Schaller, Jürgen Zimmerer, 2013-09-13 This year the United Nations celebrated the Convention on the Prevention and Punishment of the Crime of Genocide adopted in December 1948 It is time to recognize the man behind this landmark in international law At the beginning were a few words New conceptions require new terms By genocide we mean the destruction of a nation or of an ethnic group Rarely in history have paradigmatic changes in scholarship been brought about with such few words Putting the quintessential crime of modernity in only one sentence Raphael Lemkin 1900 1959 the Polish Jewish specialist in international law not only summarized the horrors of the National Socialist Crimes which were still underway when he coined the term genocide in 1944 but also influenced international law As the founding figure of the UN Genocide Convention Lemkin is finally getting the respect he deserves Less known is his contribution to historical scholarship on genocide Until his death Lemkin was working on a broad study on genocides in the history of humankind Unfortunately he did not manage to publish it The contributions in this book offer for the first time a critical assessment not only of his influence on international law but also on historical analysis of mass murders showing the close connection between both This book was published as a special issue of the Journal of Genocide Research

A Mortuary of Books Elisabeth Gallas,Alex Skinner,2019-04-30 Winner 2020 JDC Herbert Katzki Award for Writing Based on Archival Material given by the Jewish Book Council The astonishing story of the efforts of scholars and activists to rescue Jewish cultural treasures after the Holocaust In March 1946 the American Military Government for Germany established the Offenbach Archival Depot near Frankfurt to store identify and restore the huge

quantities of Nazi looted books archival material and ritual objects that Army members had found hidden in German caches These items bore testimony to the cultural genocide that accompanied the Nazis systematic acts of mass murder The depot built a short lived lieu de memoire a mortuary of books as the later renowned historian Lucy Dawidowicz called it with over three million books of Jewish origin coming from nineteen different European countries awaiting restitution A Mortuary of Books tells the miraculous story of the many Jewish organizations and individuals who after the war sought to recover this looted cultural property and return the millions of treasured objects to their rightful owners Some of the most outstanding Jewish intellectuals of the twentieth century including Dawidowicz Hannah Arendt Salo W Baron and Gershom Scholem were involved in this herculean effort This led to the creation of Jewish Cultural Reconstruction Inc an international body that acted as the Jewish trustee for heirless property in the American Zone and transferred hundreds of thousands of objects from the Depot to the new centers of Jewish life after the Holocaust The commitment of these individuals to the restitution of cultural property revealed the importance of cultural objects as symbols of the enduring legacy of those who could not be saved It also fostered Jewish culture and scholarly life in the postwar world

Conquest and Redemption Gregg Rickman, 2017-07-05 In *Conquest and Redemption* Gregg J Rickman explains how the Nazis stole the possessions of their Jewish victims and obtained the cooperation of institutions across Europe in these crimes of convenience He also describes how those institutions are being brought to justice sixty years later for their retention of their ill gotten gains Rickman not only explains how the robbery was accomplished tracked stalled and then finally reversed but also clearly shows the ways in which robbery was inextricably connected to the murder of the Jews The Nazis took everything from Jews their families their possessions and even their names As with the murder of Jews the Nazis robbery was an organized institutionalized effort Jews were isolated robbed and left homeless regarded as parasites in the Nazis eyes and thus fair game In short the organized robbery of the Jews facilitated their slaughter How did the German people come to believe that it was permissible to isolate outlaw rob and murder Jews A partial explanation can be found in the Nazis creation of a virtual religion of German nationalism and homogeneity that delegitimized Jews as a people and as individuals This belief system was expressed through a complex structure of religious rules practices and institutions While Nazi ideology was the guiding principle how that ideology was formed and how it was applied is important to understand if one is to fully grasp the Holocaust Rickman painstakingly describes the structural composition and motivation for the plundering of Jewish assets The Holocaust will always remain a memory of unequalled pain and suffering but as Rickman shows the return of stolen goods to their survivors is a partial victory for the long aggrieved *Conquest and Redemption* will be of interest to students and scholars in the history of the Holocaust and its aftermath
