## **Pleasure Dome:**

Pleasure Dome Yusef Komunyakaa, 2004-09-20 Yusef Komunyakaa has become one of America's most compelling poets. *Pleasure Dome* gathers over twenty-five years of work including early uncollected poems and a rich selection of new poems. Best known for *Neon Vernacular* which won the Pulitzer Prize for Poetry in 1994 and for *Dien Cai Dau* a collection of poems chronicling his experiences as a journalist in Vietnam, Yusef Komunyakaa has become one of America's most compelling poets. *Pleasure Dome* gathers the poems in these two distinguished books and five others over two and a half decades of Komunyakaa's work. In addition, *Pleasure Dome* includes 25 early uncollected poems and a rich selection of 18 new poems.

**The Shows of London** Richard Daniel Altick, 1978 A berserk elephant gunned down in the heart of London, a machine for composing Latin hexameters and the original rock band 1841: these are but three of the sights that London curiosity seekers from every walk of life paid to see from the Elizabethan era to the mid-Victorian period. Examining hundreds of the wonderfully varied exhibitions that culminated in the Crystal Palace of 1851, this generously illustrated book sheds light on a vast and colorful expanse of English social history that has thus far remained wholly unsurveyed. Drawing on a wealth of never before used information, Mr. Altick traces London exhibitions as they evolved from the display of relics in pre-Reformation churches through the collections of eighteenth-century virtuosi to the first science museums and public art galleries. He also narrates for the first time the history of the panorama and diorama as an influential genre of nineteenth-century popular art. At every point the London shows are linked to the prevailing intellectual atmosphere and to trends in public taste. The material is fresh and fascinating: the range from freaks to popular science, from the funeral effigies at Westminster Abbey to Madame Tussaud's waxworks, impressive. Like the exhibitions that best served the Victorian ideal of mass culture, *The Shows of London* is both entertaining and informative.

Recritiquing S.T. Coleridge Amar Nath Prasad, 2007 Study on the works of Samuel Taylor Coleridge 1772-1834 English poet. *Dear Yusef* John Murillo, Nicole Sealey, 2024-11-05 This carefully and generously curated mosaic of essays, letters, and poems reveals the profound impact that poet Yusef Komunyakaa has had on poets, educators, and readers worldwide. The anthology brings together creative and critical offerings from fellow poets, former students, literary entities, and other admirers. There are emerging and established voices from previously unpublished writers to Pulitzer Prize-winning poets. Together, these pieces honor one of the most influential writers of the last half-century: one it turns out who is as beloved for his teaching as he is celebrated for his creative work. Contributors include Terrance Hayes, Sharon Olds, Carolyn Forché, Toi Derricotte, and Martín Espada, among others. *Dear Yusef* affirms Komunyakaa's transformative influence, showcasing how his mentoring has ignited creativity, nurtured passion, and fostered a sense of belonging among countless individuals. Through the artistry of these testimonials, we witness the transformative power of poetry and the enduring legacy of a true literary icon. Please note that the hardcover edition is unjacketed.

Yeats, Coleridge and the Romantic Sage M. Gibson, 2000-07-05 This work explores an aspect of

Yeats's writing largely ignored until now namely his wide ranging absorption in S T Coleridge Gibson explores the consistent and densely woven allusions to Coleridge in Yeats's prose and poetry often in conjunction with other Romantic figures arguing that the earlier poet provided him with both a model of philosopher the sage and an interpretation of metaphysical ideas which were to have a resounding effect on his later poetry and upon his rewriting of *A Vision*      **Forgetful Muses** Ian Lancashire, 2010-12-11 How can we understand and analyze the primarily unconscious process of writing In this groundbreaking work of neuro cognitive literary theory Ian Lancashire maps the interplay of self conscious critique and unconscious creativity *Forgetful Muses* shows how a writer's own anonymous that part of the mind that creates language up to the point of consciousness is the genesis of thought Those thoughts are then articulated by an author's inner voice and become subject to critique by the mind's reader editor The reader editor engages with the anonymous which uses this information to formulate new ideas Drawing on author testimony cybernetics cognitive psychology corpus linguistics text analysis the neurobiology of mental aging and his own experiences Lancashire's close readings of twelve authors including Caedmon Chaucer Coleridge Joyce Christie and Atwood serve to illuminate a mystery we all share      **Charm in Literature from Classical to Modernism** Richard Beckman, 2019-09-16 Charm in Literature from Classical to Modernism Charmed Life discusses charm as both an emotional and aesthetic phenomenon Beginning with the first appearance of literary charm in the Sirens episode of the *Odyssey* Richard Beckman traces charm throughout canonical literature examining the metamorphoses of charm through the millennia The book examines the works of Chaucer Spenser Shakespeare Milton Pope Wordsworth Coleridge Proust Joyce Mann and others considering the multiplicity of ways charm is defined depicted and utilized by authors Positioning these poems dramas and novels as case studies Beckman reveals the mercurial yet enduring connotations of charm      *Creating States* Angela Esterhammer, 1994-12-15 Although the concept of the performative has influenced literary theory in numerous ways this book represents one of the first full length studies of performative language in literary texts *Creating States* examines the visionary poetry of John Milton and William Blake using a critical approach based on principles of speech act theory as articulated by J L Austin John Searle and Emile Benveniste Angela Esterhammer proposes a new way of understanding the relationship between these two poets while at the same time evaluating the role of speech act philosophy in the reading of visionary poetry and Romantic literature Esterhammer distinguishes between the sociopolitical performative the speech act which is defined by a societal context and derives power from institutional authority and the phenomenological performative language which is invested with the power to posit or create because of the individual will and consciousness of the speaker Analysing texts such as *The Reason of Church Government* *Paradise Lost* *The Marriage of Heaven and Hell* and *Jerusalem* Esterhammer traces the parallel evolution of Milton and Blake from writers of political and anti prelatical tracts to poets who having failed in their attempts to alter historical circumstances through a direct address to their contemporaries reaffirm their faith in individual visionary consciousness and the creative word while

