey, Phyllis Zatlin, 1988-05-31. The essays that Martha Halsey and Phyllis Zarlin have written and collected in this volume deal with plays and playwrights primarily and only incidentally with actors, producers, theater buildings, mime, and other such manifestations of the performing arts. The period the authors cover is from the 1940s to the present. The Spanish Civil War 1936-39 shattered theatrical life. After the conflict ended on April 1, 1939, the theater was barely nourished by recourse to its past. Then the contemporary Spanish theater began on a particular date, October 14, 1949. On that night, a new playwright, Antonio Buero Vallejo, saw the first performance of his *Historia de una escalera* (Story of a Staircase), produced at the Teatro Espa ol. It spoke deeply to Spanish audiences then and instilled a new vitality into the Spanish theater and attracted to drama a new generation of playwrights. It is those writers and younger ones that have followed in their footsteps that are studied in this fine collection of essays. The distinguished editors' introductory essay, *Is There Life after Lorca*, is a readable survey of the period and it sets the tone for the following specialized essays by other authors and by themselves.

Guernica, and Other Plays Fernando Arrabal, 1969. The celebrated Spanish playwright Fernando Arrabal, who lived in Madrid under the oppression of the Franco regime, writes passionately of human atrocity and of hope. This collection of plays embodies Arrabal's theatre of panic, named after the god Pan. The *homme panique* is a man who refuses to take risks, who avoids danger and therefore heroism, who avoids the irreparable act but who ironically is caught up in a world of chance that forces him to make choices. The collection includes *Guernica*, an earthy verbal re-creation of Picasso's famous painting in which an old Basque couple is caught in the air raids; *And They Put Handcuffs on the Flowers*, a violent protest against the Franco regime; the ingenious and poetic *The Architect*.
