## **Plea For Common Sense Resolving The Clash Between Religion And Politics:**

*A Plea for Common Sense* Jim Castelli, 1988      Politics and Religion In The United States Michael Corbett, Julia Mitchell Corbett, 2013-01-11 This text examines the interaction between politics and religion in the United States from the days of the early colonial period through the 1990s It sets the contemporary discussion of politics and religion in the larger context of the entire scope of US history and traces significant themes over time showing students how the events of the 1990s have their roots in a long process of development      The Rise and Fall of the Religious Left L. Benjamin Rolsky, 2019-11-12 For decades now Americans have believed that their country is deeply divided by culture wars waged between religious conservatives and secular liberals In most instances Protestant conservatives have been cast as the instigators of such warfare while religious liberals have been largely ignored In this book L Benjamin Rolsky examines the ways in which American liberalism has helped shape cultural conflict since the 1970s through the story of how television writer and producer Norman Lear galvanized the religious left into action The creator of comedies such as *All in the Family* and *Maude* Lear was spurred to found the liberal advocacy group People for the American Way in response to the rise of the religious right Rolsky offers engaged readings of Lear's iconic sitcoms and published writings considering them as an expression of what he calls the spiritual politics of the religious left He shows how prime time television became a focus of political dispute and demonstrates how Lear's emergence as an interfaith activist catalyzed ecumenical Protestants Catholics and Jews who were determined to push back against conservatism's ascent Rolsky concludes that Lear's political involvement exemplified religious liberals' commitment to engaging politics on explicitly moral grounds in defense of what they saw as the public interest An interdisciplinary analysis of the definitive cultural clashes of our fractious times *The Rise and Fall of the Religious Left* foregrounds the foundational roles played by popular culture television and media in America's religious history

*Onward, Christian Soldiers* Deal W. Hudson, 2008-03-11 Like a mighty army moves the church of God Brothers we are treading where the saints have trod We are not divided all one body we One in hope and doctrine one in charity From the nineteenth century hymn *Onward Christian Soldiers* What keeps America a country of religious practice and traditional values How has the U S avoided succumbing to total secularism The answer to these provocative questions is found in the religious communities of America today In the past thirty years the religiously active voter has migrated to the Republican Party and the story behind this shift evidenced in the emergence of Evangelical dominance over mainstream Protestantism and the defeat of liberal Catholicism is at the heart of this fascinating cultural history In *Onward Christian Soldiers* the Washington insider who was at the vanguard of the sea change in religious and political history that propelled George W Bush into the White House offers an intimate perspective on those remarkable years and their influence over the ones to come Deal W Hudson analyzes how steadily overcoming age old misjudgments and misunderstandings that separated them conservative Catholics and Evangelical Christians drew together because of what they viewed as profound assaults on shared

core beliefs They became allies to battle the forces of secularization relativism and atheism And together they forged a grassroots movement across America that astonished political activists and surprised commentators as well as members of traditional religious organizations How exactly was this coalition achieved and who were its movers and shakers What enabled them to deepen enrich and activate the resurgence of traditional values in society to make America radically different from the secularized Europe that was so widely believed to be on the verge of becoming the model for the United States Deal W Hudson details this phenomenon by examining the leading figures and institutions on both sides of the debate exposing the dramatic encounters between those espousing fundamental Judeo Christian beliefs and those heralding the death of God and the new age of secular humanism Dealing with today's hot button issues Onward Christian Soldiers provides an unprecedented look at the confrontation of the religious right with secularists in America a confrontation that is not only timely but also timeless in its impact

**Liberalism Versus Conservatism** François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author

**Guess Who's Coming to Dinner Now?** Angela D Dillard, 2023-11-21 An excellent overview of African American LGBT and other minority group conservatives The New Republic In Guess Who's Coming to Dinner Now Angela Dillard offers the first comparative analysis of a modern conservatism that cuts across boundaries of race ethnicity gender and sexuality To be an African American and a conservative or a Latino who is also a conservative and gay is to occupy an awkward and contested political position Dillard explores the philosophies politics and motivation of minority conservatives such as Ward Connerly Glenn Loury Linda Chavez Clarence Thomas and Bruce Bawer as well as their tepid reception by both the left and right Welcomed cautiously by the conservative movement they have also frequently been excoriated by those African Americans Latinos women and LGBT people who view their conservatism as betrayal Dillard's comprehensive study among the first to take the history and political implications of multicultural conservatism seriously is a vital source for understanding contemporary American conservatism in all its forms Dillard analyzes the famous Clarence Thomas Linda Chavez the obscure Elizabeth Wright's black conservative newsletter Issues and Views and the in between the memoirs of the gay conservative Marvin Liebman The New York Times
