Sipos,2014-01-10 This richly informed study analyzes how various cinematic tools and techniques have been used to create horror on screen the aesthetic elements sometimes not consciously noticed that help to unnerve frighten shock or entertain an audience The first two chapters define the genre and describe the use of pragmatic aesthetics when filmmakers put technical and budgetary compromises to artistic effect Subsequent chapters cover mise en scene framing photography lighting editing and sound and a final chapter is devoted to the aesthetic appeals of horror cinema Instructors considering this book for use in a course may request an examination copy here **Darwin's Watch** Terry Pratchett,Ian Stewart,Jack Cohen,2015-06-09 When Charles Darwin writes the wrong book and reverses the progress of science Unseen University s wizards must once again save Roundworld Earth that is from an apocalyptic end Ever since a wizardly experiment inadvertently brought about the creation of Roundworld the wizard scholars of Unseen University have done their best to put things on the right course In Darwin s Watch they may face their greatest challenge yet A man called Darwin has written a bestselling book called The Theology of the Species and his theory of scientific design has been witlessly embraced by Victorian society As a result scientific progress has slowed to a crawl and the wizards must find a way to change history back to the way it should have been DARWIN S WATCH EXPLORES THE REVERBERATIONS of major scientific advances on our planet and our culture the dangers of obscurantism and the theory of evolution as you have never seen it before This brilliant addition to Pratchett s beloved Discworld series illustrates with great wit and wisdom how the laws of our universe truly are stranger than fiction The Aryan Path Sophia Wadia,1966 The Fantastic in Holocaust Literature and Film Judith B. Brown,2011-04-18 *Dangerous Curves Action Heroines Gender Fetishism and Popular Culture* addresses the conflicted meanings associated with the figure of the action heroine as she has evolved in various media forms since the late 1980s Jeffrey A Brown discusses this immensely popular character type the action heroine as an example of and challenge to existing theories about gender as a performance identity Her assumption of heroic masculine traits combined with her sexualized physical depiction demonstrates the ambiguous nature of traditional gender expectations and indicates a growing awareness of more aggressive and violent roles for women The excessive sexual fetishization of action heroines is a central theme throughout The topic is analyzed as an insight into the transgressive image of the dominatrix as a reflection of the shift in popular feminism from second wave politics to third wave and postfeminist pleasures and as a form of patriarchal backlash that facilitates a masculine fantasy of controlling strong female characters Brown interprets the action heroine as a representation of changing gender dynamics that balances the sexual objectification of women with progressive models of female strength While the primary focus of this study is the action heroine as represented in Hollywood film and television the book also includes the action heroine s emergence in contemporary popular literature comic books cartoons and video games      *Resolution Trust Corporation's Asset Disposition Policies* United States.
