Pocket Guides Still Life:

Still Life Erika Langmuir, 2001 Irving Penn is one of the twentieth century's most distinguished practitioners of the time honored genre of still life. Following the venerable tradition of Chardin and other great still life painters Penn brings his own astute and austere eye to the subject in photographs taken over the past sixty years. From his innovative and ongoing work for the editorial pages of Vogue to the harsher personal work of his later years which explores the visual intrigue of such inconsequential objects as street trash, bones and cigarette butts, he has created images that have a wit, simplicity and edginess that set his work apart. These are photographs that can shock as well as delight. *The Pocket Guide to Victorian Artists & Their Models* Russell James, 2011-06-13

The Victorian era produced many famous artists and styles. John Everett Millais and Dante Gabriel Rossetti were part of the famous pre-Raphaelite Brotherhood whose willowy models were often seen in the works of several of the artists. One of the most famous was Elizabeth Siddall, an artist in her own right who posed for Millais. Ophelia, married to Rossetti and posed for him. Holman Hunt and Walter Deverell. This fascinating book is a must for everyone interested in art and the Victorian era and in the genres, styles and relationships between art and the events of the day. There are biographies of the artists and models, glimpses of their most famous pieces, new insights into the vibrant Victorian art world, the lives and loves and the artists' dealings with their patrons. Did you know Rossetti tucked a book of his own poetry into Siddall's hair in her coffin and later arranged for her exhumation to reclaim it? After several years the coffin had preserved her ethereal red hair. **The Faber Pocket Guide to Ballet** Luke Jennings, Deborah Bull, 2014-09-04
