Plea For Eros:

A Plea for Eros Siri Hustvedt, 2025-09-23 From the author of the international bestseller *What I Loved* a provocative collection of autobiographical and critical essays about writing and writers Whether her subject is growing up in Minnesota cross dressing or the novel Hustvedt's nonfiction like her fiction defies easy categorization elegantly combining intellect emotion wit and passion With a light touch and consummate clarity she undresses the cultural prejudices that veil both literature and life and explores the multiple personalities that inevitably inhabit a writer's mind Is it possible for a woman in the twentieth century to endorse the corset and at the same time approach with authority what it is like to be a man Hustvedt does Writing with rigorous honesty about her own divided self and how this has shaped her as a writer she also approaches the works of others Fitzgerald Dickens and Henry James with revelatory insight and a practitioner's understanding of their art

Poet and Audience in the Argonautica of Apollonius Robert V. Albis, 1996 In this innovative study of the *Argonautica* Robert Albis examines structural elements of the text that recreate phenomena associated with composers and performers of epic much earlier in the Greek tradition Such phenomena include the effect of divine inspiration on the performer and the empathy thus created among the audience performer and characters of the poetry Albis focuses on the invocations of the *Argonautica* arguing that these passages reveal the poet's attempts to associate himself and the audience with the activity within the poem Albis' approach to the *Argonautica* is important because it makes use of theoretical approaches to poetry while still concentrating on the place of the poet and epic poetry in contemporary Greek culture and on the tradition the poet had inherited This fascinating study which includes analyses of the Homeric influence on Apollonius and Apollonius' influence on Virgil will be of interest to scholars of ancient epic Greek poetry and Hellenistic Greek culture

Altruism and Christian Ethics Colin Grant, 2000-11-16 Separated from its anchorage in religion ethics has followed the social sciences in seeing human beings as fundamentally characterised by self interest so that altruism is either naively idealistic or arrogantly self sufficient Colin Grant contends that as a modern secular concept altruism is a parody on the self giving love of Christianity so that its dismissal represents a social levelling that loses the depths that theology makes intelligible and religion makes possible The Christian affirmation is that God is characterised by self giving love agape then expected of Christians Lacking this theological background the focus on self interest in sociobiology and economics and on human realism in the political focus of John Rawls or the feminist sociability of Carol Gilligan finds altruism naive or a dangerous distraction from real possibilities of mutual support This book argues that to dispense with altruism is to dispense with God and with the divine transformation of human possibilities

Plato's Symposium Richard Hunter, 2004-07-15 Oxford Approaches to Classical Literature Series Editors Kathleen Coleman and Richard Rutherford introduces individual works of Greek and Latin literature to readers who are approaching them for the first time Each volume sets the work in its literary and historical context and aims to offer a balanced and engaging assessment of its content artistry and purpose A brief survey of the influence of the work upon subsequent generations is included to demonstrate its enduring relevance and power All quotations from the original are translated into English Plato's Symposium tells of a dinner party at a crucial point in Athenian history at which the guests decide that they will each in turn deliver a speech in praise of love The humorous and brilliant work that follows points the way towards all Western thinking about love The Symposium is also one of Plato's most sophisticated meditations on the practice of philosophy This book introduces the literary and historical context of Plato's work surveys and explains the arguments and considers why Plato has cast this work in a highly unusual narrative form A final chapter traces the influence of the Symposium from antiquity to the modern day

Between Athens and Jerusalem David Janssens, 2009-01-01 Praised as a major political thinker of the twentieth century and vilified as the putative godfather of contemporary neoconservatism Leo Strauss 1899-1973 has been the object of heated controversy both in the United States and abroad This book offers a more balanced appraisal by focusing on Strauss's early writings By means of a close and comprehensive study of these texts David Janssens reconstructs the genesis of Strauss's thought from its earliest beginnings until his emigration to the United States in 1937 He discusses the first stages in Strauss's grappling with the theological political problem from his doctoral dissertation on Friedrich Heinrich Jacobi to his contributions to Zionist periodicals from his groundbreaking study of Spinoza's critique of religion to his research on Moses Mendelssohn and from his rediscovery of medieval Jewish and Islamic philosophy to his research on

Hobbes Throughout Janssens traces Strauss's rediscovery of the Socratic way of life as a viable alternative to both modern philosophy and revealed religion James Joyce & the Perverse Ideal David Cotter, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company **Beliefs, Rituals, and Symbols of Ancient Greece and Rome** Dean Miller, 2014-01-01 Greek and Roman mythology is forever linked for a myriad of reasons Historians believe this could be because many of the Roman deities were adopted from the Greek However there are many that were not shared and are proudly only Roman or only Greek This comprehensive atlas presents dictionary entries about the major gods heroes and imaginary creatures of Greek and Roman mythology along with information on some key historical figures and philosophical schools of thought In this impressive book the entries unfold through a pictorial and illustrated journey Through a robust glossary sidebars and thematic introductions the social studies content of this fascinating subject becomes easily digestible even for the most reluctant reader while the further reading section inspires future research Cruising Utopia José Esteban Muñoz, 2009-11-01 The LGBT agenda for too long has been dominated by pragmatic issues like same sex marriage and gays in the military It has been stifled by this myopic focus on the present which is short sighted and assimilationist Cruising Utopia seeks to break the present stagnancy by cruising ahead Drawing on the work of Ernst Bloch Jos Esteban Muñoz recalls the queer past for guidance in presaging its future He considers the work of seminal artists and writers such as Andy Warhol LeRoi Jones Frank O Hara Ray Johnson Fred Herko Samuel Delany and Elizabeth Bishop alongside contemporary performance and visual artists like Dynasty Handbag My Barbarian Luke Dowd Tony Just and Kevin McCarty in order to decipher the anticipatory illumination of art and its uncanny ability to open windows to the future In a startling repudiation of what the LGBT movement has held dear Muñoz contends that queerness is instead a futurity bound phenomenon a not yet here that critically engages pragmatic presentism Part manifesto part love letter to the past and the future Cruising Utopia argues that the here and now are not enough and issues an urgent call for the revivification of the queer political imagination *Once More Unto the Speech, Dear Friends: The tragedies* William Shakespeare, 2006-12 Applause Books There has been a great change in the last twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns One More unto the Speech Dear Friends now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer Of Shakespeare's 37 plays only Pericles is not included In the trilogy of books there are over 900 separate audition possibilities This represents about 600 more monologues than are available in any other series There are four parts to each speech A background giving context

and approximate timing A modern text version The original folio version Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech s genre the age and gender of the character and more

Cruising Utopia, 10th Anniversary Edition José Esteban Muñoz, 2019-04-23 A 10th anniversary edition of this field defining work an intellectual inspiration for a generation of LGBTQ scholars *Cruising Utopia* arrived in 2009 to insist that queerness must be reimagined as a futurity bound phenomenon an insistence on the potentiality of another world that would crack open the pragmatic present Part manifesto part love letter to the past and the future Jos Esteban Mu oz argued that the here and now were not enough and issued an urgent call for the revivification of the queer political imagination On the anniversary of its original publication this edition includes two essays that extend and expand the project of *Cruising Utopia* as well as a new foreword by the current editors of *Sexual Cultures* the book series he co founded with Ann Pellegrini 20 years ago This 10th anniversary edition celebrates the lasting impact that *Cruising Utopia* has had on the decade of queer of color critique that followed and introduces a new generation of readers to a future not yet here
