Pluralist Dilemma In Education:

The Pluralist Dilemma in Education M. P. Mncwabe, 1987 The Pluralist Dilemma in Education Brian Milton Bullivant, 1981 **Education and Cultural Pluralism** Maurice Craft, 2017-04-28 This collection of essays first published in 1984 on multicultural education seeks to introduce teachers teacher educators educational administrators policymakers and others to several of the most significant dimensions of the field But it also brings out the complexity of the issues and the dangers of over simplification the inadequacies of much of the available data and the need for better long term strategies

Educational Issues in Multiethnic Malaysia Tan Yao Sua, R. Santhiram, Education in multiethnic societies is a subject of considerable debates in almost all parts of the world These debates have invoked strongly felt positions between competing ethnic groups over a host of issues that have a profound impact on the nation building process Apart from deep seated issues arising from contrasting internal demands over educational rights and equality emerging issues arising from external influences such as the global spread of English as a result of globalisation have also impacted the nation building process of multiethnic societies It is against this context that educational issues in multiethnic societies merit our attention In the case of Malaysia discourses over these issues are particularly intense and hotly contested by the different ethnic groups This is primarily because of the extreme difficulties in mediating these complicated issues which are impinged by competing socio cultural economic and political interests This book explores the contested terrains of education in multiethnic Malaysia It comprises seven chapters that cover three crucial areas of educational provisions and delivery namely education of ethnic minorities education and national integration and educational language policy These three crucial areas are often the prime concerns of policy makers in multiethnic societies who have to tread a thin line in resolving these issues which are underpinned by intense coterminous interests and inter ethnic competition and having the potential to generate conflicts contestation and power struggle As far as the Malaysian policy makers are concerned their efforts in resolving these issues have not been overly successful It is most unfortunate that their policy decisions are at times influenced by competing political and ethnic interests rather than guided by sound theoretical underpinnings that could put the educational

development of the country on a stronger platform and a clearer trajectory **Moral Education and Pluralism** Mal Leicester, Sohan Modgil, 2005-08-19 Volume IV looks at the development of moral education with particular relation to the context of cultural pluralism Taking a theoretical approach it discusses philosophical issues of moral relativism as well as the application of theory to good practice *Pluralism, Cultural Maintenance and Evolution* Brian Milton Bullivant, 1984-01-01 This book explores the principles of pluralism in a modern Western society It examines the concept of culture and how ethnic groups may need to establish separate structures and institutions to survive and maintain its culture It focuses on case study material drawn from Australian experience with Aborigines and with migrants Anti-Racism, Feminism, and Critical Approaches to Education Roxana Ng, Joyce Scane, Patricia Staton, 1995-07-24 This book maintains that there has not been

sufficient dialogue and cross fertilization between various forms of critical approaches to education notably multicultural anti racist education feminist pedagogy and critical pedagogy Contributors from Canada and the United States address educational issues relevant to aboriginal peoples people of color and people of religious minorities in light of feminist and critical pedagogical theory They are sensitive and responsive to the power relations operative in a setting and address the multiple and contradictory subjectivities of teachers and learners on the basis of race gender class religion ethnicity age and ability

Linguistic Minorities, Policies and Pluralism John Edwards,2014-05-10 Linguistic Minorities Policies and Pluralism examines the position of some linguistic minority groups including policies that affect them This book provides a useful perspective on group relations emphasizing the aims purposes and values held by the societies in which linguistic minority groups exist The structure of society and perceptions of pluralism and assimilation are also described This text demonstrates that there is not a simple opposition between pluralism and assimilation there are difficulties with educational programs intended to support minority group language and identity minority views are not themselves homogeneous and advocates of cultural pluralism often hold over simplified and unrealistic ideas This publication is a good reference for students and researchers conducting work on pluralism assimilation language maintenance shift and ethnolinguistic identity
