Plays on Classic Themes Franz Grillparzer, 1969 A Guide to the Plays of Bernard Shaw C. B. Purdom, 2023-06-09 First Published in 1963 A Guide to the Plays of Bernard Shaw is a descriptive and critical account of Bernard Shaw's work as a playwright The leading ideas contained in the plays are discussed because they are relevant to the work of the dramatist and the author has also commented on their original production as they were mostly done under Shaw's direction Author argues that if Shaw were to be reincarnated as a dramatic critic he would only too often be as scathing of the treatment of his plays upon the stage today as was G B S when writing of the Shakespeare productions in the London theatre This book is a must read for students of English literature **Play and Creativity in Art Teaching** George Szekely, 2015-03-02 In Play and Creativity in Art Teaching esteemed art educator George Szekely draws on his two classic volumes Encouraging Creativity in Art Lessons and From Play to Art to create a new book for new times The central premise is that art teachers are not only a source of knowledge about art but also a catalyst for creating conditions that encourage students to use their own ideas for making art By observing children at play and using props and situations familiar to them teachers can build on children's energy and self-initiated discoveries to inspire school art that comes from the child's imagination The foundation of this teaching approach is the belief that the essential goal of art teaching is to inspire children to behave like artists that art comes from within themselves and not from the art teacher Play and Creativity in Art Teaching offers plans for the study of children's play and for discovering creative art teaching as a way to bring play into the art room While it does not offer a teaching formula or a single set of techniques to be followed it demystifies art and shows how teachers can help children find art in familiar and ordinary places accessible to everyone This book also speaks to parents and the important roles they can play in supporting school art programs and nourishing the creativity of their children Great Plays, 1900 **Ottomiller's Index to Plays in Collections** Denise L.
