first text in over a century to examine the whole of Selden's works and thought Reid Barbour brings a new perspective to Selden studies by stressing Selden's strong commitment to a religious society by taking a closer and more sustained look at his poetic interests and by systematically examining his Latin publications particularly those using Jewish sources Offering critical close readings of Selden's oeuvre Barbour posits that the overriding aim of Selden's career was to bolster religious society in the face of its imminent demise He argues that Selden's scholarly career was committed to resolving an essentially religious question about how best to establish the holy commonwealth in both lawfulness and spiritual abundance Perhaps the greatest strength of Barbour's analysis emerges from his overall interpretation of Selden's corpus within the context of what the author calls a religious society this approach emphasizes the religious commitments of Selden and subverts earlier readings of him as a cynical skeptical secular thinker who attacked rather than upheld a Judeo-Christian model of society Engaging in style and substantive in analysis Barbour's John Selden will add considerably to the limited body of work on this important seventeenth century savant **The Sermons to the Seven Churches of Revelation** Jeffrey A. D.

Weima, 2021-07-20 A top New Testament scholar preacher and tour guide to the lands of the New Testament offers an informed commentary on this challenging portion of Scripture with an eye toward preaching the text Jeffrey Weima explains the meaning of the seven sermons of Revelation 2-3 and provides sample sermons that show how these ancient messages despite their subtle Old Testament allusions and perplexing images are relevant for the church today The book includes photos maps and charts and is of interest to preachers students teachers and Bible study groups **Popularizing**

Anti-Semitism in Early Modern Spain and its Empire Francois Soyer, 2014-03-06 This book charts the history and influence of the most vitriolic and successful anti-Semitic polemic ever to have been printed in the early modern Hispanic world and offers the first critical edition and translation of the text into English First printed in Madrid in 1674 the *Centinela contra judos* Sentinel against the Jews was the work of the Franciscan Francisco de Torrejoncillo who wrote it to defend the mission of the Spanish Inquisition to call for the expansion of discriminatory racial statutes and finally to advocate in favour of the expulsion of all the descendants of converted Jews from Spain and its empire Francisco de Torrejoncillo combined the existing racial theological social and economic strands within Spanish anti-Semitism to demonize the Jews and their converted descendants in Spain in a manner designed to provoke strong emotional responses from its readership
