**Roth and Trauma** Aimee Pozorski, 2011-07-14 Roth and Trauma The Problem of History in the Later Works 1995 2010 moves beyond a critical reception of Philip Roth's recent fiction that has focused primarily on an interest in post WWII America By contrast Aimee Pozorski argues that these novels grapple more comprehensively with US history in their fascination with America's traumatic beginnings and the legacy of the American Revolution Drawing on close readings and trauma theory Roth and Trauma reveals the problem of history in Roth's later works to be the unexpected and repeated appearance of historical trauma that links the still unfinished American dream with the nightmarish quality of our recent history

*Race, Color, Identity* Efraim Sicher, 2013-05-01 Advances in genetics are renewing controversies over inherited characteristics and the discourse around science and technological innovations has taken on racial overtones such as attributing inherited physiological traits to certain ethnic groups or using DNA testing to determine biological links with ethnic ancestry This book contributes to the discussion by opening up previously locked concepts of the relation between the

terms color race and Jews and by engaging with globalism multiculturalism hybridity and diaspora The contributors leading scholars in anthropology sociology history literature and cultural studies discuss how it is not merely a question of whether Jews are acknowledged to be interracial but how to address academic and social discourses that continue to place Jews and others in a race color category *Alternate History* Kathleen Singles, 2013-10-14 While strictly speaking Alternate Histories are not Future Narratives their analysis can shed a clear light on why Future Narratives are so different from past narratives Trying to have it both ways most Alternate Histories subscribe to a conflicting set of beliefs concerning determinism and freedom of choice contingency and necessity For the very first time Alternate Histories are here discussed against the backdrop of their Other Future Narratives The volume contains in depth analyses of the classics of the genre such as Philip K Dick's *The Man in the High Castle* and Philip Roth's *The Plot against America* as well as less widely discussed manifestations of the genre such as Dieter K hn's *N Christian Kracht's Ich werde hier sein im Sonnenschein und im Schatten* and Quentin Tarantino's film *Inglourious Basterds* **American Television During a Television Presidency** Karen McNally, 2022-04-12 Undergraduate and graduate students and scholars of film and television studies comedy studies and cultural studies will value this strong collection *The Prestige of Violence* Sally Bachner, 2011 In *The Prestige of Violence* Sally Bachner argues that starting in the 1960s American fiction laid claim to the status of serious literature by placing violence at the heart of its mission and then insisting that this violence could not be represented Bachner demonstrates how many of the most influential novels of this period are united by the dramatic opposition they draw between a debased and untrustworthy conventional language on the one hand and a violence that appears to be prelinguistic and unquestionable on the other Genocide terrorism war torture slavery rape and murder are major themes yet the writers insist that such events are unspeakable Bachner takes issue with the claim made within trauma studies that history is the site of violent trauma inaccessible to ordinary representation Instead she argues both trauma studies and the fiction to which it responds institutionalize an inability to address violence Examining such works as Vladimir Nabokov's *Pale Fire* Thomas Pynchon's *The Crying of Lot 49* Norman Mailer's *Armies of the Night* Margaret Atwood's *Surfacing* and Philip Roth's *The Plot Against America* Bachner locates the postwar prestige of violence in the disjunction between the privileged security of wealthier Americans and the violence perpetrated by the United States abroad The literary investment in unspeakable and often immaterial violence emerges in Bachner's readings as a complex and ideologically varied literary solution to the political geography of violence in our time *If God Meant to Interfere* Christopher Douglas, 2016-05-12 The rise of the Christian Right took many writers and literary critics by surprise trained as we were to think that religions waned as societies became modern In *If God Meant to Interfere* Christopher Douglas shows that American writers struggled to understand and respond to this new social and political force Religiously inflected literature since the 1970s must be understood in the context of this unforeseen resurgence of conservative Christianity he argues a resurgence that realigned the literary and cultural fields

Among the writers Douglas considers are Marilynne Robinson Barbara Kingsolver Cormac McCarthy Thomas Pynchon Ishmael Reed N Scott Momaday Gloria Anzald a Philip Roth Carl Sagan and Dan Brown Their fictions engaged a wide range of topics religious conspiracies faith and wonder slavery and imperialism evolution and extraterrestrial contact alternate histories and ancestral spiritualities But this is only part of the story Liberal leaning literary writers responding to the resurgence were sometimes confused by the Christian Right s strange entanglement with the contemporary paradigms of multiculturalism and postmodernism leading to complex emergent phenomena that Douglas terms Christian multiculturalism and Christian postmodernism Ultimately If God Meant to Interfere shows the value of listening to our literature for its sometimes subterranean attention to the religious and social upheavals going on around it Fictive Fathers in the Contemporary American Novel Debra Shostak,2020-02-20 Fictive Fathers in the Contemporary American Novel explores the unstable construction of heteronormative white masculinity in the contemporary United States by focusing on relationships between fathers and their children Debra Shostak reads the novels of 18 North American writers publishing in the late 20th and early 21st centuries as allegories of cultural conflict and change within the nuclear family the authors considered include Paul Auster Don DeLillo Jeffrey Eugenides Jonathan Safran Foer Jonathan Franzen John Irving Jonathan Lethem Carole Maso Bobbie Ann Mason Cormac McCarthy Claire Messud Viet Thanh Nguyen Tim O Brien Marilynne Robinson Philip Roth Mona Simpson Jane Smiley and Anne Tyler These novelists portray father figures who often literally or figuratively absent from the family scene disrupt the familial order and their family members identities Shostak s close readings illuminate unexpectedly conservative even subversive ideological positions at the heart of these fictions Fictive Fathers traces the eroding myth of paternal authority that sustained a patriarchal model within real American families and their literary representations