continuing to use the forms of a socially or politically performative language

**Coleridge and the Abyssinian Maid** Geoffrey Yarlott, 2016-06-17 First published in 1967 this book seeks to show the causes which led to Coleridge's breakdown in 1802 and to indicate how his views on poetry changed as a result of it. The approach is selective in that it only focuses on one part of Coleridge's life roughly 1793-1810; however, the author attempts to relate a number of different areas of his activity and to trace his emotional and moral development more closely than might be possible in a full-scale biography. The account of Coleridge's life ends in 1810 when his relationship with the two key figures in his life, Asra and Wordsworth, had ruptured, as this reflected which of Coleridge's Notebooks were available at the time.

**Should You Choose to Live Forever?** Stephen Cave, John Martin Fischer, 2023-11-22 In this book Stephen Cave and John Martin Fischer debate whether or not we should choose to live forever. This ancient question is as topical as ever while billions of people believe they will live forever in an otherworldly realm, billions of dollars are currently being poured into anti-ageing research in the hope that we will be able to radically extend our lives on earth. But are we wise to wish for immortality? What would it mean for each of us as individuals for society and for the planet? In this lively and accessible debate, the authors introduce the main arguments for and against living forever along with some new ones. They draw on examples from myth and literature as well as new thought experiments in order to bring the arguments to life. Cave contends that the aspiring immortalist is stuck on the horns of a series of dilemmas such as boredom and meaninglessness or overpopulation and social injustice. Fischer argues that there is a vision of radically longer lives that is both recognizably human and desirable. This book offers both students and experienced philosophers a provocative new guide to a topic of perennial importance.

**Key Features** Gives a comprehensive overview of the main arguments for and against living forever. Uses lively examples from myth, literature and novel thought experiments. Highly accessible, avoiding jargon and assuming no prior knowledge without sacrificing intellectual rigour. Includes helpful pedagogical features including chapter summaries, an annotated reading list, a glossary and clear examples.

Sacral Grooves, Limbo Gateways Keith Cartwright, 2013 We're seeing people that we didn't know exist, the director of FEMA acknowledged in the wake of Hurricane Katrina. *Sacral Grooves, Limbo Gateways* offers a corrective to some of America's institutionalized invisibilities by delving into the submerged networks of ritual performance, writing, intercultural history and migration that have linked the coastal U.S. South with the Caribbean and the wider Atlantic world. This interdisciplinary study slips beneath the bar of rigid national and literary periods, embarking upon deeper, more rhythmic and

embodied signatures of time It swings low through ecologies and symbolic orders of creolized space And it reappraises pluralistic modes of knowledge kinship and authority that have sustained vital forms of agency such as jazz amid abysses of racialized trauma Drawing from Haitian Vodou and New Orleanian Voudou and from Cuban and South Floridian Santería as well as from Afro Baptist Caribbean Geechee and Bahamian models of encounters with otherness this book reemplaces deep southern texts within the counterclockwise ring stepping of a long Afro Atlantic modernity Turning to an orphan girl's West African initiation tale to follow a remarkably traveled body of feminine rites and writing in works by Paule Marshall Zora Neale Hurston Lydia Cabrera William Faulkner James Weldon Johnson and LeAnne Howe among others Cartwright argues that only in holistic form emergent from gulfs of cross cultural witness can literary and humanistic authority find legitimacy Without such grounding he contends our educational institutions blind and even poison students bringing them to swallow lye like the grandson of Phoenix Jackson in Eudora Welty's *A Worn Path* Here literary study may open pathways to alternative medicines fetched by tenacious avatars like Phoenix or an orphan Kumba or a shell shaking Turtle to remedy the lies our partial histories have made us swallow

**British Romanticism and the Archive** David Kerler, 2022-06-06 Taking its cue from Jacques Derrida's concept of *le mal d'archive* this study explores the interrelations between the experience of loss melancholia archives and their self destructive tendencies surfacing in different forms of spectrality in selected poetry of British Romanticism It argues that the British Romantics were highly influenced by the period's archival fever manifesting itself in various historical material technological and cultural aspects and implicitly reflected and engaged with these discourses and materialities medialities in their works This is scrutinized by focusing on two basal closely related facets the subject's feverish desire to archive and the archive's self destructive tendencies which may also surface in an ambivalent melancholic relishing in the archived object's presence within its absence Through this new theoretical perspective details and coherence previously gone unnoticed shall be laid bare ultimately contributing to a new and more profound

understanding of British Romanticism's It will be shown that the various discursive and material manifestations of archives and archival practices not only echo the period's technological cultural and historical developments along with its incisive experiencing of loss but also fundamentally determine Romantic subjectivity and aesthetics
