Logistics Matters and the U.S. Army in Occupied Germany, 1945-1949 Lee Kruger,2016-11-23 This book examines the U S Army s presence in Germany after the Nazi regime s capitulation in May 1945 This presence required the pursuit of two stated missions to secure German borders and to establish an occupation government within the assigned U S zone and sector of Berlin Both missions required logistics support a critical aspect often understated in existing scholarship The security mission covered by the combat troops declined between 1945 and 1948 but grew again with the Berlin Blockade Airlift in 1948 and then again with the Korean crisis in 1950 The logistics mission grew exponentially to support this security mission as the U S Army was the only U S Government agency possessing the ability and resources to initially support the occupation mission in Germany The build up of Little Americas during the occupation years stood forward deployed U S military forces in Europe in good stead over the ensuing decades *ESOTERIC ASTROLOGY - Vol. 11* Dr. Douglas M. Houses These interpretations are in most instances carefully parsed to show that meanings are not arbitrary but very specific and exactly corresponding to the aspect being interpreted

Gilbert Szlumper and Leo Amery of the Southern Railway John King, 2018-04-30 Very few diaries of directors and senior managers of the Big Four railways have survived to enter the public domain There are however two notable Southern Railway diarists whose records have been available in archives for some years but have been largely ignored by historians Southern Railway General Manager Gilbert Szlumper and Director Leopold Amery Their remarkable diaries are addressed in this insightful book which gives a slightly different view of the company in contrast to the almost sanitized histories by some writers The surviving diaries of Szlumper are far from complete They begin in 1936 and continue into the war years but there are several gaps Throughout Szlumper comments on individuals and developments revealing little known facts and the circumstances that meant he could never truly achieve his potential Formally retiring in 1942 he died in 1969 after which his diaries entered the public domain Leopold Amery was director of the Southern Railway from 1932 A Birmingham Member of Parliament for many years he was a statesman of some stature his high offices including Secretary of State for the Colonies in the 1920s In his autobiography Amery writes very little on the railway although he does comment on its family atmosphere His diaries which are in the

public domain in a Cambridge University archive have been published in two volumes but Amerys fascinating business activities were omitted by the publisher and like Szlumper he comments on individuals and developments The diary information of these two exceptional men has been supplemented by information from the railway state archives and other sources and many of the photographs have never been published before **Shropshire at War, 1939-45** Janet Johnstone, 2018-05-30 With the outbreak of the Second World War Shropshire authorities immediately implemented pre arranged plans to cope with the approaching conflict on the Home Front including the building of air raid shelters and pillboxes and the renovation of redundant camps and disused airfields Men not eligible for the services volunteered for the LDV later the Home Guard the AFS and the ARP Women were recruited for a variety of other posts with members of the WVS dealing with a massive influx of evacuees from Merseyside and Smethwick right from the start Shropshires factories turned to armament production coal mines increased their output and farmers cultivated more acreage an extra 47 000 acres ploughed for food production in the first year of the war PoW Camps sprang up with prisoners frequently seen being transported to work on local farms while uniformed servicemen and women from Britain the Commonwealth and America became familiar sights on the streets Using a variety of sources including newspapers and verbal testimonies the author paints a picture of the effect that six years of war had on those Salopians who when others marched away remained on the Home Front Their struggles acceptance of shortages hardships and determination not to give in are reflected throughout this book
