## **Pocket I Ching:**

**The Pocket I Ching** Thomas Cleary, 2006-09-12 The I Ching Book of Change is considered the oldest of the Chinese classics and has throughout Chinese history commanded unsurpassed prestige and popularity. Containing several layers of text and given numerous levels of interpretation the I Ching has been venerated for more than three thousand years as an oracle of fortune, a guide to success and a source of wisdom. The underlying theme of the text is change and how this fundamental force influences all aspects of life from business and politics to personal relationships. This translation of the I Ching draws on ancient Confucian commentary which emphasizes applying practical wisdom in everyday affairs. **Pocket I-Ching** Gary G. Melyan, Wen-Kuang Chu, 2012-07-03 In this easy to follow pocket edition the ancient Chinese system of predicting the future has been made simple. Opening the hidden world of the I Ching to the nonspecialist. The method of divining the 64 prophetic hexagrams and the way to interpret their meaning correctly is clearly explained and to give extra assistance each hexagram is divided into 20 different categories of concern ranging from love and marriage to your best bets in business and how to take care of your health. Thus your fortune can be infallibly revealed in a way that has been followed throughout the East for more than 2000 years. Fascinating, intriguing and entertaining this is a book you really can't afford to be without. *POCKET I CHING* Frank MacHovec, 2007-08-02 Convenient pocket edition of all 64 hexagrams of the I CHING or BOOK OF CHANGES possibly the world's oldest personal guidance manual. I Ching in Plain English George Hulskrämmer, 2012-04-01 The I Ching focuses on the belief that change is always possible; the only mistake in life is to be inflexible and not open to the opportunity of growth. It can be consulted about any situation where you desire to change an aspect of your life or your relationship with another. The I Ching seeks to make the most of any situation and to overcome the disharmony in a life. In *I Ching In Plain English* George Hulskrämmer has balanced several new translations of recently published versions of the I Ching to capture the essential spirit of this ancient classic. It opens up the meanings of the coins to a wider range of contemporary experience than is provided by Richard Wilhelm's traditionally accepted translation of 1923. The traditional Confucian version of the I Ching which dominates Richard Wilhelm's edition emphasises correct behaviour and good manners while the Taoist and Buddhist schools stress inner development, how to make changes to the relationships you have with people around you and how to manage
