Pleasure Of The Text Violette Leduc And Reader Seduction:

The Pleasures of the Text Elizabeth Locey, 2002-01-15 Why was Violette Leduc's 1954 novel *Thérèse et Isabelle* not published in its entirety until November 2000 Under threat of scandal and obscenity charges French publisher Gallimard withheld the novel but Leduc continued to write of her life as a woman writer in wartime Paris frankly depicting her own and imagined lesbian experiences Mentored by Simone de Beauvoir and a contemporary of French twentieth century luminaries Sartre Camus Genet and Cocteau Leduc is however known best as France's great unknown writer In *The Pleasures of the Text* Elizabeth Locey restores Leduc to her rightful place in the canon bringing to light her singular and important contributions to contemporary literary theory Locey reads Leduc's works from the perspective of reader seduction which erodes the divide between body and text Situating Leduc within a continuum with Emma Bovary and Roland Barthes at its extremes Locey investigates Leduc's use of the erotic touch look and voice to seduce her readers More than an accessible introduction to an overlooked writer *The Pleasures of the Text* confronts and challenges the philosophical debate between pornography and erotica and pins down some of the often slippery ways pleasure is mapped onto the body of the reader

"The Useless Mouths" and Other Literary Writings Simone de Beauvoir, 2011-10-27 *The Useless Mouths and Other Literary Writings* brings to English language readers literary writings several previously unknown by Simone de Beauvoir Highlights of the volume include a new translation of the 1945 play *The Useless Mouths* the unpublished 1965 short novel *Misunderstanding in Moscow* the fragmentary *Notes for a Novel* and an eagerly awaited translation of Beauvoir's contribution to a 1965 debate among Jean Paul Sartre and other French writers and intellectuals *What Can Literature Do* The collection includes critical introductions by Meryl Altman Elizabeth Fallaize Alison S Fell Sarah Gendron Dennis A Gilbert Laura Hengehold Eleanore Holveck Terry Keefe J Debbie Mann Frederick M Morrison Catherine Naji Justine Sarrot Liz Stanley Ursula Tidd and Veronique Zaytzeff

Someone Michael Lucey, 2019-04-05 Imagine trying to tell someone something about yourself and your desires for which there are no words What if the mere attempt at expression was bound to misfire to efface the truth of that ineluctable something In *Someone* Michael Lucey considers characters from twentieth century French literary texts whose sexual forms prove difficult to conceptualize or represent The characters expressing these misfit sexualities gravitate towards same sex encounters Yet they differ in subtle but crucial ways from mainstream gay or lesbian identities whether because of a discordance between gender identity and sexuality practices specific to a certain place and time or the fleetingness or non exclusivity of desire Investigating works by Simone de Beauvoir Colette Jean Genet and others Lucey probes both the range of same sex sexual forms in twentieth century France and the innovative literary language authors have used to explore these evanescent forms As a portrait of fragile sexualities that involve awkward and delicate maneuvers and modes of articulation *Someone* reveals just how messy the ways in which we experience and perceive sexuality remain even to ourselves

Are the Lips a Grave? Lynne Huffer, 2013-10-08 Lynne Huffer's ambitious inquiry

redresses the rift between feminist and queer theory traversing the space of a new post moral sexual ethics that includes pleasure desire connection and betrayal She begins by balancing queer theorists politics of sexual freedoms with a moralizing feminist politics that views sexuality as harm Drawing on the best insights from both traditions she builds an ethics centered on eros following Michel Foucault s ethics as a practice of freedom and Luce Irigaray s lyrical articulation of an ethics of sexual difference Through this theoretical lens Huffer examines everyday experiences of ethical connection and failure connected to sex including queer sexual practices sodomy laws interracial love pornography and work life balance Her approach complicates sexual identities while challenging the epistemological foundations of subjectivity She rethinks ethics beyond good and evil without underestimating as some queer theorists have done the persistence of what Foucault calls the catastrophe of morality Elaborating a thinking feeling ethics of the other Huffer encourages contemporary intellectuals to reshape sexual morality from within defining an ethical space that is both poetically suggestive and politically relevant both conceptually daring and grounded in common sexual experience

Forbidden Literature Erik Erlanson,Jon Helgason,Peter Henning,Linnéa Lindsköld,2020-03-08 Freedom of the printed word is a defining feature of the modern world Yet censorship and the suppression of literature never cease and remain topical issues even in the most liberal of democracies Today just as in the past advances in media technology are followed by new regulatory mechanisms Similarly any attempt to control cultural expression inevitably spurs fresh discussions about freedom of speech In Forbidden Literature scholars from a variety of disciplines address censorship s past and present whether in liberal democracies or totalitarian regimes Through in depth case studies they trace a historical continuum in which literature reveals its two sided nature it demands both regulation and protection The contributors investigate the logic of literary repression particularly in the twentieth and twenty first centuries and analyze why it is thought essential to control literature Moreover the authors determine how literary practices are shaped and transformed by regulation and censorship

Sex Sounds Danielle Shlomit Sofer,2022-07-05 An investigation of sexual themes in electronic music since the 1950s with detailed case studies of electrosexual music by a wide range of creators In Sex Sounds Danielle Shlomit Sofer investigates the repeated focus on sexual themes in electronic music since the 1950s Debunking electronic music s origin myth that it emerged in France and Germany invented by Pierre Schaeffer and Karlheinz Stockhausen respectively Sofer defines electronic music more inclusively to mean any music with an electronic component drawing connections between academic institutions radio studios experimental music practice hip hop production and histories of independent and commercial popular music Through a broad array of detailed case studies examining music that ranges from Schaeffer s musique concrète to a video workshop by Annie Sprinkle Sofer offers a groundbreaking look at the social and cultural impact sex has had on audible creative practices Sofer argues that electrosexual music has two central characteristics the feminized voice and the climax mechanism Sofer traces the historical fascination with electrified sex sounds showing that works representing women s presumed sexual

experience operate according to masculinist heterosexual tropes and presenting examples that typify the electroacoustic sexual canon Noting electronic music history's exclusion of works created by women people of color women of color and in particular Black artists Sofer then analyzes musical examples that depart from and disrupt the electroacoustic norms showing how even those that resist the norms sometimes reinforce them These examples are drawn from categories of music that developed in parallel with conventional electroacoustic music separated segregated from it Sofer demonstrates that electrosexual music is far more representative than the typically presented electroacoustic canon

Schmerz, Gender und Avantgarde Franziska Kutzick, 2022-11-07 Die Prosa von Violette Leduc und Nicole Caligaris zersprengt mit der Inszenierung von lesbischem Begehren und Kannibalismus Tabus der 1940er und 2000er Jahre Ihre experimentellen Repräsentationen von Schmerz und verletzten Frauenkörpern problematisieren nicht nur tradierte Genderrollen sondern revolutionieren im Rückgriff auf den Surrealismus auch die zeitgenössische Literatur Franziska Kutzick liest die historischen Avantgarden neu und legt ihre Verbindungslinien in die Nachkriegszeit und Gegenwart frei Ihre exemplarischen Analysen zeigen auf inwiefern die Ästhetisierung von Schmerzerfahrungen und die Reflexion von Gender seit der Moderne eine Rolle in literarischen Innovationsprozessen spielen
